KEYES DEFENSE BUILT ON ABUSE, CLARK DECLARES

Prosecutor Charges Facts Ignored; Berman's Testimony Fitted in Asserted Bribery Chain

The defense of former Dist. Atty. Keyes and two others, charged with criminal conspiracy, has been built on "vituperation" as a substitute for facts, Special Prosecutor William Berman yesterday afternoon told the jury of ten women and two men hearing the case in Superior Judge Butler's court.

Clark began his address to the jury at 2 p.m. yesterday, after all the larger arguments had concluded three and one-half days' testimony in behalf of Keyes, Ben Getzoff and E. H. Keyes, one of the last speakers for the defense, had without placing a personal and personal interests were in back of the

OIL BALLOTS CORRALLED

Stewart Slated as Loser

Rockefeller Group Makes Unqualified Claim of Victory

Colonel Reviews Conflict in First Appeal to Stockholders

NEW YORK, Feb. 7. (Exclusive) The first man of any consequence since Thomas W. Lawson to defy the power of the house of Rockefeller in the past few years is the burning bitterness of disappointment.

Col. Robert W. Stewart, big, bluff, domineering, personally likeable and a law unto himself in his dealings with public or government, has been defeated by John D. Rockefeller, Jr., the silent, reserved, detached master of the gigantic Rockefeller fortune and the exponent today of high morality in big business.

In spite of most desperate efforts and of almost frantic appeals to friends and supporters, Col. Stewart could not acquire proxies for 51 per cent or more of the stock of the Standard Oil Company of Indiana, but Mr. Rockefeller could and did. This means, of course, that on March 7, when the stockholders meet, Col. Stewart will be deposed from the chairmanship of the board of directors of the company, which is representing Mr. Rockefeller and others who believe with him that Col. Stewart's conduct has made his further connection with the Standard Oil Company of Indiana impossible. The committee, Mr. Aldrich said, has now in hand proxies representing 51 per cent of the stock.

Unqualified announcement of victory was made today by Winthrop W. Aldrich of the law firm of Murray, Aldrich & Roberts, a member of the proxy committee, which is representing Mr. Rockefeller and others who believe with him that Col. Stewart's conduct has made his further connection with the Standard Oil Company of Indiana impossible. The committee, Mr. Aldrich said, has now in hand proxies representing 51 per cent of the stock.

Unqualified announcement of victory was made today by Winthrop W. Aldrich of the law firm of Murray, Aldrich & Roberts, a member of the proxy committee, which is representing Mr. Rockefeller and others who believe with him that Col. Stewart's conduct has made his further connection with the Standard Oil Company of Indiana impossible. The committee, Mr. Aldrich said, has now in hand proxies representing 51 per cent of the stock.

STOCKS ON TOBOGGAN

Values Decline \$2,000,000,000

Sweeping Exchange Reaction Follows Reserve Board Credit Warning

Ninety Leading Items Lose from Two to Seven Points a Share

NEW YORK, Feb. 7. (AP)—Two billion dollars or more in quoted values were wiped out today in a sweeping reaction on the New York Stock Exchange caused by the Federal Reserve Board's ultimatum that speculative credit must be restrained and by the increase from 4 1/2 to 5 1/2 per cent in the Bank of England's discount rate, checking the flow of gold from London to New York.

Stocks of 5000 to 20,000 shares were dumped into the market at the opening, with the result that declines in the active issues ranged from 3 1/2 to 17 1/2 a share. A recovery ensued before noon but it failed to hold and the market turned weak again in the last hour, with at least fifty issues closing at net declines of 5 1/2 to 35 a share.

TRADING START BRISK

Trading started off at a brisk pace, rates in the first two hours running above 2,500,000 shares, but it slowed down later. The day's sales were 5,211,900 shares as contrasted with the record-breaking total of nearly 7,000,000 shares on November 23, last.

Official announcement was made today that the proposed 25 per cent increase in membership, adding 275 to the present total of 1100, had been approved.

Federal Reserve brokers' loans, the mounting total of which inspired the Reserve Board's warning, announced after the close of the market, showed an increase of \$110,000,000 in the week ended Wednesday, bringing the total to another high record at \$5,669,700,000. This compares with a total of \$3,335,000,000 a year ago.

Directors of the New York Federal Reserve Bank announced no change in the 5 per cent rate.

LOSSES ENUMERATED

Retention of the 5 per cent Federal Reserve rediscount rate was regarded by bankers as a desire by Federal Reserve authorities to await the market's response to the board's warning before taking any further action to restrict credit. Some uneasiness was created, however, by the announcement that directors of the New York bank would hold a special meeting on Monday.

Measured by the Associated Press indices fifty leading industrial stocks showed a net loss today of 7 points, twenty leading railroad stocks dropped 2.8 points and twenty leading public utilities fell back 6.6 points.

The decline on the New York Stock Exchange had a repercussion in all other securities markets throughout the country. Prices on the New York Curb Market declined from 41 to nearly 519 a share although Goldman Sachs Trading Corporation common was a notable exception, rallying nearly \$5 a share to a new high of 122 1/2.

Lower prices also were the rule on the Boston, Chicago, Detroit, San Francisco and other leading exchanges. Several of the bank and insurance stocks, traded on the "over the counter market" dropped 35 to 40 a share.

BOARD REVEALS INCREASE IN LOANS

WASHINGTON, Feb. 7. (AP)—Following on the heels of its warning for restraint in Federal Reserve bank loans for speculative purposes, the Reserve Board made public today figures showing that for the week ending the 6th inst., the New York member banks had loaned to brokers a total of \$5,669,000,000, a new high record.

The week's loans showed an increase of \$110,000,000 over the preceding week and set the third consecutive record.

Will Rogers Remarks:

NEW YORK, Feb. 7. [To the Editor of The Times:]

Just been all day over at the airplane show here in New York. It's been put on by the aero branch of the American Legion and they have done a real job. It's not like an automobile show, with every car copying the other. If they get a new type cigar lighter it's the outstanding feature of a whole automobile show, but these airplane guys are all thinking for themselves. They have hundreds of different shapes, makes and models. Why I don't think the Eighteenth Amendment spurred on drinking any faster than Lindbergh's trip has aviation. The man that travels on the ground next summer he just don't deserve to get nowhere.

Yours,
WILL ROGERS.

Honduras Names American Envoy

TEGUIGALPA (Honduras) Feb. 7. (AP)—President Mejia Colindres today appointed Dr. Ernesto Argueta, former Cabinet member and also former Minister to Guatemala, as Minister to the United States.

Dr. Carlos Perdomo, a former member of Congress, was named Secretary of the Legation.

Somebody Had to Save Him From Himself!

FRIGID FINGERS GRIP STATE FANNIE AND SONG MAKER WED TODAY

Unseasonable Cold Reported from Mountains to Sea With No Relief in Sight

SAN FRANCISCO, Feb. 7. (Exclusive)—All of Northern and Central California huddled around the fireless tonight to fend off the cold which gripped the State from mountains to the sea, while the Weather Bureau announced there is no relief in sight and sent out warnings to "prepare against a severe freeze."

The cold was intensified by penetrating winds and ranged from a recorded minimum of 2 deg. below zero at Summit, where there are eighty-eight inches of snow on the ground, to 44 deg. at Point Reyes on the Coast.

In San Francisco, the minimum reading was 34.8 deg., and set a mark as the coldest February day since 1889. The coldest winter day on record here since the establishment of the Weather Bureau in 1871 was January 15, 1888, when a minimum of 29 deg. was recorded.

BERKELEY RECORD BROKEN

In Berkeley a five-year record was shattered when the mercury receded to 32 deg. at the observatory at the University of California.

Ice stood over shallow and still pools throughout the entire Bay district this morning and may be expected again tomorrow. Heavy frosts coated all of the coastal and interior valleys and will be repeated, the Weather Bureau predicted.

Citrus growers were warned to prepare for subfreezing weather. Peachholders in districts outside the cities were advised to let the water run slightly to prevent freezing and the bursting of pipes, and motorists in the colder localities were warned to drain the water from their radiators to prevent freezing.

SHIPPERS WARNED

Shippers were advised that zero weather or below will be the rule through the Sierras, Siyakis and into Nevada for at least another thirty-six hours, and to govern shipments accordingly.

A trace of rain fell at Fresno, accompanied by a reading of 32 deg., but all other points reporting were cold, clear and dry.

Other stations reporting temperatures of freezing or below are: Del Mono, Bad Bluff, Sacramento, Eureka, San Jose, Chico, Colusa, Lindsay, Merced, Modesto, Oroville, Oroville, Paso Robles, Rocklin, Santa Rosa and Stockton.

UTAH AND IDAHO ALSO IN FRIGID GRASP

SALT LAKE CITY, Feb. 7. (AP)—Temperatures that dropped as low as 2° deg. below zero at Blackfoot, Idaho, had Southern Idaho and North Utah in a frigid grasp today.

At Idaho Falls the reading was 21 deg. below. That was the lowest.

ROAD BUILT FOR JOHN D., JR.

Palestine Preparing Metaled Highway So That Rockefeller May Visit During Rainy Season

JERUSALEM (Palestine) Feb. 7. (AP)—John D. Rockefeller, Jr., who now is in Egypt, is understood to be planning to visit Palestine early next month to view the excavations now being carried on by an expedition of the University of Chicago at Megiddo, in the plain of Jezreel.

As the place is inaccessible in the rainy season the government has ordered the construction of a metalled road twelve miles long to connect the Halfa highway with the excavations in honor of the distinguished guest. Three hundred men now are working to get the road finished before Mr. Rockefeller arrives.

The little incident has recalled the famous occasion thirty years ago when a wide entrance way was broken in the wall of Jerusalem at the time former Kaiser Wilhelm visited the Holy Land.

NORTHCOTT FOUND GUILTY; MUST DIE ON GALLOWS

Verdict of First Degree Murder Returned on All Three Counts; Sentencing Monday at 2 p.m.

BY JAMES M. KENDRICK
Times Staff Representative

RIVERSIDE, Feb. 7.—Gordon Stewart Northcott must hang for the murder of three boys on his isolated Wineville chicken farm. This was the verdict of the jury in Superior Judge Freeman's court tonight after one hour and fifty minutes of deliberation. The verdict was returned at 8:25 o'clock after but two official ballots had been taken, one to decide the guilt or innocence of the 22-year-old chicken farmer and the other to determine his punishment. Two unofficial ballots, taken to ascertain the jury's mind, showed a slight disagreement which was soon erased, it was learned.

In each of the three counts accusing him of the murder of an unidentified Mexican and Louis and Nelson Winslow, the jury decreed he was guilty of murder in the first degree and made no recommendation for mercy which makes it mandatory upon the court to sentence the youth to death.

As Judge Freeman set Monday at 2 p.m. for the sentencing of Northcott, the ash-faced youth showed gum rapidly and smirked at the court.

PAPAL PACT ANNOUNCED

Text to be Given Monday

Closing of Long-Standing Breach Attributed to Strong Leadership

Pius XI May Leave Vatican First Time Under New Order on Easter

ROME, Feb. 7. (AP)—Conclusion of an agreement between the Holy See and Italy, settling the question raised by the fall of the papal states and providing in detail for the future relations between church and state, was formally announced by Cardinal Gasparri, papal secretary of state, today to the Vatican diplomatic body.

The cardinal and Premier Mussolini will sign the agreement and concordat Sunday afternoon at the Lateran Palace. Simultaneously the Pope will distribute to the cardinals the printed text of the documents. These will be published Monday in the Italian press.

Some persons believe that Pope Pius XI will leave the Vatican under the freedom of the new order for the first time at Easter. There is "question as to whether he will choose to celebrate mass at the Church of St. John in Lateran, in keeping the old papal traditions, or at the Church of St. Charles, which as a newly installed priest he said his first mass fifty years ago."

MEETING OF DICTATORS

The solution of the Roman question was rendered possible, according to both Vatican and Fascist circles, by the exceptional coincidence of the presence of strong men on the chair of St. Peter and at the helm of the Italian government. Allowing for the differences of the two epochs, Pius XI is said to resemble much his predecessor of the sixteenth century, Sixtus V, in his dictatorial system of ruling the Holy See, his indefatigable work, austerity of life and extreme independence.

Another dictator, Premier Mussolini, equally stern and inflexible in his decisions, happens to have been governing Italy since 1922, one year after Cardinal Ratti was raised to the pontificate.

Hence on the Vatican side during the negotiations there has been no foreign interference permitted, no meddling of cardinals, no intrigues of courtiers, and on the side of Italy there has been no discussion in the press, no opposition in Parliament and no pandering to public opinion.

SITUATION REVERSED

"It seems God's will," the Pope is reported to have exclaimed. "Application of canon law to the kingdom of Italy is one of the most important and sweeping measures incorporated in the concordat which accompanies the agreement for solution of the Roman question."

Acceptance of the law by Italy is in direct opposition to the principle proclaimed by the famous Italian statesman, Count Di Cavour, who summarized it in the motto, "A free church in a free state." This led to what was called here the liberal democratic policy which altogether separated religion from the state. Indeed, the state opposed religion.

PA LENGLEN QUOTED ON BETROTHAL

Father of Tennis Star Says He Expects Her Marriage After Baldwin Divorce

NICE (France) Feb. 7. (AP)—"Papa" Lenglen, father of Suzanne Lenglen, the French tennis star, is quoted in the local press as saying that his daughter's engagement to Baldwin Baldwin will be announced as soon as the American obtains a divorce now pending. Mr. Lenglen is quoted as saying:

"Mr. Baldwin already has started his divorce in America, I believe. When the decree is granted I expect his marriage to my daughter."

Mr. Lenglen, her mother and Mr. Baldwin are now en route to Nice from the United States.

PHOTO EYE BEHAVES NICELY

Electrical Marvel Performs Uncanny Stunts at American Institute Dinner

NEW YORK, Feb. 7. (AP)—Photo-electric eyes watched the guests at a scientific dinner here tonight, counted them, guarded them from a fire, and substituted almost human stunts in place of speech.

The dinner was the annual meeting of the American Institute of New York. On a platform for the "speakers," John V. Breisky of the Westinghouse Electric and Manufacturing Company placed a pall of mixed gasoline and kerosene.

Beside it he set a photo-electric eye, a vacuum tube resembling an electric light globe, so sensitive to light that it registers minute changes faster than the human eye can perceive them. Attached electrically to the photo eye was a carbon dioxide fire extinguishing apparatus, set to guard the pall of explosive liquid. Attached electrically to the photo eye was a device which when a light pall of smoke over the pall the only reminder of the thrill.

Another photo-electric eye counted the guests, catching them as they passed through a slender beam of light. Similar "eyes" sorted packages, operating an automatic device whenever a light package lacking a label passed before the "eye." It was yanked out of the moving procession. Color sorting was demonstrated, including that domestic problem that sometimes causes argument, known as matching colors.

State Denounces Attack on Berman's Story

FITTS TO BEGIN ADDRESS TODAY

Case May Not Reach Jury
Before Monday

Keyes Ends Own Plea With
Dramatic Statement

Schenck, Closing Defense,
Blames "Politics"

(Continued from First Page)

Mrs. Getzoff had attended a dinner
at the home of Louis Berman and
that Keyes had talked over the
long-distance telephone to Jacob
Berman in New York. The Ber-
mans testified that Keyes had told
Jacob that "everything would be all
right" and that Ben Getzoff had
asked for \$1000 and Jacob Berman
had told his brother to give him
\$500.

Clark waved a check for \$500
from Berman to Getzoff, written a
few days after the telephone con-
versation, before the eyes of the
jury.

"How did Berman know all these
things, if, as the defense has as-
serted, he cheated Ben Getzoff out
of \$25,000 or \$30,000, and Ben had
threatened to have Keyes get after
him?" demanded the prosecutor.

"Is there any corroboration in
the fact that Berman knew all
about the purchase of the Chev-
rolet automobile, the buying of the
chaise longue, the renting of the
room in the Haywood Hotel?"

READS TELEGRAM

The speaker then produced a
telegram bearing the date of July
18, 1928, directed to Ben Getzoff
from New York and signed "Jack."
Berman testified he sent the tele-
gram. The communication, in sub-
stance, says that the writer didn't
want "Ed" interfering in his busi-
ness and that any promises that
he made he would keep.

The telegram, Clark maintained,
proved the relation between the
conspirators and showed Berman's
negotiations with Getzoff.

In opening his argument to the
jury Clark prefaced his discussion
of testimony in the case with an an-
swer to certain charges made by
defense attorneys. Keyes sharply
disputed the testimony of a special
prosecutor in the case, referring to
Clark, and asserting that where
there were special prosecutors there
were generally special interests, and
that he (Keyes) had never hired a
special prosecutor.

Clark, in reply, asserted that some
years ago in the case of Channing
Follette that Keyes had appointed
him special prosecutor in the case
and that Paul Schenck, one of
Keyes' attorneys in the present
case, represented Follette at that
time.

NAMES CASES

Keyes had intimated to the jury
that special interests had caused the
Attorney-General to have Clark ap-
pointed a special prosecutor. Clark
told the jury that he had been ap-
pointed a special prosecutor by the
Attorney-General in a number of
cases, some of which he named.

Clark was still talking when court
adjourned and will resume his
argument today. It is expected he
will resume a large part of today's
session. He will be followed by Dis-
trict Attorney Fitts, who will close all
the arguments in the case. With only
a half-day session possible tomor-
row, it was problematical yester-
day whether the case will go to the
jury at that time or will of neces-
sity have to go over until Monday.

ATTACKS LIGHT

Keyes immediately plunged into
personalities again when he re-
sumed his arguments before the
jury at the opening of yesterday
morning's session. His words led
to more clashes with Special Pro-
secutor Clark and District Attorney Fitts.

The former District Attorney
launched an attack on the testi-
mony of Col. Harry Light, State's
witness, who testified he saw Keyes
drinking in Ben Getzoff's tailor
shop and also saw the defendant
take money from the tailor.

"Now, there is one gentleman who

has appeared in this case, whose
testimony has not been commented
on up to date," Keyes told the jury.
"I refer to Col. Light—with em-
phasis on the Colonel. Let us call
him 'court-martial Colonel!'"

Fitts and Clark jumped to their
feet protesting that there was not
a word in the evidence that Light
had ever been court-martialed.

"I can apply any epithet I want
to him, if your honor please," re-
torted Keyes.

"I want to know whether or not
this argument is based on the evi-
dence or whether it is an attempt
on the part of a man who has taken
the witness stand to convey by
insinuation under the guise of ar-
gument what could not be proven,"
demanded Clark.

SIDES WITH STATE

Keyes, addressing the court: "I
have the right to call him anything
I choose."

There was more argument along
this line that resulted in Judge
Butler instructing the jury to dis-
regard any fact stated by attorneys
not substantiated by the evidence.
Keyes continued his attack on
Col. Light, however, and wound up
with the statement that "Col. Light
is not without interest, prejudice
and bias toward me, and Mr. Fitts
knows it."

The situation grew tense. Keyes
turned to glare across the counsel
table where Fitts was sitting a few
feet from him.

"If your honor please, we pro-
test against that," spoke up the
District Attorney. "I say just as
plainly to you that I do not know
it."

"You do not know it?" Keyes
shouted the question.

Fitts: "No, and you have had
an opportunity to prove it here."

Keyes: "You do not know about
the case I refer to then?"

Fitts: "No, I do not, and you do
not, either."

Keyes: "Then, years ago I pro-
secuted Light's father for election
frauds."

Fitts: "Why didn't you prove
it?"

MUST STICK TO FACTS

Prosecutor Clark at this point ob-
jected to Keyes' remarks and the
argument became general.

Keyes then disregarded the sub-
ject of Col. Light, but again in-
jected the matter of personalities
by attacking the appointment of
special prosecutors in any case his
remarks being obviously directed to
Special Prosecutor Clark.

Keyes returned to an attack on
the testimony of Jacob Berman, at
so known as Jack Bennett, State's
witness and target for every de-
fense lawyer who has spoken.

"Ladies and gentlemen, if you
convict me, aren't you guessing me
into the penitentiary?" the speaker
asked the jury as he discussed Ber-
man's testimony.

Keyes' last statement to the
jury contained this assertion:
"Ladies and gentlemen, as I said
yesterday I am down but not out.
They have tried to take from me
my good name."

Keyes was followed by Attorney
Paul Schenck, the last lawyer to
speak for the defense. Before he
began his argument, Schenck had
been referred to by Keyes as "my
loyal friend."

The final speaker for the defense
based his argument on the con-
tention that the prosecution was
motivated by politics. He referred
to the testimony given by Ed Ro-
senberg, wherein that defendant de-
clared that he was told by Jacob
Berman that "politics" was in back
of the Keyes case and later that
Lucien Wheeler, chief investigator
for the District Attorney, told him
that "Fitts is strong politically and
is going to get convictions."

He attacked The Times by in-
nuendo, declaring in effect that this
newspaper induced Fitts and Sher-
man to that to give such evidence be-
fore the grand jury as would produce in-
dictments.

With this basis, Schenck argued
that the prosecution was inaugu-
rated by those "out to get Keyes,"
and he pleaded with the jury for
them to give adequate consideration
to this angle. Schenck concluded his
talk at noon.

PUBLISHER DIES IN MISHAP

CORNING (N. Y.) Feb. 7. (AP)—
Edwin S. Corning, Sr., publisher of
the Corning Evening Leader, was
killed today when his automobile
skidded on an icy roadway and
crashed into a tree.

PAUL SCHENCK ENDS DEFENSE ARGUMENT BY LAUDING KEYES

Defense arguments in the Keyes
bribery trial closed at noon yester-
day with a two-hour plea to the
jury by Paul Schenck in which he
devoted almost all of his attention
to the testimony of Jacob Berman
(alias Jack Bennett) the "bright
boy" of the Julian crash and a
State's witness in the case against
the former District Attorney.

Schenck argued to the jury of
ten women and two men from the
transcript of the testimony given
by Berman. He went into great de-
tail regarding the motives which
inspired Berman to go on the stand
against the men he said accepted
his bribes and laid special stress
on any possible "deal" between
Berman and Dis.-Atty. Fitts.

WHAT WAS BARGAIN?

Portions of the argument fol-
low:

And what was the bargain made
with Mr. Jack Berman to get Mr.
Keyes out of this political scrap? That
this community would let a man go
after he has robbed them of their
homes, their livelihood, their sav-
ings, their life, by falsehood, thiev-
ery, and robbing else and say that they
are doing it, as they said in volume 1, page 3, they
were dismissing him in the interest
of justice!

But you know the little room in
the Biltmore Hotel and the testi-
mony as to the political scrap to
get Keyes.

What do you want more than
that? Is there anything else that
could be said? Yes. Remember
our text. And when my friend
Belne over there made some little
reference to it being a result of po-
litical unity toward one of the
greatest men that ever graced any
office in this community, to-wit, Asa
Keyes—I say when he had the
courage to say that that was a re-
sult of a political animosity toward
Keyes, he was jumped on unmercifully.
In other words, he squawked
because he was hurt. And the truth
always hurts. And Belne said, "I
didn't mean the prosecution in this
case; I didn't mean to insinuate it
was Fitts or Clark or the prosecu-
tion." But I answer from that great
book the only thing we have to
rest this life upon and the only
thing upon which to base a hope
for the future—I say upon that book
I answer and say, "it says,"

"The guilty flee where no
man pursueth, but the righteous
shall be as bold as lions."

COMPARES SITUATION

All the more reasons why they
dodge and they duck! They were
out to get Asa Keyes. And so they
were out to get Jacob Bennett. And
they were out to get me. And when
they did, it was equivalent to say-
ing to this honorable court and to
you: "Your Honor, ladies and
gentlemen, it is the State of Cal-
ifornia speaking. And I say to you
in the name of the State of Cal-
ifornia that I, as your District At-
torney, have come to the conclusion
from a consideration of all the evi-
dence that I cannot put these de-
fendants in the penitentiary or con-
vict them unless I have the testi-
mony of Jack Berman, because
without him I have no case." That
is what he in effect says when he
says that in the interest of justice
he wants to use him as a witness.

Now, they condemn Keyes be-
cause he took the same position with
reference to Rosenberg. The re-
sults of that trial show the absolute
unerring judgment of Keyes, gained
by twenty-five or thirty years of ex-
perience. We are not condemning
Fitts for using his judgment, but I
say he says to you in effect, "I have
got no case without Berman." And
then he produces Berman here be-
fore you, and if counsel who have
produced him don't totally an-
nihilate him, absolutely and forever
annihilated Mr. Berman, Mr. Pike, Mr. Sherman and
Mr. Rettinger, then I don't know
how anyone could be annihilated
but Fitts is right, then your
whole verdict must be predicated
upon the testimony of Jacob Ber-
man, and I say to you that it is
my opinion that you would not
know I would not shoot a rat on
such testimony as fell from such
lips, even if I thought the rat would
survive. I would have a doubt
about it. I would have grave doubt
if my only testimony was based on
witnesses of that kind.

SATISFY CONSCIENCE

Mr. Davis stated, Mr. Keyes stat-
ed, and I state now to you that if
you can satisfy your conscience, and
if you feel that you could go before
your God and justify yourselves for
convicting Mr. Keyes or anybody
else upon the testimony of Berman,
Sherman, Pike and Rettinger—
if you can do that, if you can be-
lieve it, you ought to convict them,
every one of them. If you can be-
lieve these men who have been an-
nihilated beyond recognition—
shown to be sellers of the testimony,
sellers of perjury that no one would
believe—and after that Berman's
testimony, who is selling it for his
liberty—if you believe that your
mind are beyond comprehension.

And someone has said here that
he would go back to New York and
he would boast of how he had
cleansed this community of \$35-
000,000. The record shows here that
the \$35,000,000 was only a matter
of spurious stock. The record shows
that the Julian collapse inflicted
losses upon your fellow-citizens of
over hundred millions. He could
say, "I got away with the jack,"
which is the language of the under-
world for money. "I not only got
away with the jack, but I put the
State of California to the test, I pro-
secuted me in the penitentiary, and I
made the biggest suckers but of the
jury you ever saw, because I talked
beautifully to them."

PAINT THE LILY

Now as I say, I try to paint the
lily when I talk to you after these
wonderful men that preceded me.
I only want to say one thing: I am
to be followed I understand by Mr.
Clark. Mr. Clark is a great law-
yer. I have had many battles
with him. I know what he is likely
to do, but had I had no previous
contact with him, he disclosed it
yesterday. The episode has been
stricken from the record. You can-
not strike everything from your
mind. He is here as a special pro-
secutor, the first special prosecutor I
ever heard of in these courts for
over twenty years. They were abol-
ished in this county long, long ago,
but he is here and I want you to
ask yourself this question: Didn't
Mr. Clark's attitude and his lan-
guage and his conduct indicate to
you yesterday that he loves Asa
Keyes? You can expect him to

come before you and give you some
more examples of his great love for
Mr. Keyes, provoked by so little a
thing, so trivial a thing as hap-
pened yesterday.

He showed his heart in reference
to Keyes and you can figure from
that episode alone if there is no
more what his heart is against
Keyes, and maybe you can figure
why he is special prosecutor. I will
leave it to you as to why but I do
not think you are going to have to
rest on that alone because, know-
ing him as I do, I expect you will
be regaled by one of the most vig-
orous denunciations of a man that
it is possible for a master of invective
to picture, but that is not ar-
gument.

PAYS TRIBUTE

Now in three minutes Your Honor
I will close. I am finished; I am
finished. After almost more than a
quarter, almost a third of a century
that my life has been spent ad-
dressing juries and criminal cases,
I still say to you that after all these
years I have a supreme, abiding
confidence in the integrity of our
jury system. I have never hesitated
once in that matter nor have I ever
lost confidence in the integrity of
American manhood and woman-
hood, and I say to you that I am
willing to leave this case of one of
the dearest friends I have, to-wit
Asa Keyes, a man whom to me is as
close as any brother I have ever
had in my life. I leave his case
with you and I say to him that he
may hear it that when this jury
here has reached the question of
his guilt or innocence, I have no
fear of the consequences if they will
use their judgment and their reason,
and if this jury does as I believe
they will, and acquit that man who
has given his life for twenty-
five, twenty-eight years to this com-
munity, I will have the only re-
ward I seek and the only reward I
get in this case to-wit, I shall ask
him to honor me by allowing me to
put his name above mine on my
office door, and if this jury does
not look upon this case as I do, I
shall still believe an innocent man
has gone to the penitentiary.

And when he comes out I will
feel honored if he will let me
put his name on my office door, and
I say I will be greatly honored
thereby, and if it is in your wisdom
and in your judgment that he
should now go free, I say to him
that behind that door that there is
nothing that I won't give him, not
a thing in this world will I keep
from him to help him to rehabili-
tate himself, not from wrongdoing,
not from the most un-just, unwarranted
and unfounded criminal charge that I have
ever come in contact with in my life,
and it hit the best friend I have
got.

I will leave my case with you in
confidence. Thank you.

Cuba is making progress in its
national movement for home pro-
duction of food.

DEATH PENALTY FOR NORTHCOTT
Jurors Cast Two Official Ballots on Case
Collins Murder Charge May be Dismissed
Rancher Pales at Verdict and Smile Weakens

Youth Convicted as Boy-Butcher

Gordon Stewart Northcott.

(Continued from First Page)
argument during which he feebly attempted to tear down the net of evidence built about him.
Northcott played his principal card against Sanford Clark, his 15-year-old nephew, State's star witness and who confessed that he aided in one of the murders at the ranch, and was an eyewitness to two others.
DEATH DEMANDED
Dep. Dist. Atty. Redwine had demanded that the extreme penalty be dealt the Wineville chicken farmer.
"Gentlemen, the State does not ask you, the State demands that this lowest of all humans, this diabolical wretch who is the worst fiend that this county ever had the misfortune to harbor, be put off this world."
"Gordon Stewart Northcott has forfeited all right to live and the State demands that forfeiture be paid."
"I think you should take but two ballots. One upon the defendant's guilt or innocence and the other upon the degree of punishment. If I thought that life imprisonment meant life imprisonment, I might consider such a verdict. But with the possibility of some future board of parole allowing this wretch to again ravage a community, the State of California never will be satisfied with anything less than death for this scoundrel." the dynamic Prosecutor shouted as he waved a finger at Northcott.
FOUR-HOUR SPEECH
Northcott closed his argument at 3:45 p.m., after a halting, but plaintive plea during which he said it was immaterial to him which way the verdict went.
Near the close of his four-hour address, the accused boy-butcher's voice for the first time took on a plaintive note and he attempted to intimate that he will be a martyr to police "third-degree methods," if convicted.
"Just the same, gentlemen, if you find me guilty of these terrible crimes, very well. If you don't, that is very well, too."
"I am fighting for my life, even with the Collins boy's mother testifying on the stand that she doesn't believe I killed her boy, and that he is still alive."
A few minutes after the youth had returned to the counsel table he was again laughing as Redwine scathingly denounced him as the most constitutional and pathological liar "the world ever has known."

Rich Angeleno and ex-Mate Wed in Nevada

SENO (Nev.) Feb. 7. (AP)—Deciding that their first love was the true love, H. C. Schultz, Los Angeles millionaire, and his former wife were remarried in Carson City yesterday.
They had gone their separate ways for six years and finally concluded that their divorce was a mistake, friends of the couple say.
In the meantime neither had remarried and chanced to meet several months ago at the national speed boat races at Lake Elsinore, Cal. Both had entries in the race, Schultz's boat winning.
It was when the trophies were presented that the surprise meeting took place.

GASPARRI GIVES REPORT ON PACT
Mussolini and Pope Will Sign Treaty Sunday

Church Marriages Now to be Recognized
Clergy to Pledge Allegiance to Italian Ruler

(Continued from First Page)
which in Italy means the Catholic religion.
Mussolini from the very beginning of his power reversed this state of things by adopting the diametrically opposite pro-religious policy which now receives most solemn sanction in the concordat. By this agreement civil laws will be modified to conform with canon law. Aside from purely religious matters, the new law of the state will be applicable to all citizens, irrespective of religion.

CHURCH MARRIAGE LEGAL

Only civil marriages were legal under Italian law but now a religious marriage is also legal. Parish priests will communicate every marriage performed to the civil authorities for incorporation into the registers. Non-Catholics, naturally, still can have a civil marriage.
Bishops appointed by the Holy See have needed heretofore an ex-secutor from the Italian government before they were allowed to exercise their ministry. Now the Holy See simply will ascertain that the Italian government has no political objection against the candidates whom it wishes to appoint. In exchange, the newly appointed bishops will take an oath of allegiance to the holy gospels to the Italian ruler, government and laws, pledging themselves and their clergy not to

RADIO AND PLANE AID KITTENS
Ship Mascot, Separated from Five New Babies, Taken to Them Via Air After Wireless Carries Word of Their Plight

NEW ORLEANS, Feb. 7. (Exclusive)—Queenie, black and white mascot cat of the United Fruit Company's steamer Cartago, is happy again. And she has two modern inventions to thank—the airplane and the radio.
Recently when the Cartago put into the Julia-street wharf its sister ship the Turrialba already was berthed there. Queenie went visiting the Turrialba, was fed, took a nap—and then a domestic event of great importance occurred.
Later Queenie went back to her ship, possibly to break the news. Just then the Cartago sailed and the officers could not understand

participate in any attempt against the safety or prosperity of the State. The new Italy had suppressed completely all religious teaching in the schools. Hereafter such teaching will be compulsory and the appointment of teachers of religion will be approved by the bishops as well as by professors of Catholic theology.
After 1870 several religious congregations were suppressed and were forbidden to own property. Now all religious orders can establish themselves and, together with diocesan chapters, congregations, seminaries and parishes, will be allowed to possess, own, inherit and administer their own properties with the same privileges as incorporated companies.
In the past ecclesiastics were treated like laymen when accused of any crime. Now the civil authorities must report any misdemeanors committed by an ecclesiastic and submit the charges to his bishop. In case of arrest, an ecclesiastic would be detained in a separate jail from that used by other criminals. If convicted, the eccle-

New Treasurer Named in Ohio

COLUMBUS (O.) Feb. 7. (AP)—H. Ross Ake of Canton was appointed State Treasurer today by Gov. Cooper to succeed Bert E. Buckley, who resigned Tuesday following his conviction in Federal court on charges of conspiracy to violate the prohibition laws and attempted bribery.

DRY FUND UNITY QUEST RENEWED
Deadlock Continues on Deficiency Bill

Agreement in Tax Refund Issue Indicated

Mellon Gives Views Against Public Hearings

WASHINGTON, Feb. 7. (AP)—Still hoping to save the deficiency appropriation bill Congressional leaders are seeking to bring about a renewal of conference between the Senate and House on the \$24,000,000 prohibition increase which has balked solution so far.
After Chairman Warren of the Senate Appropriations Committee informed the Senate today of the deadlock over the increase in dry funds voted by the Senate, Senator Harris, Democrat, of Georgia, sponsor of the proposal, gave notice he will add the prohibition item to the next deficiency bill to come along if this measure fails. Hopes for compromise are held out tonight in some quarters.
An apparent agreement was in sight on the proposal of Senator McKellar, Democrat, Tennessee, for open hearings on negotiations for all refunds of more than \$10,000. This amendment was added to the bill, but Secretary Mellon, as in the case of the dry fund, wrote a letter of protest. The bill provides \$75,000,000 for tax refunds. The tax letter was read today to the Senate and later McKellar said he will consent to amendment to his proposition to allow for one public hearing on refund.

POLISH DIET RATIFIES KELLOGG PEACE PACT

FIFTY YEARS

NORTHCOTT STORY AMAZING

Almost Unbelievable Crimes Woven Into History of State's Most Erratic Criminal

The amazing history of the case of Gordon Stewart Northcott, convicted last night at Riverside for the murder of two small boys and a Mexican, is interwoven with an international manhunt, weird night searches on desert wastes for the bodies of victims; brazen confessions, repudiated almost upon their utterance, and the final appearance in court of one of the most erratic criminals in California history.

Last September, Sanford Clark, Los Angeles and Riverside counties young nephew of the 22-year-old Canadian, while held for immigration authorities for return to Canada, told an almost incredible story of child butchery, dismemberment, and grave-digging on his uncle's isolated Wineville chicken farm.

NORTHCOTT'S FLEE
Briefly, young Clark charged his uncle with killing Louis Winslow, 12 years of age, and his brother, Nelson Winslow, 10, and Walter Collins, 10, who was believed kidnapped last March, after inflicting physical mistreatment on them. The youth also said Northcott shot an unidentified Mexican, decapitated the body and cast it in the roadside near Puente, taking the head to the chicken ranch, where it was burned.
Before young Clark began making his revelations, however, Northcott and his mother, Mrs. Louise Northcott, on August 21, sold the furnishings of the ranch and fled to Canada. On September 17, last, the Clark boy repeated his statements to the Riverside county grand jury which indicted Northcott.

Science then stepped into the case. Paleontologists, pathologists and chemists declared the lime-encased bits of bone, strands of hair and shreds of flesh found on the farm to be of human origin. Cyrus Northcott, father of the accused man, was taken in custody as a material witness.
An international search for Northcott and his mother opened. They were captured—Northcott September 18, at Okanagan Landing, B. C., and his mother, September 20, at Calgary. They resisted extradition.

Meanwhile, the investigation in Los Angeles continued with the assistance of young Clark. Search of Northcott's former Los Angeles home on Britania street revealed blood-stained ax and a .22 caliber rifle. It was with a similar caliber gun that the unidentified and decapitated Mexican was shot through the head.
On the chicken ranch, the Clark lad charged, the two Winslow boys, missing from Pomona, were held captive in an outhouse, slaves to Northcott's bestial desires, until he drove an ax into their brains.
Shortly after the death of the two lads, young Clark asserted, Walter Collins came to the ranch, was imprisoned, enslaved and finally murdered and buried in the quicklime pits.

NORTHCOTT TRIAL MOST COSTLY IN RIVERSIDE COUNTY'S HISTORY

When Sanford Clark first told his weird and fantastic story of the Wineville murder farm, the 15-year-old Canadian boy brought to light what officials here declare to be one of the most revolting crime orgies in the history of the State and which has resulted in Riverside's most expensive criminal trial.
As the jury tonight decided the fate of Gordon Stewart Northcott, boy-butcher and the "scourge of Wineville," Riverside county had expended more than \$20,000 to convict the Murderer of Walter Collins, Louis and Nelson Winslow, and an unidentified Mexican boy.

The drain on the county's coffers began shortly after Northcott and his mother's arrest in Canada, the subsequent extradition fight costing more than \$600. Four county officials spent nearly two months in their efforts to return Northcott and Mrs. Sarah Louise Northcott here to stand trial.
For twenty-seven days Northcott has fought an embittered fight against the State's charge that he kidnapped small boys, abused them and then murdered them on his lonely chicken ranch. Ten scientists, four prosecution officials and seven police officers, eight of whom were from the Los Angeles Sheriff's office and police department, played major roles in the five months' effort to bring the Wineville fiend to justice.

Tonight court attaches revealed that 2983 pages of transcript containing more than 750,000 words have been taken during the trial. Northcott paraded fifty-five witnesses, most of whom presented evidence the court held immaterial, on and off the witness stand while the State sent him to within the shadow of the gallows with forty-three witnesses, besides young Clark's story.

ANSWERS HUNDREDS OF QUESTIONS DAILY—How would you like to have a job like this... answering questions all day long? Picture shows Severin Zepowski, Chief Information Clerk at Grand Central Station, New York... and he's a typical Tareyton smoker all right. When our investigator asked him about cigarettes he said, "You've never had to be steady when you are working at the Information Desk. Answering questions takes a lot of energy. Watching the number of cigarettes I smoke a day would get my goat. So I smoke Tareyton—I can use two packs a day and never feel it."

English Deaths From Flu Rise
LONDON, Feb. 7. (AP)—Deaths from influenza in 107 large towns in England and Wales doubled last week over the toll of the previous week. Official statistics made public tonight listed 652 deaths as compared with 321. Since January 1 there have been 1373 deaths from the disease as compared with 603 for the same period in 1928.

Thousands say switch to Tareyton keeps nerves in fit condition

"We smoke all we want without feeling it," they report

THE VERDICT IS IN!
A nation-wide cigarette poll just completed brings to light an astonishing fact.
It explains why our national cigarette preference is changing. Shows why one brand is climbing to a pinnacle place in sales.

Here are the facts... boiled down for quick reading.
In 3 months Tareyton sales jumped 237%. "Find out why," we told investigators.
They combed the nation. Talked to thousands in crowded stores.

What kind of people? What kind of work? What big reason's behind this great swing toward Tareyton?
Back came the answers for tabulation. The adding machines told a dramatic story.

"This is the cigarette of busy, active people. Men and women whose work demands Steady Nerves always choose Tareyton."
Bankers, brokers, brakemen... all agree! Chicago, Cleveland, Cincinnati... all tell the same story.

In the hustle and bustle of present-day life... "Steady Nerves" are vital. "Steady Nerves" if you want nerve in sound condition.

That's the reason for Tareyton's quick-gaining popularity.
People find they can smoke two and three packs a day... and still keep nerves fit for exacting jobs.
Just switch to Tareyton for 3 days. Smoke as many as you want... but smoke nothing else.
And after 7 days see if you don't notice a difference in the way you feel. Steady nerves!

HERBERT TAREYTON
The twenty-five cent cigarette now... **15¢ for twenty**
1. Humidor Package. 2. Heavy Foil. 3. Quality Tobacco. 4. Sealed Perforated Top. That's why there's no dryness... no crushing. The extra heavy foil used in Tareyton's famous humidor package assures you a fresh full-flavored smoke.

Ford at Winter Home in Florida

FORD MYERS (Fla.) Feb. 7. (P)—
Henry Ford arrived here today
aboard his private car to spend a
month's vacation at his winter
home, adjoining the estate of
Thomas A. Edison on the banks of
the Caloosa Hatchee River.
Mr. Ford refused to talk with
newspaper men other than to say
he is glad to be here and that he
hopes to have a pleasant vacation.
With that he drove to his winter
estate in an automobile.

OFFICERS PICKED BY IRRIGATION DISTRICT

WILLOWS (Cal.) Feb. 7. (P)—The
election of the Glenn-Colusa Irriga-
tion District yesterday resulted in
the following being chosen: N. L.
Shearman, Maxwell, director fourth
division; L. A. Manor, Williams, di-
rector fifth district; Mrs. Lucy
Fleming, Willows, assessor-collector;
Mrs. Lucille P. Smith, Williams,
treasurer. Edward Hanson was re-
elected director of the Jacinto Irriga-
tion District.

WATER DISTRICT ELECTS

MERCED, Feb. 7. (P)—D. B. Bar-
nell and H. S. Shaffer were elected
to the directorate of the Mer-
ced Irrigation District, returns to-
day from the election of yesterday
show. Neither had opposition.

tion District.

SEGRAVE BRINGS PLANE-CAR

Britisher Literally Will Aim at Speed Record, for
Auto Has Sights to Keep it Straight on Course

NEW YORK, Feb. 7. (P)—Determined to regain for England the world
speed record for automobiles, Maj. H. O. D. Segrave has arrived in this
country with a car patterned after a racing airplane. He was the
first man ever to drive an automobile faster than 200 miles an hour, but
his record was broken last April by Ray Keech, an American, who drove
a machine at 207.55 miles an hour.

Although Maj. Segrave never
has tried out his new machine,
named the Golden Arrow, he is con-
fident he will be able to make at
least 230 miles an hour. The race
against time will take place in
March on the sand at Daytona
Beach, Fla., where the other races
were held.

BUILT LIKE PLANE

The Golden Arrow was designed
by Capt. J. S. Irving, who also de-
signed the Sunbeam, the car in
which Maj. Segrave made an offi-
cial speed of 203.79 miles an hour.
The Golden Arrow is built on the
lines of the British plane S-5, which
won for Great Britain the last
Schneider Cup races with a speed
of 286.4 miles an hour.

SIGHTS FOR DRIVER
A driving sight enables the car
to be aimed as a large gun is sight-
ed. A black line is drawn along
the hood to where the radiator cap
ordinarily would be. Here is a sight
through which Maj. Segrave will
watch a bright light at the end of
the run.
The machine is thirty-six inches
high. It has three gearshifts for-
ward with theoretical speeds of
ninety-nine, 166 and 245 miles an
hour, respectively. It will consume
seventy gallons of special fuel per
hour. The driver will be strapped in
his seat, which is inclosed with a
quarter-inch steel plate to protect
him from wind. The car is twenty-
seven and eight-tenths feet long
and five feet wide. The tires are
of cord covered only by one-six-
teenth of an inch of rubber and
cost \$15.00.

A party of fourteen accompanied
Maj. Segrave to this country. The
expense of the project, estimated
at \$100,000, was raised by a group
of British sportsmen who have re-
fused to reveal their identity.

Michigan Bill Soft Pedals on Criminal Code

LANSING (Mich.) Feb. 7. (P)—
More than 200 offenses are elimi-
nated from the list of felonies now
included in the habitual criminal
section of Michigan's criminal code
under provisions of an amendment
to the code designed to remove li-
quor offenses and others of a so-
called minor nature from the life
penalty provision.
The measure providing for the
changes, drafted by Atty.-Gen.
Brucker, was before the House Ju-
diary Committee today.
The amendment provides that to
make life imprisonment a penalty
a fourth conviction must be for a
crime demanding a maximum pen-
alty of not less than five years for
a first offense.
The bill faces the opposition of
R. M. Holsapple, superintendent of
the Michigan Anti-Saloon League.

Bargains in Gas End at Capital

SACRAMENTO, Feb. 7. (P)—Sac-
ramento's thirty-day bargain era in
gasoline, when fuel could be ob-
tained at every price between 16
and 22 cents, seemed at an end to-
day.
Following a meeting last night of
more than 100 service-station prop-
rietors, at which a "gentleman's
agreement" was reached to keep
the price at 22 cents for the pres-
ent, all remaining traces of the
late "war" were picked up by the
newly formed association, who pat-
rolled the city today to see that
all signs read 22 cents.

EDITOR GILLESPIE SUCCUMBS IN TEXAS

DALLAS (Tex.) Feb. 7. (P)—
Charles Bowen Gillespie, editor of
the Houston Chronicle, died in a
sanatorium here today. Mr. Gilles-
pie, who was 56 years of age, had
been in ill health for more than a
year.
He had been connected with the
Chronicle since its issue on
October 14, 1901. In addition to his
newspaper connections, he was vice-
president of the Sugarland Rail-
road and a director of the Gulf
Coast Lines.

HEFLIN INTRODUCES NEW FLAG MEASURE

WASHINGTON, Feb. 7. (P)—Sen-
ator Heflin, Democrat, Alabama, to-
day introduced a bill proposing that
no pennant or flag of any kind may
be flown above the American flag
on navy vessels. An amendment to
the cruiser bill offered by him for
the same purpose was defeated by
the Senate, 68 to 10, early this week,
after Senator Bruce, Democrat,
Maryland, had asserted it was in-
spired by the Ku Klux Klan.

DRUNKENNESS BILL IN WYOMING ADVANCED

CHEYENNE (Wyo.) Feb. 7. (P)—
A bill making drunkenness a misde-
meanor was approved today by the
House of the Wyoming Legislature
sitting as a committee of the whole.
The bill was introduced by Mrs.
Mabel Mathews of Crook county, the
only woman Representative in the
House.

FLOOD-CONTROL GROUP TO ELECT OFFICERS

SACRAMENTO, Feb. 7. (P)—Rep-
resentatives from the forty districts
and municipalities comprising the
Sacramento-San Joaquin Flood Con-
trol Association will assemble here
tomorrow at 1:30 p.m. Election of
a president and fifteen directors for
the coming year will be held, offi-
cially announced, and Federal and
State legislation will be discussed.

CONDEMNED WOMAN ESCAPES GUILLOTINE

PARIS, Feb. 7. (P)—Blanche Va-
bre, one of four women who have
been awaiting execution for mur-
der, has escaped the guillotine. Her
sentence has been commuted by
President Doumergue to life impris-
onment at hard labor in accord-
ance with the half-century-old tra-
dition against the execution of a
woman.

VOTES COUNTED IN OIL FIGHT

Rockefeller Group Claims 51 Per Cent

Stewart Mails Appeal to Stockholders

Norris Again Brings Case Before Senate

(Continued from First Page)

The text of the count of the stock of the Standard Oil Company, so significant for the future, follows:

"Winthrop, Aldrich & Roberts, a member of the proxy committee consisting of Mr. John D. Rockefeller, Jr., Mr. William A. Roberts and Mr. Aldrich himself, which is soliciting proxies to be voted at the annual meeting of the Standard Oil Company of Indiana against the reelection of Col. Robert W. Stewart as administrator of the company, announces that his committee now has in hand proxies representing 51 per cent of the stock of the company."

This is the first positive and unqualified claim from either camp that victory in the form of proxies for 51 per cent of the stock of the company has been attained. The belief in Wall Street and in the oil industry is nothing but a miracle can now save Col. Stewart from the humiliation of defeat and criticism from the company he has dominated so long.

SWITCHING DISCOUNTED

While it is true that persons who have given proxies may change their minds and switch their support from one side to another, it is believed that there will be little switching at this late date.

The opinion is general that the Rockefeller strength in proxies is practically insurmountable. It is taken to represent strong moral support from individuals, large firms and colleges and universities for Mr. Rockefeller's stand that no man who has taken the attitude Col. Stewart took before the United States Senate should continue in charge of the affairs of the Standard Oil Company of Indiana.

The Rockefeller strength was very rapidly assembled. While the actual 51 per cent was achieved only in the last few days and probably through the 2500 shares sent in by Dartmouth College, a very large amount of strength was acquired in the first week or two of the battle.

From the very beginning, the Rockefeller forces had been quietly confident and have predicted that there could be only one termination of the struggle. Apparently Mr. Rockefeller was in perfect ease of mind because he left for Egypt almost at the outset of the battle for proxies.

This death warrant for the Stewart domination of the Standard Oil Company of Indiana was thrown almost in Col. Stewart's face. The colonel, in a last desperate effort to save himself, was in the law office of Kellogg, Emery & Innes-Brown in lower Broadway very near to the office of Murray, Aldrich & Roberts, and to the office of the Standard Oil Company, Rockefeller's personal stronghold, at 26 Broadway, when the announcement was issued.

COLONEL'S STATEMENT

At first the colonel refused to comment. Later he gave out this statement:

"I have had a most satisfactory stay in New York. I have been attending a directors' meeting and have been very busy with matters concerning the meeting of stockholders of the Standard Oil Company of Indiana to be held on March 7. The results are most encouraging."

"This late claim of victory by my opponents gives me no concern. In the ensuing four weeks between now and the annual meeting the stockholders will more clearly understand the situation."

"Mr. Roosevelt is not a stockholder and his connection with Mr. Rockefeller is well known. His statements show a lack of information."

STEWART MAILED APPEAL TO STOCKHOLDERS

CHICAGO, Feb. 7. (Exclusive)—Col. Robert W. Stewart, chairman of the Standard Oil Company of Indiana, today made his first personal appeal to the stockholders of his company to re-elect him at the annual meeting on March 7, when the final showdown is expected.

In the ensuing four weeks between now and the annual meeting the stockholders will more clearly understand the situation.

"Mr. Roosevelt is not a stockholder and his connection with Mr. Rockefeller is well known. His statements show a lack of information."

Col. Stewart's appeal to the Indiana company's stockholders was being sent through the mails tonight. It was in the form of a statement in which the chairman took up one by one the charges and criticisms against him—the Continental Trading Company transaction, Tesoro Dome, the Senate investigation, Mr. Rockefeller's demand that he resign, the stand of his employees and associates with respect to him and his reason for fighting for re-election. All these elements in the struggle between himself and Mr. Rockefeller, Jr., Col. Stewart discussed in full.

With the statement, the stockholders received another, which purported to be from "a stockholders' protective committee"—a group of stockholders of long standing. In this letter Col. Stewart's record was recounted. Among other things pointed out was the fact that since 1918 the market value of the company has increased from \$170,000,000 to around \$900,000,000.

NORRIS DISCUSSES STEWART IN SENATE

WASHINGTON, Feb. 7. (AP)—The battle between Robert W. Stewart and John D. Rockefeller for control of the Standard Oil Company of Indiana again came before the Senate today as Senator Norris, Republican, Nebraska, called upon Stewart to explain his share of profits from the extinct Continental Trading Company.

The Nebraska lauded Mr. Rockefeller for his attempt to oust Stewart but he said that the oil magnate did not go far enough. He called upon Rockefeller "to accept the doctrine he preaches every Sunday to his Sunday-school class and discontinue these extortionate profits" of the oil companies.

Stewart, he declared, would have been "behind the bars long ago" on his indictment for perjury before a Senate committee "if he had been an ordinary working man."

Norris said: "One hundred million dollars is a lot of money, but if not im-

RADIO PROFITS VISUALIZED

Rise of Corporate Stock Attributed to Hope of Future

WASHINGTON, Feb. 7. (AP)—Manton Davis, vice-president of the Radio Corporation of America, told the Senate Interstate Commerce Committee today that in his opinion the tremendous rise in the market value of the company's common stock was due to "public imagination" as to what the future holds for radio, and not because of any fight to gain control of the corporation.

The sensational advance in the market value of Radio Corporation, he said, "was as much a surprise to those on the inside as those on the outside." The witness testified that it appeared as if the public, convinced that great things can be expected of radio, have come to the conclusion that by investing a few hundred dollars they can make millions.

possible, to convict," Stewart was acquitted of the perjury charge. Norris also asked Mr. Stewart "in his next session to the press" to explain why the extinct Continental Trading Company of Canada was organized and to comment on the language of the Supreme Court, which declared this company was "created for some illegal purpose."

DARTMOUTH COLLEGE AIDS ROCKEFELLER'S SIDE

HANOVER (N. H.) Feb. 7. (AP)—Dartmouth College today forwarded to John D. Rockefeller, Jr., proxies for 2500 shares of stock of the Standard Oil Company of Indiana to be used in his fight to oust Col. Robert W. Stewart.

CREDIT WARNING SHAKES MARKET

(Continued from First Page)

severe high mark in as many weeks.

AC' ON THREATENED

The statement of the Reserve Board cautioning against the speculative loans was announced yesterday on the close of the week for which the figures were made public this afternoon. It said that the board would take action deemed suitable to bring about the curtailing of the speculative use of Federal Reserve funds.

In the statement was included a letter sent by the board to member banks the 2nd inst., which called attention to the loans for speculation. Although this was received by the banks three days ago the loans for the week increased. The letter said that a member bank was not within its reasonable claim for rediscount facilities at its Federal Reserve bank when it borrows to make speculative loans or to maintain speculative loans.

SITUATION NOT ALARMING

Loans to brokers and dealers by the New York member banks increased \$1,334,000,000 in the last year and the statement today showed that the banks loaned only \$1,116,000,000 for their own account, \$1,931,000,000 for the account of out-of-town banks, and \$2,621,000,000 for the account of others.

It was the latter item in the brokers' loans that caused Treasury officials today to express the opinion that despite the statement of the Federal Reserve Board there was little the board could do to stop speculation.

The view also was expressed at the Treasury that there was nothing in the speculative situation to cause alarm and it was asserted in the department circles that it was believed the situation would correct itself in the course of time in an orderly manner.

FRIGID FINGERS GRIP CALIFORNIA

mark ever recorded there since the establishment of the Weather Bureau station in 1905. Unofficial readings ranged to 22 deg. below at Idaho Falls.

Weather Bureau reports showed a temperature of zero at Boise, and 2 deg. below at Pocatello with the thermometer here 9 deg. above.

OKLAHOMA SNOWSTORM ONE OF WORST IN YEARS

OKLAHOMA CITY (Okla.) Feb. 7. (AP)—Oklahoma tonight was in the grip of one of the worst snowstorms in the past four years, as many roads were blocked and desolate persons in some cities appealed to authorities for aid.

Reports from all parts of the State except the extreme southeastern corner told of from three to five inches of snow.

Through the wheat belt in Southwestern, Western Central and Northern Oklahoma, the snow was greeted as a benefit to growing grain crops, but all other State industries were hampered.

Operations in the oil fields were cut to a minimum; hundreds of miners in the coal, lead and zinc areas were idle, and building operations were at a standstill. Live stock in the range country was suffering.

Blown by a brisk north wind, the snow drifted in many parts of the State, making motor travel hazardous.

Scion of Early Patriot Passes

MEMPHIS (Tenn.) Feb. 7. (AP)—Miss Lessa R. Shelby, 82 years of age, grand-daughter of Gen. Isaac Shelby, Revolutionary soldier and first Governor of Kentucky, died here today.

A newspaper story about her illness saved her from a pauper's grave and made possible fulfillment of her dying wish to be buried on the old family plantation near Port Gibson, Miss. The story brought to light an undelivered bequest of \$300 from a distant relative.

CRUISERS BILL SENT COOLIDGE

House Accepts Amendments Made by Senate

Leaders Think President Will Sign Measure

Administration Projects Now All Passed

WASHINGTON, Feb. 7. (AP)—Without a record vote the House today accepted Senate amendments to the naval construction bill and sent the measure to the White House.

The bill proposes strengthening the nation's sea-fighting forces by fifteen cruisers and one aircraft carrier and stipulates that work must be started on all the vessels by July 1, 1931. President Coolidge had urged elimination of this requirement but Congress refused to accede to his wishes.

Mr. Coolidge has indicated his displeasure over retention of this provision but at the same time has been represented as feeling that this did not necessarily imply he will veto the legislation. A number of Senators and House members today freely predicted he will approve the measure.

CLEARER CALENDAR

The building program, submitted to Congress more than a year ago is the last of the major administration measures before Congress and the disposition of this bill is the last of the major legislative proposals with the exception of several of the annual batch of supply measures.

Final action on the naval program was taken by the House a few minutes after it convened at noon. Chairman Britten of the Naval Committee, called the measure up and asked unanimous consent for concurrence in amendments adopted by the Senate, the major revision being the Borth-Reed proposal calling for an international agreement upon the rights of neutrals at sea during war time.

Representative Huddleston, Democrat, Alabama, however, objected to Britten's request and the committee chairman then offered a motion that the House accept the Senate changes. This was done in short order after a proposal by Huddleston had been rejected.

The Alabama sought incorporation in the bill of a provision to give the President the authority to suspend any or all of the proposed construction in the event of an agreement being reached with Great Britain on the neutral-rights proposal.

PASSED LAST YEAR

A year ago the House passed the bill by a vote of 287 to 87. At that time it embodied authority for the President to stop the building in the event of agreement between the United States and Great Britain on the neutral-rights proposal.

The cruisers will be of 10,000 tons each, the largest displacement permitted under the Washington naval treaty except for aircraft carriers. Each nation was given a maximum tonnage for aircraft carriers and the navy department has indicated the carrier provided for in the bill will be of 13,000 tons displacement or less than half the size of the Lexington and Saratoga which which have a displacement of 33,000 tons each.

If President Coolidge should sign the bill tomorrow or the next day, as some House members predict, Chairman Britten plans to incorporate \$12,475,000 in the pending navy department appropriation bill to start work on five of the cruisers and the carrier. The total cost of the program has been placed at \$274,000,000.

BRITISH DELAY IN CRUISER PLANS DENIED

LONDON, Feb. 7. (AP)—W. C. Bridgeman, First Lord of the Admiralty, today spoked reports that the government is about to postpone the 1935 cruiser construction program as a disarmament gesture toward the United States.

Replying to a question in the House of Commons, he said that arrangements for ordering two cruisers laid down, one this month and the other in March, are proceeding.

Two days ago reports of the proposed postponement were published in several London newspapers. They were based on the fact that Admiral Sir Charles E. Madden, Chief of Naval Staff and First Sea Lord, had conferred at the House of Commons with Mr. Bridgeman, Prime Minister Baldwin and other Cabinet members. The Admiralty said then, however, that Admiral Madden's appearance at the Parliament building had nothing to do with cruisers.

Suspect Wanted Here Uncaught

MIAMI (Fla.) Feb. 7. (AP)—Morris Miller, wanted in Cleveland, St. Paul and Los Angeles on various charges, had not been rearrested tonight after more than a twenty-four-hour search by Dade county and Miami authorities. He was released from custody of the United States Commissioner here yesterday on bond of \$15,000, fifteen minutes before officials received a telephone request from St. Paul to hold him pending arrival of a warrant charging murder.

Miller is also wanted in Los Angeles, where extradition proceedings were inaugurated yesterday for asserted participation in a \$15,000 pay-roll robbery six years ago.

Fight Renewed in Afghanistan

MOSCOW, Feb. 7. (AP)—The Tass News Agency tonight under Kabul, Afghanistan, dated line, reported that a battle was in full progress between the troops of Habibullah Khan and the Jalalabad and Kandahar forces fighting for former King Amanullah.

A frightful cannonade was heard in the capital. The Jalalabad troops were said to be only sixteen kilometers from the suburbs of Kabul, while the Kandahar forces were forty-five kilometers in a southwest direction.

SINCLAIR DEAL CENSURE URGED

Move Follows Rejection of Montanan's Report

Oil Magnate Asks Contempt Sentence be Set Aside

WASHINGTON, Feb. 7. (AP)—Senator Walsh, Democrat, Montana, today placed before the Senate his report censuring the Interior and Justice departments for their handling of the Sinclair contract for Salt Creek royalty oils.

The Lands Committee had rejected the report and the Montanan announced he will ask the Senate tomorrow to adopt it.

Sensor Walsh took exception to the renewal of the contract by Hubert Work, former Secretary of the Interior, and to the length of time taken by William J. Donovan, assistant to the Attorney-General, in examining its validity.

POINTS OUT COST

The Department of Justice declared the renewal void last October after an inquiry extending over five months. Walsh said the renewal, allowed in January, cost the government \$300,000.

The District of Columbia Court of Appeals was asked today by counsel for Harry F. Sinclair to set aside his sentence of six months on charges of contempt of court on the ground that the jury shadowing during the oil man's conspiracy trial with Albert B. Fall fell "far short" of this offense.

Appeals also were made on behalf of H. Mason Day, who was sentenced to serve four months, and

A L FINDS JOB! HE'S WALTZER

Smiths Glee Exhibition Dance at Florida Supper Club and Win Applause

PALM BEACH (Fla.) Feb. 7. (AP)—An exhibition waltz by Mr. and Mrs. Alfred E. Smith, danced to the tune of "The Sidewalks of New York," provided a premier attraction at an exclusive supper club here where the former New York Governor and his wife were entertained by Mr. and Mrs. John J. Raskob.

When the couple took the floor the orchestra swung into the old tune and gradually the other dancers retired until the Smiths were the only couple left. As they finished the dance they were given loud and extended applause.

W. Sherman Burns, who was fined \$1000.

The government's answer, made through Neil Burkinshaw, assistant District Attorney, declared the "espionage" employed by the Burns operatives "comprised much more than shadowing."

George F. Hoover, counsel for Sinclair, said that jury surveillance did not obstruct or tend to obstruct justice and hence did not meet the Supreme Court's definition of contempt. The record shows the jurors were not molested or even approached, he added.

Daniel Wright, counsel for Day, a business associate of Sinclair, declared the latter was well within his rights in keeping the jury under observation. The Department of Justice itself has established "by common custom and usage" the legality of the surveillance of jurors.

RIOTS IN BOMBAY ADD CASUALTIES

Eighty Killed and Wounded During Fifth Day

Pathans Slay Merchants and Rob Stores

British Troops Arrive to Assist Police

BOMBAY (India) Feb. 7. (AP)—Bombay today experienced its fifth successive day of riots between Hindus and Moslem Pathans. Tonight military reinforcements had arrived and a meeting of citizens was assembled to support the authorities' efforts at restoring order.

Casualties today exceeded eighty. Most of them were Hindus, seven of whom were wounded by bullets when troops fired on a mob.

The Pathans, who are a war-like Afghan race, threw away their clubs today and used knives and daggers. One Pathan, attacked in a bazaar, killed four Hindus and wounded several others by expert use of his knife.

MERCHANTS KILLED

Late this afternoon a band of Pathans returning from the docks attacked a Hindu merchant who was seated in front of his shop. As they stabbed him to death the owner of the shop closed his shutters but the Pathans forced an entry and killed the second merchant and also the latter's son.

They looted the shops and then ran down the street spreading terror among other Hindus. A crowd of the latter joined police and soldiers in pursuit of the Pathans, but the murderers escaped.

The Bombay government this afternoon issued a communique reviewing the events of the past two days and stating that the number killed

FISHERMEN FIND ANCIENT GOLD

Old Cannon Loaded With Doubloons and Jewelry Unearthed on Beach

HAVANA, Feb. 7. (AP)—Four fishermen browsing about the beach near Batabano, Cuba, on Tuesday excavated four old cannons in the mounds of which they found ancient Spanish doubloons, pieces of gold and rare old jewelry of an estimated value of \$50,000.

One of the cannons bore the date of 1687.

Cuban law provides that a large part of such treasure when found shall be used to enrich the national coffers.

However, Castellano Mena, Representative from Batabano, who brought the story of the discovery to Havana, is endeavoring to have the fishermen rewarded with a large share of their find.

He believes it to be an old pirate cache.

In the rioting up to noon today was thirty-three with 200 injured.

TROOPS ARRIVE

Because of the situation a battalion of British troops from Poona and two companies from Decoli have reached Bombay to assist the police in maintaining order. Leaders of the Mohammedan and Hindu communities have counseled their people to resume work and to avoid violence.

The communique added that the government wishes to assure the public that ample forces are ready to deal with serious disorders and advises everyone to go about his business and avoid assembling in the streets.

TAX FINDING MADE

State Commission Supplemental to Given Return

Statement Hinting of Given Return

Declares Corporation Paying Fair Share

SAN FRANCISCO, Feb. 7. (AP)—The California State Commission today made public a report relating to the tax situation of the United States on his return from Panama.

The report, which was made public in a preliminary statement, declared that the United States on his return from Panama would not be carried on the General Glover announced late last week that the colonel will "try the same" and will make his trip to Panama at the same time the authorities disclosed the report.

The public utility would be increased if the future should show that the rates of the present are higher than those of the past.

od of taking utilities, gas and electric railroads, and telephone companies, and report in part "The increase would apply to utilities."

"Many small companies pay more than their share and would be better off with an increase in rates, which would be a general readjustment of rates much less than that now proposed," the report continues, explaining the duty of adjusting rates.

Groups as at present are the State commission, and a copy of the report by Gov. Young some time was not published at the time.

WILSON WILL MAIL BACK

Not to Carry Only Letters from Canal Zone

Large of 100,000 Pieces in Cristobal Postoffice

Will Air Visit to be Made to Colombia

WASHINGTON, Feb. 7. (AP)—A box of 100,000 pieces of mail from the United States on his return from Panama.

The report, which was made public in a preliminary statement, declared that the United States on his return from Panama would not be carried on the General Glover announced late last week that the colonel will "try the same" and will make his trip to Panama at the same time the authorities disclosed the report.

The public utility would be increased if the future should show that the rates of the present are higher than those of the past.

od of taking utilities, gas and electric railroads, and telephone companies, and report in part "The increase would apply to utilities."

"Many small companies pay more than their share and would be better off with an increase in rates, which would be a general readjustment of rates much less than that now proposed," the report continues, explaining the duty of adjusting rates.

Groups as at present are the State commission, and a copy of the report by Gov. Young some time was not published at the time.

Between now and Sunday Col. Lindergh will make another of his good-will flights to Colombia for the flight made to the United States last year by one of the Colon's officials today expressed gratification over the report for the entrance of United States mail. Heretofore that government has banned the aviation of other countries from the boundaries because the complete control of air services is held by the United States.

Lindergh will leave Cristobal tomorrow morning and will make a single flight over tropical jungles to Bogota, the Colombian capital, this night, and will return to Panama on Saturday.

HOW WILL ETHYL IMPROVE MY CAR

1. Ethyl gasoline will immediately eliminate all "carbon knocks."
2. Ethyl will give you greater power and speed.
3. Ethyl means smoother and easier driving in traffic—easier starting with instant acceleration at all speeds.
4. Ethyl reduces gear shifting to a minimum.
5. Ethyl enables you to climb hills in high you have never climbed before.
6. Ethyl means generally reduced operating costs—it eliminates destructive vibration and minimizes engine depreciation.

In the modern high compression motors—68% of all automobiles made in this country today have them—Ethyl is an absolute necessity to secure the improved performance for which they were designed.

Authorized Pacific Coast Licenses of ETHYL Brand of Anti-Knock Compound
ASSOCIATED OIL COMPANY
UNION OIL COMPANY
RICHFIELD OIL COMPANY

With fully advanced spark and properly adjusted carburetor the improvement over any other gasoline is so great as to more than justify the small premium charged—a premium which represents the actual cost of the Ethyl fluid added to the gasoline.

Ethyl brand of anti-knock compound was developed in the great laboratories of the General Motors Corporation after seven years of costly and intensive research and the testing of more than 33,000 separate formulas. It is used today by 42 of the largest oil companies throughout the entire world and is endorsed by the foremost automotive engineers in the world.

Because of the success of Ethyl gasoline, many imitations have appeared—so-called high compression gasolines totally inferior in quality and results. Ethyl is the only genuine anti-knock, high compression fuel and is sold only from pumps bearing the Ethyl trademark.

*To secure maximum results from your motor advance the spark at the distributor to a point where the "knock" is greatest with ordinary gasoline; set the carburetor to a leaner mixture, and then use Ethyl exclusively.

**Actual figures, compiled by the Dayton Power & Light Company covering a fleet of 185 motor vehicles of all types over a five year period, show a substantial reduction in cost per mile in all cars using Ethyl gasoline. Many other corporations can show a similar saving.

DONOVAN NAMED ON RIVER BOARD

Will Represent Government in Dam Negotiations

Has Headed Conference on Rio Grande Pact

Emerson Appoints Whiting for Santa Fe Meet

WASHINGTON, Feb. 7. (P)—President Coolidge today appointed William J. Donovan, assistant to the attorney-general, to represent the government on the commission which will carry out negotiations among the States of Arizona, California, Colorado, New Mexico, Nevada, Utah and Wyoming under the Boulder Canyon Dam Act.

DILLON REQUESTED NAMING OF DONOVAN

SANTA FE (N. M.) Feb. 7. (P)—Announcement that Col. Walter J. Donovan, assistant attorney-general of the United States, will represent President Coolidge in the tri-State Boulder dam conference here next week, followed requests from Gov. Dillon of New Mexico that Col. Donovan be designated to act as official observer for the Federal government.

In a telegram to the President, Gov. Dillon said that Col. Donovan, who has been presiding over the Rio Grande compact conference here, "has been of the greatest help and would be of equal value to the tri-State conference," in which Arizona, California and Nevada will participate. Gov. Dillon's wire closed with the observation that the "Boulder dam is to be constructed, 'is a joint venture of Federal and State sovereignties and that co-operation between the Federal authorities and the States affected is requisite in order that success may reward the united effort.'"

WHITING DESIGNATED TO REPRESENT WYOMING

CHEYENNE (Wyo.) Feb. 7. (P)—John C. Whiting, State engineer, today was designated by Gov. Emerson to represent Wyoming at the Colorado River conference to be held in Santa Fe, N. M., starting the 14th inst. The Santa Fe conference has been called by Gov. Dillon in an attempt to bring about an agreement between California,

EDISON TO HAVE RADIO BIRTHDAY

Nation-Wide Hook-up Will Honor Inventor, Now 84 Years of Age

FORT MYERS (Fla.) Feb. 7. (P)—A nation-wide hook-up of twenty-six stations has been arranged for broadcasting the ceremonies at the eighty-second birthday party here Monday for Thomas A. Edison, the inventor.

The hook-up includes WJZ, New York; WREN, Lawrence, Kan.; KOA, Denver; WFAA, Dallas; KPO and KGO, San Francisco; KFI, Los Angeles; KGW, Portland; KOMO, Seattle, and KHO, Spokane.

The ceremonies will start with the arrival here of President-elect Herbert Hoover from Miami, who, with the aged inventor, Henry Ford, Harvey Firestone and other notables, will head a parade.

Nevada and Arizona over distribution of the waters allocated to the lower basin States of the Colorado River under the terms of the Santa Fe compact.

Opponents of the plan to repeal Wyoming's ratification of both the six and seven-State Santa Fe Colorado River compact have won the first round of the legislative skirmish.

The Senate Committee on Public Lands and Irrigation reported unfavorably on the proposal introduced last week seeking repeal of the State's ratification of the compact.

GEN. HINES'S FATHER SUMMONED BY DEATH

SALT LAKE CITY, Feb. 7. (P)—Frank L. Hines, prominent in mining and civic activities here for half a century, and father of Brig.-Gen. Frank T. Hines, head of the United States Veterans' Bureau, died here today of heart disease.

BOOTH GRANTED HEARING DELAY

Salvation Army High Council Defers Proceedings

Next Wednesday Set as Date for Statement of Case

Action Described as Last Concession to General

LONDON, Feb. 7. (P)—The high council of the Salvation Army today made what is described as its last concession to Gen. Bramwell Booth when it agreed to delay until next Wednesday the proceedings at which it will hear the general's defense against the expected vote re-adjudging him as unfit to continue in office. The defense is to be made by William A. Jowitt, who was counsel for the general in the chancery court injunction proceedings.

"We are making our last delay in the settlement of this important matter," said a leading member of the high council to the Associated Press today. "The general has been given every opportunity to state his case in full through his counsel. But it is a fortnight since the court decided that he must be heard, and members of the council must return to their distant posts."

Commander Evangeline Booth, in a special statement to the Associated Press, said that she is distressed because, after six weeks' sojourn in England, she has not been permitted to see the general.

"I am shut out from opportunity to talk with my brother, although strangers are allowed to have long conversations with him," she said.

Word came from Sweden that all staff officers of the army there except one have signed a letter to the general protesting his resort to legal action and urging that his ill health and his age combined to unfit him for continued active leadership.

POLITICAL PRISONERS FREED BY ALEXANDER

FREDRADE (Jugo-Slavia) Feb. 7. (P)—King Alexander today signed his first amnesty decree since the establishment on the new dictatorship. By it all political prisoners who were imprisoned prior to January 6, when the dictatorship was created, are freed.

BAY CITY FACES WATER CHARGE

Cramton Says Hetch-Hetchy Grant Violated

Secretary West Asked for Report on Contract

Municipality Accused of "Bad Faith" in Deal

WASHINGTON, Feb. 7. (Exclusive)—Charging the city of San Francisco with "bad faith" and violation of agreement in connection with the Hetch-Hetchy grant affecting Yosemite National Park, Representative Cramton, Republican of Michigan, influential figure on the House Appropriations Committee, today released a letter he wrote Secretary of the Interior West, demanding report on the extent to which San Francisco at present is living up to its contract with the government.

Cramton wrote former Secretary of the Interior Work on May 23, 1928, asking that the asserted refusal of San Francisco to comply with the terms of the Hetch-Hetchy legislation be turned over to the Department of Justice for legal action, but nothing definite developed from it. He said today, however, that Secretary West assured him in reply to his letter that the matter was receiving careful attention and a thorough checking up was under way.

The Michigan Representative said he is interested as chairman of the Appropriations subcommittee, which handles Interior Department affairs and which put through Congress the Raker bill granting the Hetch-Hetchy tract to San Francisco on condition the city accept certain obligations.

The main restriction was a provision in the law forbidding sale of water or power by the city to individuals or corporations for resale, upon penalty of forfeiture of the grant. Cramton, in the letter made public today, charged that San Francisco has been violating this section since 1925, first with the excuse it had no distributing plant of its own, and more recently under the pretext it is meeting delays in establishing such a system.

That the city is not proceeding in good faith to acquire a distributing plant, he declared, is shown by the fact it is asking its tax-

Review of Day in Congress

(By the Associated Press)

The House concluded congressional action on the cruiser bill.

The Senate considered the \$447,000,000 War Department supply bill.

The House Ways and Means Committee continued its hearings on the wool tariff.

Members of the Shipping Board appeared before the Senate Committee investigating the proposed sale of its Atlantic fleet.

The House Military Affairs Committee rejected the Madden bill to lease the Muscle Shoals project to the American Cyanamid Company.

Paper Inquiry Gets Approval

WASHINGTON, Feb. 7. (P)—The Senate today approved a resolution by Senator Schall, Republican, Minnesota, calling for an investigation into the white paper situation.

Schall introduced the resolution after publication in Editor and Publisher, a newspaper trade magazine, of charges that a group of men controlling the white paper business of the world have purchased a controlling interest in a chain of American newspapers. The resolution was drawn to determine whether these men are seeking to create a monopoly in newspaper supplied to small publishers.

HOUSE ACCEPTS RIVER BILL AMENDMENTS

WASHINGTON, Feb. 7. (P)—The House today accepted amendments made by the Senate to the bill to authorize the Secretary of War to make preliminary examination of a score of rivers under the Flood Control Act of 1917. The measure now goes to the President. The rivers affected include the Kootenai River, Idaho; Mouse River, North Dakota; Misou River, near Elk Point, S. D.; Salmon River, Alaska; the Brazos and Colorado rivers in Texas and their tributaries.

LIVE-STOCK MEN SCORE BOX BILL

National Association Ends Annual Conference

Resolution Cites Menace to Cattle Industry

New Mexican Elected Chief; Denver Wins Convention

SAN FRANCISCO, Feb. 7. (Exclusive)—Inroads into the use of Mexican labor which would result from passage of the Box-Harris bill now before Congress, placing Mexicans on a quota basis with other restrictions in immigration, were given cognizance by members of the National Livestock Association here today in the form of a resolution condemning the proposed legislation. The passage of the resolution was without dissent and was one of the last acts of the closing business session of the association's thirty-second annual convention.

The cattle raisers, among them men representing thousands of acres in the Southwest, considered the restriction proposal a menace to the future well-being of their industry. With delegates from the Southwest leading the move for passage of the association's opposition to the measure, other delegates swung readily into line.

CONVENTION CLOSES

The passage of numerous other resolutions, election of officers and selection of Denver for the next annual meeting brought the convention to a close.

Victor Culbertson of Silver City, N. M., was elected president by an unanimous vote, succeeding L. C. Britte of Marfa, Tex. Henry G. Boyce, Phoenix, Ariz., was named vice-president, and F. E. Mullin of Omaha, Neb., secretary.

DISEASE BAR SOUGHT

Approval of the California Co-operative Marketing plan was voted in a resolution which stated the system stabilizes prices and market conditions. The association will seek the passage of a Federal law prohibiting the dumping in American ports of refuse from ships arriving from countries where the hog and mouth disease prevails. The disease was discovered recently on a Southern California hog ranch where the stock had been fed with garbage from a South American steamer.

The association went on record as favoring lower freight rates on live stock and other agricultural products. The Interstate Commerce Commission is now conducting an investigation into this matter.

C. A. Stewart, executive secretary of the National Livestock Producers' Association of Chicago, in an address, urged the necessity of a close study of market conditions so there will be no overproduction. He advocated educational and publicity campaigns to increase meat consumption.

Jollity Reigns at Mardi Gras

NEW ORLEANS, Feb. 7. (P)—The carnival spirit burst into the open tonight as Momus, king of mirth and laughter, led a blazing parade through the streets of the city officially inaugurating the annual festival of Mardi Gras.

Though banked lines of thousands cheering, old and young, the jolly king headed a procession of seventeen floats depicting the "sandyman stories."

Monday night the parade of Proteus will be held as a forerunner of the day of days, Tuesday, Mardi Gras day, when business ceases, the populace dons masks and takes to the streets for the merriest night of America's most noted carnival.

Young Favors State Survey

SACRAMENTO, Feb. 7. (Exclusive)—Gov. Young today announced that he had authorized the inclusion of the executive budget now pending before the Legislature of an appropriation of \$20,000 for making a State-wide geological survey.

It given legislative approval, the survey will be made by the State Mining Bureau, in co-operation with the geological experts of the University of California, Stanford University, Federal government and the mining sections of such bodies as the California Development Association.

Solinsky Given New Park Post

WASHINGTON, Feb. 7. (P)—Secretary of Interior West today appointed Elbert C. Solinsky superintendent of Crater Lake National Park. Solinsky for several years has been assistant superintendent of Yosemite National Park in California.

Filipinos Retain Pedro Guevara

MANILA, Feb. 7. (P)—The Philippine Legislature convened in special session today and re-elected Pedro Guevara as resident commissioner of the islands in the United States.

It also elected Senator Camillo Osias as resident commissioner to succeed Isaura Gabaldon, resigned.

DANISH ROYALTY IN SPAIN
BARCELONA (Spain) Feb. 7. (P)—King Christian and Queen Alexandra of Denmark arrived at Barcelona today on a visit to Spain. They were greeted by the city authorities.

GOWN SHOP—THIRD FLOOR

DO YOU REALIZE that 90% of the property in the City of Los Angeles is zoned for other uses than single family residences? And have you observed how as a result many fine residence districts are invaded one by one by stores, flats, apartment houses and other income-producing buildings?

Why are speculators and others who are not interested in the integrity of residence districts permitted to encroach on them with business structures and multiple dwellings?

There is just one reason. Too few regulations and restrictions are properly drawn to protect the home owner against these vicious present day tendencies.

Palos Verdes saw these defects and made the necessary provision so they could never prevail on these estates. It is for this reason that more than 90% of Palos Verdes property is zoned and restricted for single family residences and less than 10% for business and other income-producing buildings in such a way that restrictions cannot be changed to the detriment of the district.

In these estates you build wholly confident that the sanctity of home property will be respected. Even as an investor in unimproved property here you know that the zoning regulations and carefully drawn restrictions will protect your property in a manner that will enable it to command prices far above those in most other districts.

And these zoning regulations and restrictions are characteristic of the care and thought which has been put into Palos Verdes to make it the ideal residence place it is.

Have You Visited Palos Verdes Lately?

These estates represent one of the very finest opportunities for profitable homesite investment in the United States. They will prove assured profit-makers unless Los Angeles fails to grow, and no one believes this will be the case.

But unsold parcels are fewer and fewer each day. One look at the map will disclose how rapidly these properties are passing into private hands.

Right now a few homesites remain as low as \$3,000 and \$4,000. There are also a few homes ready for occupancy ranging from \$7,500. These are unbelievably low prices for such prime property.

Look at Palos Verdes now and talk freely with us. We are happy to answer your questions fully and without obligation. If these properties do not recommend themselves to you, our representatives will not ask you to buy.

Mail the coupon for a copy of our Digest of Palos Verdes Restrictions. This and other literature will be sent to you free.

Do You Know the Difference between Proper and Improper Zoning & Restrictions?

FORECAST MADE FOR TELEVISION

Jenkins Company President Gives Out Statement

Expects Set Production on Large Scale Shortly

Regards Time as Opportune to Exploit Device

Production of short-wave television sets on a commercial scale will be started by the Jenkins Television Company within the next sixty days at the Jersey City plant, according to a statement given out yesterday afternoon by James W. Gariside, president of the company, who is visiting in Los Angeles. Mr. Gariside, who is also president of the De Forest Radio Company, admitted that his radio and television business had been engaging his attention during his present visit, but withheld details pending expected developments.

STOCK CLOSELY HELD

He said that the capitalization of the Jenkins company consists of 1,000,000 shares of common stock of no par value. No public offering was made of the stock by the company, although a small group of shareholders recently offered 200,000 shares through a New York investment house at \$10 a share.

Silhouettes are now being broadcast by the Jenkins radio station in Washington, D. C. If provision is made by the Federal Radio Commission for long-wave or band broadcasting, the way will be cleared for showing motion picture silhouettes by television. Mr. Gariside said, adding that it was only a question of time until talking television pictures are a reality.

INTEREST SHOWN

Motion picture corporations are taking a serious interest in television, Mr. Gariside said, explaining that principal stockholders in one of the major production companies have acquired a substantial interest in the Jenkins Television Corporation. Preliminary negotiations are pending, he admitted, with several production companies looking towards an amalgamation.

Mr. Gariside said he could not comment on a report that application would be made to list the Jenkins and DeForest stocks on the Los Angeles Stock Exchange. The DeForest stock is now listed on the

New Issues Offered on Mart Today

New financing offered today for local distribution includes an issue of \$25,000,000 gold debentures of the Central Public Service Corporation and a block of \$6,500,000 debentures of the Winchester Repeating Arms Company.

The Central Public Service Corporation's debentures, which are tendered by the Harris Trust and Savings Bank of Chicago; Federal Securities Corporation, H. M. Byles & Co. and West & Co., bear 5 1/2 per cent interest and are due in 1949. They are convertible at the holder's option into preferred stock and are priced at 96 1/2 and interest, yielding about 5.80 per cent. They carry stock purchase warrants.

Savings-Loan Adding Branch

Pacific States Savings and Loan Association will open Saturday an additional branch office in Los Angeles on Broadway near Eighth, the offices formerly occupied by the Bank of America of California, C. O. Sensibaugh, who will be vice-president in charge, announced yesterday.

The Pacific States Company was established in 1880 and has resources in excess of \$23,000,000, and serves more than 44,000 savers in all parts of the State. It has offices in Glendale, Ontario, Long Beach, San Diego, San Francisco, Monterey and Stockton.

Fitkin Utility Melon Favored

Directors of Pacific Public Service Company have recommended placing the Class A common stock of the company on an optional 10 per cent stock dividend basis, it was announced yesterday. Present cash dividends are at the rate of \$1.30 a share.

Autolite Adds Battery Plant

LONDON LIFTS MONEY RATE

LONDON, Feb. 7. (P)—The directors of the Bank of England today raised the bank rate 1 per cent, lifting it to 5 1/2 per cent from the 4 1/2 per cent level at which it had rested since April 21, 1927.

Bank of England Raises Rediscount Charge to 5 1-2 Per Cent to Check Outflow of Gold

LONDON, Feb. 7. (P)—The directors of the Bank of England today raised the bank rate 1 per cent, lifting it to 5 1/2 per cent from the 4 1/2 per cent level at which it had rested since April 21, 1927. The necessity for some measure to protect the bank's gold reserve from inroads through shipments to the United States, had long been recognized in the money market, but it had been hoped that a working agreement between the central institution here and that in the United States would have devised some measure of assistance before this.

ORDERLY GAIT DESIRABLE

Most Professionals Agree With Federal Warning; Severe Punishment May Follow

BY EARLE E. CROWE

Yesterday's ultimatum from the Federal Reserve Board was not a surprise to the influential professional speculators. It is understood that these operators have been expecting the board to issue a warning directly to the public, and have expressed themselves, in several instances, as in accord with the board's point of view. The same speculators, veterans of more than one cycle in stock-market history, are not eager by any means for a runaway market and its consequences.

Nearly everybody familiar with the workings of the market would prefer to have trading settle down to an orderly basis, and brokers' loans show a substantial decrease. It has been clear for some time that the mania for speculation has gone too far, and unless it is checked the untutored participants would inevitably pay a severe toll for greediness.

Byron Jackson Company Votes Stock Dividend

SAN FRANCISCO, Feb. 7. (Exclusive)—Directors of the Byron Jackson Pump Company today raised the annual dividend rate 40 cents a share, and declared a 100 per cent stock dividend subject to approval of the Corporation Commission.

A quarterly dividend of 60 cents a share was declared payable March 1 to stockholders of record the 15th inst., placing the stock on an annual \$2 dividend basis compared with \$1.80 previously. The stock dividend is payable the same date to stockholders of record the 15th inst.

BOARD PUZZLED

For the Federal Reserve Board the problem of discouraging speculation is the most difficult ever presented in banking in this country. Actually there is nothing the board can do to call a halt, except raise the rediscount rate. But the market, the resultant high level of interest rates would unquestionably attract more funds to the call money market from corporations and from foreign lenders.

Until this bull market broke the board, the Federal Reserve Board and the Bank of England unofficially co-operated. It has been generally understood, in order to maintain an equitable distribution of gold so far as possible. High money rates in New York have attracted British gold, however, and the flow has reached such serious proportions that the Bank of England yesterday raised its rediscount rate to 5 1/2 per cent. This step was taken to protect British gold reserves, even though a higher rediscount rate is a penalty on struggling British industry.

Lowering of the American rate would probably discourage the lending in New York by foreigners, and by American corporations to some extent; but such an announcement would likely act as a stimulant to renewed orgy by speculative public already demented.

DRASTIC STEP POSSIBLE

Until the supply of credit in this country is actually exhausted, the Federal Reserve is powerless to exert any permanent influence on speculation. British stockholders, even the board can attain its end by taking one drastic and pitiless step. It can double or triple the rediscount rate overnight, compelling wholesale liquidation of margin accounts, extensive corrections in prices, a desirable reduction in brokers' loans and sweeping losses to the public.

This is the action the board may take if its warning is ignored. And it is likely, if the past is any criterion, that the warning will soon be forgotten.

There is a shakout now or later, influences are at work that lead to a general conclusion that the good stocks will sell higher before the year is over. Most of the students of the market seem to agree on this prophecy, and are able to point to a formidable list of reasons to justify themselves.

Net Earnings of Exeter Oil in Sharp Gain

Net earnings available for dividends of Exeter Oil Company for the calendar year closed December 31, last, more than doubled profits for 1927 and reached a total of \$47,511.02 after all charges, including taxes, as compared with approximately \$20,000 of the preceding year, W. R. Cowan, vice-president, announced yesterday.

Dividends paid during the year amounted to \$33,016.16, representing 12 per cent of the total stock of \$275,000 of \$1 par value a share. Throughout the year treasury stock was issued, boosting the outstanding issue from 197,768 shares at the close of 1927 to 489,150 shares at the end of 1928. Dividends of 1 per cent have been paid monthly, since the company began operations in August, 1926.

Earnings of the company are partly derived from other oil activities besides the sale of oil from its wells. The present rate of production is about 600 barrels daily from twenty wells. Prospects for 1929 are very bright in the opinion of officials and hinge upon opening activities being conducted by other companies near properties owned by Exeter.

RADIO KEITH STOCK RIGHTS OFFERED

NEW YORK, Feb. 7. (Exclusive)—Radio-Keith-Orpheum Corporation is offering holders of Class A and B common stock, the right to subscribe at \$30 a share to 200,000 Class A shares in the ratio of 1 1/2 shares of new stock for each ten shares held. Rights will expire March 7.

DODGE SHIPMENTS GAIN

DETROIT, Feb. 7. (Exclusive)—Shipments of Dodge Brothers cars and trucks for January exceeded the total reported in December 1928, by 66 per cent, C. W. Matheson, vice-president, announced today. Orders on hand indicate February will also establish a record, while general conditions point to a record-breaking spring season in the automobile industry, according to Mr. Matheson.

STOCK MARKETS TO TAKE RECESS

Principal security markets throughout the United States will close on Saturday to permit members to catch up with the mass of accounting work accumulated in recent active sessions. The New York Stock and Curb exchanges led in this action, which was quickly followed by the Chicago Stock Exchange and San Francisco Stock and Curb exchanges.

Los Angeles Stock Exchange Expected to Take Similar Action When the Evening Body Meets Today

The Los Angeles Stock Exchange is expected to take similar action when the governing body meets today.

MOTORS FIXES RATE ON STOCK

New \$10 Par Common Placed on \$3 Annual Basis

DuPont Resignation as Head of Board Accepted

Earnings Records of Former Years Again Fall

NEW YORK, Feb. 7. (P)—New \$10 par common stock of the General Motors Corporation, issued after the 2 1/2-for-1 stock split-up last December today was placed on an annual dividend basis of \$3 through the declaration of an initial quarterly dividend of 75 cents. The old stock paid \$5 annually, with occasional extras.

Pierre S. DuPont's resignation as chairman of the board of directors was accepted, but he will continue as a member of the board and of the finance committee. La Motte DuPont, president of the E. I. du Pont de Nemours Company, which has a large stock interest in General Motors, was elected chairman of the board.

RASKOB UNMENTIONED

No announcement was made as to whether John D. Raskob, who resigned as chairman of the finance committee to accept the chairmanship of the Democratic National Committee last summer, would return to an active post in the corporation's affairs.

The board adopted a resolution expressing regret at Pierre DuPont's retirement from the chairmanship and appreciation of his services.

President Alfred P. Sloan, Jr., announced that General Motors Corporation sales and earnings for 1928 established new records for the fourth consecutive year. The corporation's sales, excluding all inter-company items, totaled \$1,430,762, an increase of 15 per cent over the previous year. Preliminary figures indicate that net earnings, including equities in the undivided profits of subsidiary corporations, totaled \$276,468,108, which compares with \$235,104,828 in the preceding year, a gain of 17.6 per cent.

HIGHER THAN 1927

This is equivalent, after the payment of dividends on preferred and stock of \$125,000,000, to a 15 per cent increase on the common stock outstanding on December 31, 1928, immediately prior to the exchange of old \$15 par stock for the new \$10 par, and compares with \$129 per share on the common stock in 1927 calculated on a comparable basis. The amount earned on the common stock in 1928 is equivalent to \$61.4 per share on the new common stock of \$10 par value, of which there are now 43,000,000 shares outstanding.

Mr. Sloan stated that the corporation's earnings for the first nine months of 1929 did not fully reflect the demand for the corporation's products because shipments of the new Chevrolet, Pontiac and Oldsmobile models were limited by production.

The corporation's cash position continues strong, current cash and marketable securities aggregating approximately \$170,000,000 on this date last year.

Exchange Votes for Addition of Trading Seats

NEW YORK, Feb. 7. (Exclusive)—The resolution to increase the membership of the New York Stock Exchange by 275 seats has been approved by the members, the exchange announced here today.

A circular describing the regulations for the transfer of rights in new memberships and containing forms for transfer, is being mailed to all members.

All transfer of rights to additional memberships must be made through the secretary's office on forms provided by it and bids or offers to purchase or sell the rights to existing members will be received by the secretary up to noon on the 18th inst.

Day's Dividend List Reported

NEW YORK, Feb. 7. (Exclusive)—Dividend declarations reported today were as follows:

Casins Company of America, regular quarterly of 1 1/2 per cent on common, payable March 1 to stock of record the 15th inst.

Empire Gas and Fuel Company, regular monthly of 60-2-3 cents on the 8 per cent preferred, and 54-6-6 cents on 6 1/2 per cent preferred, payable March 1 to stock of record the 15th inst.

May Department Stores, regular quarterly of \$1 on common, payable March 1 to stock of record the 15th inst.

Phoenix Hotel Company, regular quarterly of 1 1/2 per cent on common, payable March 1 to stock of record the 15th inst.

Phonograph Company, regular quarterly of 1 1/2 per cent on common, payable March 1 to stock of record the 15th inst.

Public Service Corporation of New Jersey, regular quarterly of 1 1/2 per cent on common, payable March 1 to stock of record the 15th inst.

Standard Oil of California, regular quarterly of 6 1/2 cents on common, payable March 1 to stock of record the 15th inst.

PUBLISHER HEADS BOND CONCERN BOARD

T. M. Storke, editor and publisher of the Santa Barbara Daily News, has been elected to the board of directors of the Municipal Bond Company. It was announced yesterday. Mr. Storke has a number of financial interests throughout Southern California.

FARM TAX MAJOR PROBLEM

Iowa Landlord, Taken as Example, Gives Up 28 Per Cent of Annual Rental Income

BY JOHN F. SINCLAIR

(Copyright, 1929, by North American Newspaper Alliance.)

NEW YORK, Feb. 7.—One of the major problems confronting the farmer is taxation. Recent figures show that in Iowa, one of the foremost agricultural States of the Union, taxes took on an average 28 per cent of the net rent before deducting the taxes of cash-rented farms for 1928 and 1927. Contrast this with the years, let us say, from 1913 to 1915, when the percentage of taxes on cash-rented farms was 14 per cent.

Specifically, on the Iowa farms used as a basis for this survey the cash rent per acre was \$9.54 in 1927, and the taxes amounted to \$1.30 an acre. Again, making the comparison for 1913 to 1915, the cash rent per acre was \$4.26, while the taxes were 61 cents.

A readjustment of tax burdens whereby a larger percentage of the taxes needed by both State and nation might be transferred to classes more able to pay than the farmers, is one way to help relieve the farm situation.

And if ability to pay is considered a fair basis of taxation, such a move would be both just and equitable.

Walter F. McDowell, Tacoma, Wash., president of the United States League of Local Building and Loan Associations, has announced that there are more than 13,000 associations in the United States with 12,000,000 members and resources of \$7,178,000,000.

The terms of the average building and loan association are so reasonable that Mr. McDowell believes any person who lives within his income and wishes to have a home has no trouble any more in getting adequate aid at a very reasonable interest rate.

The same sentiment was expressed recently by Dr. Eligio Ayala, former president of Paraguay, who seemed amazed at the eagerness and zeal with which the American family man went into debt to get a comfortable home for his family.

The installment plan of purchasing a home, Dr. Ayala said, was in line with the fundamental philosophy of the American people. By such a method the average man is able to enjoy many things his father or grandfather was not able to afford, because of the installment method of purchase had not in his father's time, been worked out.

The former President of Paraguay believes that this plan of purchasing in advance, although it may at times be abused, is a factor in making comfortable and contented lives for many thousands who otherwise would miss this comfort and content.

There are some who believe the resources of the building and loan associations will reach \$15,000,000,000 within the next ten years, these organizations thus being in a fair way to become the largest savings agency in the nation.

Savings Bank "Group of Area Plans Meeting

Bankers representing savings institutions in twelve western States will convene at San Diego April 24 and 25 for the annual western conference, according to announcements yesterday on tentative arrangements for the meeting.

Outstanding among the subjects to be discussed this year will be the competition of banking organizations arising from the operations of building-loan associations. Another subject of paramount interest to banks and already much discussed, will be the proper interest rate to pay on savings and the proper method of computing such interest.

Speakers for the conference have not yet been selected and will be announced at a later date. C. W. Wilson, vice-president of the San Diego Trust and Savings Bank, will be chairman of the conference.

CASS, HOWARD & CO.

REGULATED BY LAW

AND SURROUNDED BY MANY PROTECTIVE SAFE GUARDS

UNDER California law, insurance companies are subject to many strict regulations designed to safeguard the policy holder and the investor. These laws are framed by some of the most responsible statesmen, business men, and capitalists in California, and furnish the utmost in protection. Here are some of the regulations:

Their financial condition and affairs are subject to regular examination, the rate of premiums charged must be approved by the state insurance commissioner. Legal reserve funds must be maintained intact until maturity or cancellation of policies. An appraisal covering each parcel of land insured must be made by appraisers appointed or approved by the state insurance commissioner; and lastly, the corporation must invest its funds only in those securities recognized by law as legal investments for these companies.

All these protections and safe-guards only serve to emphasize the unusual investment value offered by the Capital Stock of Federal Land Value Insurance Company. This Company was organized on April 9, 1926 and its business has increased every month since its inception. Insurance policies now in force amount to approximately \$8,400,000; and for the past 3 months, the business has increased at the remarkable rate of about 16% per month.

Currently priced at \$30 per share, we believe this Stock presents a remarkably attractive investment to purchase and hold for years to come. This issue is already listed on the San Francisco Curb Exchange and application will be made to list it on the Los Angeles Curb Market.

A further investigation of this worthwhile investment opportunity will convince you of the attractive possibilities of the company and of the future of land value insurance. Send name and address below for full details.

LOAN TOTAL TO BROKERS SHARPLY UP

Borrowings at Reserve Bank for Week Register New High Peak

WASHINGTON, Feb. 7. (AP)—Loans to brokers and dealers held by New York Federal Reserve Bank for the week ending the 6th inst. were announced today by the Federal Reserve Board as \$5,669,000, representing an increase of \$1,110,000, as compared with the preceding week and establishing a new high record for the week ending February 6, 1929, totaled \$3,338,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

For week ending	Feb. 6, 1929	Jan. 30, 1929	Jan. 23, 1929
Total	\$5,669,000	\$4,559,000	\$4,549,000
For account of			
Brokers and dealers	\$5,669,000	\$4,559,000	\$4,549,000
Other	—	—	—

The total of brokers' loans for the week was \$1,000,000 higher than shown by the three divisions of the loans, as the record thousands, totaling that figure, are not shown in the statement.

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

Week ending	1928	1929
Feb. 6	\$4,559,000	\$5,669,000
Jan. 30	\$4,549,000	\$4,559,000
Jan. 23	\$4,549,000	\$4,549,000

Wheat Futures Shade Down on Light Trading

CHICAGO, Feb. 7. (Exclusive)—Advance in the Bank of England rediscout rate had considerable influence on the world's grain markets, as well as on stocks, and resulted in a marked contraction in outside interest.

Wheat showed a heavy decline from the start, and while rallying at one time in sympathy with corn, the close was at net losses of 1/4 to 1/2.

With March 1.25 1/2, May 1.27 1/2, and July 1.28 1/2. Corn closed at intermediate figures, with prices unchanged to 1/2 lower, May being 90 1/2 and July 1.28 1/2.

Corn closed at unchanged to 1/2 lower, with March 52 1/2 and May 53 1/2. Soybean closed at 1.10 1/2.

A good part of the trade in wheat was of a local character and the market was easily influenced. There was persistent commission-house buying at 1.27 and under for May, which checked the decline.

Liverpool was easier on the advance in money rates and closed 1/4 to 1/2 higher. The foreign demand for cash wheat at the seaboard was less aggressive, with sales of 400,000 bushels in all positions.

Winnipeg finished 1/2 lower to 1/4 higher, the latter on July. Buenos Aires lost 1/4 for the day.

The general run of news on wheat was decidedly mixed. India was reported to have made further purchases of Australian wheat, while cable news from the outlook for the new Russian spring crops, due to lack of seed, machinery and horses.

Foodstuffs in that country were reported as scarce and Australia lowered the import duty on American flour from 40 per cent to 80 cents per ton. Onahua sold 50,000 bushels had winter wheat to come here and the best bid for No. 2 hard winter at the Gulf was said to be around Chicago May price, with little business in sight.

Weather conditions over the winter wheat belt continue rather unfavorable, with low temperatures in parts of the West, and further measures were received telling of a lack of snow covering in parts of Kansas and Nebraska.

During by local bulls was largely responsible for an early rally in corn that carried May up 1/4 to 1/2 from the low to a high for 1.00. There was plenty for sale at that figure and the market eased off toward the last to around the inside figure of the day.

There were indications of a good export business having been put through and bids for grain to go to the Gulf were somewhat higher than on the previous day.

Country offerings were fair, with purchases of 75,000 bushels to come here. The spot basis showed little change. Exports from Kenya, South Africa, an important producer in that country, have been prohibited, owing to a short crop.

Buenos Aires May closed the lower and Rosario 1/2 lower.

Commission houses were fair buyers of oats, while the local element sold prices averaged lower. During by houses with seaboard connections was responsible for the upturn in rice, although there were no indications of export business at the seaboard. Duluth reported that only 400,000 bushels of the 1,900,000 bushels rice in store there was deliverable.

With packers and warehouse men fair sellers of lard, enough buying developed from foreign and domestic sources to take their offerings and hold values within a range of 7 1/2 to 8 1/2. The market closed prices unchanged to 1/4 higher for the day.

Bolles were bid up 3/16 to, with moderate offerings, and ribs were unchanged to 1/4 higher. May leading in strength.

SAN FRANCISCO

SAN FRANCISCO, Feb. 7. (AP)—Announcement of the Federal Reserve that it intends to restrain credit for speculative purposes had its effect on the San Francisco Stock Exchange yesterday. The Federal Reserve warning in reported to have been sounded following a conference with Secretary Mellon, and traders everywhere were inclined to be bearish. Brokers' loans, up \$110,000,000, continued another uneasy market factor. The week's total of \$5,600,000,000, however, was a record.

New record lows were registered against Ford Motor, which fell 1/2 point to 27 1/2. General Motors, which had been dropping to a low of 24 1/2, recovered to 25 1/2. Public Service advanced 1/2 point to 23 1/2. The market closed at 100.00, down 1/2 point from the previous day's close.

Lower levels were shown in the market for the first time in several days. The market closed at 100.00, down 1/2 point from the previous day's close.

LOS ANGELES EXCHANGE

Widespread Selling Follows Federal Board Warning as Stock Traders Become Anxious

General liquidation swept through the lists of the Los Angeles Stock Exchange yesterday as the Federal Reserve Board sounded its note of warning to the speculative public. Oil stocks bore the brunt of the attack but the ready absorption of selling orders confined all losses to less than two points excepting Rio Grande and Barnsdall, which dropped slightly further. Trading was restricted to some extent among industrial and miscellaneous issues, the few which crossed the board registering sharp reactions.

Despite the softer tone manifested in New York earlier in the day, Rio Grande, listed also on the New York market, opened fairly steady at 37. Quotations dropped off in an orderly manner throughout the entire session with the low point marked on the last sale at 35 3/4. Rio Grande, 3 1/2 to 4, Standard of California, 3 1/2 to 4, and Union Pacific, 3 1/2 to 4, were the only issues to advance on the day. The stock gained 1-8 to 25. The common, 7-8 to 61-18. Pacific Lighting slumped 3-4 to 73 3/4.

Emco Derrick featured the industrial activity and fell 1-8 points to 38 3/4. Hydraulic Brake lagged 1-4 to 52 and Illinois Pacific Glass reacted 2-1/2 points to 43 1/4. Byron Jackson dropped 1-4 to 78 and Douglas Aircraft, 1-4 to 78. Pacific National Company lost 1-4 to 37 and Pacific Finance, 2 points to 95.

STOCKS SUFFER
SHARP SETBACK

(Continued from Fourteenth Page)

copper sold as high as 18 cents a pound, directors of the Goldman Sachs Trading Corporation declared a 100 per cent stock dividend, the new stock of the General Motors was placed on a 53 annual basis and the New York Stock Exchange approved an increase of 25 per cent in the membership of the organization. The exchange will be closed on Saturday to give members an opportunity to catch up with a vast accumulation of work.

High-priced industrial specialties were the hardest hit in today's reaction. Radio Corporation common, which sold as high as 404 on Monday, broke 35 points to 354 and closed at the bottom. Johns-Manville fell 23 points to 208 and re-bounded to 211 1/2. At least fifty other issues, including American and Foreign Petroleum, Columbia Graphophone, Currier, Wright, General Electric, Kennecott, Greene Cananea, Montgomery Ward, Packard Motors, Union Carbide, Victor Talking Machine and Westinghouse Electric closed at net declines of 5 to 15 points.

United States Steel common opened with a block of 20,000, dropped to 174 3/8, and then recovered 17 1/2 points for a net loss of 6 1/4 points.

Call money advanced 1/8 per cent all day. There was no change in time money and commercial paper rates.

Foreign exchange moved with cotton closing slightly higher while wheat futures fell ground.

Foreign exchange displayed a firm undertone, with sterling cable ruling around 4.84 5/8 as against a ruling rate of 4.84 13/16 earlier in the week.

CLEARINGS, MONEY

Clearing yesterday was \$25,541,491.30, an increase of \$2,572,361.14 over clearing day last week.

Woolmen's Strike
The National Association of Wool Growers, Inc., announced today that it had decided to support the woolmen's strike. The association's action was taken in response to a request from the woolmen's union, which is fighting for a 10% increase in the price of raw wool. The association's support is significant because it represents the interests of the wool-growing industry in the United States.

Little New Legislation Proposed
Measures to be introduced, the speech indicated, include amendments to the Dominion Elections Act, the Companies Act, the Fisheries Act, and the Narcotic Drug Act. Parliament also will be asked to consider the proposed amendments to the Dominion Elections Act, which would provide for a more efficient system of electing members of the House of Commons.

THANKS EXPRESSED
The speech expressed thanks to the Dominion of King George and referred to the "unprecedented prosperity" of the Dominion. The speaker also thanked the Dominion of King George for the support it had given to the woolmen's strike.

LAUREL COSTS HIGHER
The speaker also mentioned the increase in the cost of laurel, which is used in the manufacture of wool. He said that the cost of laurel had increased by 10% in the last few months, and that this increase would result in a higher price for wool.

Woolmen's Strike
The woolmen's strike is expected to continue for some time. The woolmen are demanding a 10% increase in the price of raw wool, and the wool-growing industry is refusing to meet their demands. The strike is causing a shortage of raw wool, which is expected to result in a higher price for wool.

MARINE CORPS
LEADER HERE

Brig.-Gen. Butler Arrives
from China

Ill Health Reported to be
Reason for Trip

En Route to Capital After
Two Years in East

Brig.-Gen. Smedley D. Butler, en route to Washington after two years' service in China as head of the United States Marine Corps detachment, arrived in Los Angeles aboard the Sunset Limited yesterday.

The Marine Corps leader, who for more than thirty years has been known affectionately by his men as "Devildog" Butler, is accompanied by Mrs. Butler.

REPORTED ILL.
At marine headquarters here Gen. Butler said he is on a vacation and is traveling on no official mission.

Ill health, he is reported to have told brother officers, may extend his vacation into a long rest. It is understood he is suffering from a stomach disorder.

A refusal was made by the general of the offer for any service from local marines. He said he wants to forget his military connections while in Los Angeles.

Maj. Norman Outhbert Bates of the Los Angeles marine recruiting station, met Gen. Butler and Mrs. Butler at the train.

VIVID CAREER.
Gen. Butler has led a vivid military and civilian career. He was wounded in the Boxer rebellion in China, carries the honor of being the only man to receive the Congressional Medal of Honor twice, once for bravery in Haiti and again during the occupation of Vera Cruz, and dropped his military career for two years to head Philadelphia's police department in a stormy attempt to clean up the city.

**FIFTY ENROLLED IN
PHOTOPLAY COURSE**

Fifty students were selected to enroll in the first college course in photoplay appreciation to be introduced by an American university, which opened at the University of Southern California Wednesday. All of junior standing or higher, and carefully chosen by a committee including Dean Karl T. Waugh of the college of liberal arts, Prof. Ray MacDonald of the school of speech and Dr. Emory S. Bogardus of the department of sociology, the group has begun a scientific study of the photoplay as an art form and as a social institution.

HAWKS TO BE DISCUSSED
The February meeting of the California Audubon Society will be held next Thursday at 8 p.m. Wright M. Pierce of Claremont will speak on "Hawks and Owls: Their Beauty and Economic Value." The lecture will be illustrated with 120 colored slides.

**Eleven Booked
as Race Players**

Eleven men were arrested by Hollywood vice squad officers last night at a cigar stand at 6824 Hollywood Boulevard and booked at Hollywood station for possession of horse-racing form charts, according to police records.

Several hundred dollars in cash was taken from each of the men, Police Sergeant Rogers and Officers Hudson, Clarke and Pilkinton, reported.

LIONS TO HEAR BRYANT
Dr. H. C. Bryant will be the principal speaker at the weekly luncheon meeting of the Los Angeles Lions' Club in the Billmore today. He will talk on "The Four Horsemen." President Decker will preside, with Dale H. Parke acting as chairman.

**Photographer
Charged With
Negative Theft**

Charged with breaking into a studio to obtain several photograph negatives of screen players, Harry E. White went on trial yesterday before Judge Wood of Superior Court on a charge of burglary.

According to testimony, the negatives were in the building of E. F. Tevis, who conducts a motion-picture "fan" studio at 8624 Sunset Boulevard.

White offered the defense that he had been a business partner of Tevis and was entitled to possession of the negatives. The case is scheduled to go to the jury today.

**Frat Brothers
Fail to Square
Traffic Judge**

Fraternity brothers may be able to square the hypotenuse of a right-angled triangle, but they failed yesterday to "square" the judge in behalf of John R. Porter, football player at the University of Southern California.

Porter failed to appear in Santa Monica Traffic Court and police Judge Spencer issued a bench warrant. He sent Motorcycle Policeman Clark to hale Porter into court.

The collegian was discovered in the infirmary, suffering from injuries sustained on the gridiron last season. He told Clark that he had depended on his frat brothers to "square" him with the judge. Dr. Ellis Jones put up \$25 for the fine and \$10 penalty for nonappearance and justice was satisfied.

**Ex-Fiance Faces
Formal Charge
of Kidnaping**

The forceful courting tactics of Frank H. Brown yesterday became a matter of local concern when he was charged with kidnaping his former fiancee, Miss Leona J. Cowan, in a complaint issued by Dep. Dist. Atty. Richardson.

Miss Cowan told Richardson that she was sitting in an automobile with a friend, C. W. Skirist, on Monday, when Brown drove up, stopped, and said that he wished to talk to her for a moment.

When she approached Brown's automobile, Miss Cowan said, he seized her by the wrist, dragged her into his car and drove away, taking her to his home at 5112 Gramercy street. Late that night according to the girl, she slipped from the house while Brown was asleep.

**BRIDE ASKS
FOR ARREST
OF HUSBAND**

Complaint Charges That
He Disappeared With Her
Cash After Wedding

The story of a brief romance which ended when the groom disappeared with \$600 of funds that the bride had obtained as damages following an automobile accident, was told to Dep. Dist. Atty. Hugh Melissac yesterday by Mollie G. Schiffman, Melissac issued a complaint against Morris Fineberg, the groom, charging grand theft.

Miss Schiffman told officers that she married Fineberg on January 25, last, after a short courtship. The next day, she said, Fineberg asked if she could let him have \$600 or \$700 with which to open a store, that he wanted her to stop working and to provide for her himself.

"I let him have the money," Miss Schiffman said, "and he left saying that he was going down town to make arrangements for an office. That was the last I saw of him. I went shopping and while I was gone he returned to our apartment at 2606 Brooklyn avenue. I took his belongings, tore the face from a picture of himself left standing on the dresser and disappeared."

**CITY ATTORNEY
RAPS COULTAS**

(Continued from First Page)
charter, which requires that "each assistant must at the time of his appointment be qualified to practice in all the courts of the State and must have been so qualified for at least two years next preceding his appointment. The point at issue was whether or not Coultas, as chief deputy, is an "assistant" under the meaning of the charter.

Stephens, after taking up the status of ordinary deputies, which was not in question, ruled that: "A person appointed to either of these positions above referred to (Assistant City Prosecutor and Chief Deputy City Prosecutor) created by Code No. 7136 of the standardization ordinance, whether known as assistant or chief deputy, must have been qualified to practice in the courts of the State at least two years next preceding his appointment."

Coultas, who has been so qualified for only slightly more than a year, is disqualified for his present position by the ruling.

**COLD SNAP WILL
HANG ON AWHILE**

(Continued from First Page)
being kept open for the winter months for the first time.

One of the heaviest snows in history has fallen at Big Bear Lake, according to reports received yesterday. Various winter sports have been enjoyed at that resort over the coming week-end, according to present indications. The road by the way of Victorville to Big Bear is open and in good condition and the road by the way of City Creek from San Bernardino is inadvisable, according to latest reports.

Mr. Wilson reports a fall of snow which will draw many winter visitors to that near-by mountain retreat.

In all of the mountain resorts of Southern California, situated at an elevation of 5000 feet or more, the fall of snow was exceptionally heavy.

The hills around Redlands were covered with snow. Forest Home, Oak Glen and Bear Valley reported ideal conditions for winter sports. Bakersfield reported chills which made the San Joaquin Valley shiver when the mercury went down to 34 deg. early yesterday. Porterville and Lindsay experienced light snow flurries, with heavier falls in the foothill districts. The mountain peaks were shrouded in clouds throughout the day. There were brief showers over the valley area during the day.

From San Diego came reports that the city's reservoir system was filling as a result of some of the heaviest rains in recent years at Morena and Barrett. For the first time in years the fall at Barrett was heavier than that at Morena.

Following is the rainfall, in inches, reported from various Southern California points up to 6 p.m. yesterday:

Point	24 Hrs.	Season	Last
Los Angeles	.71	6.83	7.19
Anaheim	.65	5.95	9.42
Avalon	.66	7.45	10.61
Bakersfield	.08	3.00	4.44
Escondido	.35	10.09	11.98
Lindsay	.04	5.49	5.56
Ontario	.02	7.02	9.80
Porterville	.04	3.59	6.94
Redlands	.15	6.54	9.54
S. Antonio Canyon	.65	16.84	15.78
San Diego	.21	8.06	7.28
Upland	.20	8.06	9.80

SCHOOL GIRL
LIQUOR CASE**

Charged with giving liquor to high school girls at a North Main street skating rink, Henry Leech and Forrest Huggins yesterday were held to answer in Juvenile Court to a charge of contributing to the delinquency of minors.

The girls in the case are Dorothy Workman and Etta Mae Bruton, said to be students at the El Monte High School. Leech and Huggins were arrested on the contributing complaint following an investigation launched by school authorities of reports of students receiving liquor from men they met at the skating rink.

**Men Face Juvenile Court
Action After Pair Tell of
Drinks at Skating Rink**

Eleven men were arrested by Hollywood vice squad officers last night at a cigar stand at 6824 Hollywood Boulevard and booked at Hollywood station for possession of horse-racing form charts, according to police records.

Several hundred dollars in cash was taken from each of the men, Police Sergeant Rogers and Officers Hudson, Clarke and Pilkinton, reported.

LIONS TO HEAR BRYANT
Dr. H. C. Bryant will be the principal speaker at the weekly luncheon meeting of the Los Angeles Lions' Club in the Billmore today. He will talk on "The Four Horsemen." President Decker will preside, with Dale H. Parke acting as chairman.

**Photographer
Charged With
Negative Theft**

Charged with breaking into a studio to obtain several photograph negatives of screen players, Harry E. White went on trial yesterday before Judge Wood of Superior Court on a charge of burglary.

According to testimony, the negatives were in the building of E. F. Tevis, who conducts a motion-picture "fan" studio at 8624 Sunset Boulevard.

White offered the defense that he had been a business partner of Tevis and was entitled to possession of the negatives. The case is scheduled to go to the jury today.

**Frat Brothers
Fail to Square
Traffic Judge**

Fraternity brothers may be able to square the hypotenuse of a right-angled triangle, but they failed yesterday to "square" the judge in behalf of John R. Porter, football player at the University of Southern California.

Porter failed to appear in Santa Monica Traffic Court and police Judge Spencer issued a bench warrant. He sent Motorcycle Policeman Clark to hale Porter into court.

The collegian was discovered in the infirmary, suffering from injuries sustained on the gridiron last season. He told Clark that he had depended on his frat brothers to "square" him with the judge. Dr. Ellis Jones put up \$25 for the fine and \$10 penalty for nonappearance and justice was satisfied.

**Ex-Fiance Faces
Formal Charge
of Kidnaping**

The forceful courting tactics of Frank H. Brown yesterday became a matter of local concern when he was charged with kidnaping his former fiancee, Miss Leona J. Cowan, in a complaint issued by Dep. Dist. Atty. Richardson.

Miss Cowan told Richardson that she was sitting in an automobile with a friend, C. W. Skirist, on Monday, when Brown drove up, stopped, and said that he wished to talk to her for a moment.

When she approached Brown's automobile, Miss Cowan said, he seized her by the wrist, dragged her into his car and drove away, taking her to his home at 5112 Gramercy street. Late that night according to the girl, she slipped from the house while Brown was asleep.

**BRIDE ASKS
FOR ARREST
OF HUSBAND**

Complaint Charges That
He Disappeared With Her
Cash After Wedding

The story of a brief romance which ended when the groom disappeared with \$600 of funds that the bride had obtained as damages following an automobile accident, was told to Dep. Dist. Atty. Hugh Melissac yesterday by Mollie G. Schiffman, Melissac issued a complaint against Morris Fineberg, the groom, charging grand theft.

Miss Schiffman told officers that she married Fineberg on January 25, last, after a short courtship. The next day, she said, Fineberg asked if she could let him have \$600 or \$700 with which to open a store, that he wanted her to stop working and to provide for her himself.

"I let him have the money," Miss Schiffman said, "and he left saying that he was going down town to make arrangements for an office. That was the last I saw of him. I went shopping and while I was gone he returned to our apartment at 2606 Brooklyn avenue. I took his belongings, tore the face from a picture of himself left standing on the dresser and disappeared."

charter, which requires that "each assistant must at the time of his appointment be qualified to practice in all the courts of the State and must have been so qualified for at least two years next preceding his appointment. The point at issue was whether or not Coultas, as chief deputy, is an "assistant" under the meaning of the charter.

Stephens, after taking up the status of ordinary deputies, which was not in question, ruled that: "A person appointed to either of these positions above referred to (Assistant City Prosecutor and Chief Deputy City Prosecutor) created by Code No. 7136 of the standardization ordinance, whether known as assistant or chief deputy, must have been qualified to practice in the courts of the State at least two years next preceding his appointment."

Coultas, who has been so qualified for only slightly more than a year, is disqualified for his present position by the ruling.

**COLD SNAP WILL
HANG ON AWHILE**

(Continued from First Page)
being kept open for the winter months for the first time.

One of the heaviest snows in history has fallen at Big Bear Lake, according to reports received yesterday. Various winter sports have been enjoyed at that resort over the coming week-end, according to present indications. The road by the way of Victorville to Big Bear is open and in good condition and the road by the way of City Creek from San Bernardino is inadvisable, according to latest reports.

Mr. Wilson reports a fall of snow which will draw many winter visitors to that near-by mountain retreat.

In all of the mountain resorts of Southern California, situated at an elevation of 5000 feet or more, the fall of snow was exceptionally heavy.

The hills around Redlands were covered with snow. Forest Home, Oak Glen and Bear Valley reported ideal conditions for winter sports. Bakersfield reported chills which made the San Joaquin Valley shiver when the mercury went down to 34 deg. early yesterday. Porterville and Lindsay experienced light snow flurries, with heavier falls in the foothill districts. The mountain peaks were shrouded in clouds throughout the day. There were brief showers over the valley area during the day.

From San Diego came reports that the city's reservoir system was filling as a result of some of the heaviest rains in recent years at Morena and Barrett. For the first time in years the fall at Barrett was heavier than that at Morena.

Following is the rainfall, in inches, reported from various Southern California points up to 6 p.m. yesterday:

Point	24 Hrs.	Season	Last
Los Angeles	.71	6.83	7.19
Anaheim	.65	5.95	9.42

AUTO ROW
PIONEER'S
RITES TODAY

Justy J. De Vaux Among
First Motor-Car Dealers to
Enter Business Here

Funeral services for Justy J. De Vaux, one of the first automobile dealers of Los Angeles, who died on Wednesday night at his home, 1759 South Bronson avenue, after being stricken with paralysis about three weeks ago, will be conducted today at 2:30 p.m. from the De Vaux residence, after which the funeral party will leave for San Francisco with the remains for the interment in Cypress Lawn Cemetery.

Mr. De Vaux, who was 76 years of age, was born in Robertsville, O., and came to Los Angeles about twenty years ago. He was one of the first representatives of an eastern automobile concern to become a member of automobile row here, and until the time of his illness still was taking an active part in business.

He leaves his widow, Mrs. Margaret De Vaux, and two sons, Del De Vaux of Fresno and Norman De Vaux of Oakland, head of the Durant factory on the Pacific Coast.

OAKLAND WINS HOCKEY MATCH

Hollywood Upset by Foes in 1-0-0 Game

George Geroix Scores Only Goal of Tilt

Headley and Bond Star in Brilliant Battle

BY RALPH HUSTON

Scoring the only goal of the game with a brilliant offensive drive late in the first period, the Oakland "Shells" upset the Hollywood Millionaires, 1-0, in a California Ice Hockey League battle at the Winter Garden last night. It was eleven victories in twelve games for the fast-traveling visitors, and placed them just one and one-half games behind the league-leading Hollywood.

George Geroix tallied the lone goal after approximately eighteen minutes of play. O'Connell, Hollywood center, had been sent to the penalty box just a few seconds previous.

Headley, Carrigan and Lefty Comber swooped down on the Oakland Little George Bond, who was the big star for the visitors, took the puck and set out for the Millionaire net, which was then guarded only by Tommy Carrigan and Vada Lindsey. This pair couldn't stop Bond, and Geroix and Mickey Riley, who accompanied him in his jaunt, and Geroix took the pass, and slipped it past Carrigan.

HEADLEY HURT

The injury jinx, which has been following Hollywood all season, bobbed up again, and claimed two more victims. "Peaches" Headley took a bad spill late in the second period, and had to be carried from the ice. He returned after five minutes of play in the third period, but was apparently badly hurt. Gene Carrigan, who was called into play when injuries sent regulars to the infirmary some weeks ago, sustained a cut over his right eye in the first period, and didn't get into the third chapter at all.

Oakland showed worlds of improvement. With Bud Cook, Bond, Riley, Sandbrook and Geroix, they were continually threatening the Hollywood goal. Only the brilliant defensive work of Tommy Carrigan at the net prevented a larger score.

He stopped a seemingly impossible number of shots. Headley and Lefty Comber were the only other players who seemed to have any dash. The first line of attack which included Brandon, Smith, Ward, Lindsey and Gene Carrigan was terrific. Brandon is all crippled up anyway. Lindsey was playing his first game with Hollywood and didn't seem in any too good shape. Carrigan was hurt; Ward was far off form, and O'Connell's shots were repeatedly stopped.

Oakland, on the other hand, put up a brilliant defense against every Hollywood drive. Most of the driving was done by Headley and Comber in the first and second quarters, who left their defense positions to swoop down the ice for the only real Millionaire threats of the contest.

BOND SENSATIONAL

Bond played a sensational game. Frequently he would jump down the ice unaided, get two shots at the goal and return to his defense positions before the Hollywood attack would get under way. Phil Stevens, the other defense man and captain, directed the defense work in sensational fashion.

If the Hollywood jinx continues, it will be a season of track eligibility.

THE "WRIGHT" IDEA

Miss Kathleen Wright of Flintridge has the right idea, but whether she can carry it out when she meets Mrs. Gregg Lifur of Riviera for the annual midwinter championship at the Los Angeles Country Club this morning is another thing. The right idea, apparently, is to win more golf holes than your opponent. The championship will be played over the north course of the Beverly Hills club at 10 o'clock this morning. Here is Miss Wright about to sink a twenty-foot putt for a birdie.

JACOBS SIGNS CONTRACT

Infielder Says Injured Ankle Okeh Again and Will Start Work Monday; Sandberg Also Signs

BY BOB RAY

The signed contracts of Ray Jacobs, who is being counted on to hold down second base for the Angels this year, and Gus Sandberg, veteran catcher, were personally delivered to the Los Angeles Wrigley Field offices yesterday. Both players motored to Los Angeles, Jacobs from Salt Lake and Sandberg from far off New York.

Jacobs, who was a violent hold-out spring training next Monday with the Seraph pitchers and catchers.

Ray was originally scheduled to start training on the 25th inst., but he figures that if his ankle should get a little sore from running around in spiked shoes he'll be able to work it into shape with Trainer Frank Jacobs' help. By the time the rest of the Angel regulars get

SCHAEFER BOWS TO CUE RIVAL

Eric Hagenlacher Wins Over Foe, 400 to 361

Billiard Victor Has High Run of 207

Young Jake Brilliant at Times But Erratic

NEW YORK, Feb. 7. (AP)—Eric Hagenlacher of Germany defeated young Jake Schaefer of Chicago, 400 to 361, tonight in one of the tightest matches of the International tournament for the 1929 billiard championship. The match went through seven innings.

Schaefer, brilliant at times, but woefully erratic, could not cope with the steadiness and delicate stroking of the German master, who ran up the record string for the first two rounds of the round robin tourney with a sparkling cluster of 207 billiards in the fifth inning.

Hagenlacher played carefully and steadily thereafter and the son of the game's first "wizard" could do little until the fourteenth inning. With Hagenlacher leading in that turn, 373 to 246, Schaefer cut loose with runs of 40 and 71. The play was so tight that the German used three innings to run out the final 19 caroms he needed for game.

The score by innings:
Hagenlacher: 22 0 1 40 207 2 9 40
11 27 12 2 0 8 1 13 5
Schaefer: 3 25 79 69 13 0 5 5 0
13 23 0 1 40 71 0 4
—361.

High runs: Hagenlacher, 207; Schaefer, 79.

Averages: Hagenlacher, 23 9-17; Schaefer, 21 4-17.

Start Work on Annual Winter Sports Fiesta

The Los Angeles Junior Chamber of Commerce yesterday at its semi-monthly luncheon at the Biltmore learned full details of plans for the third annual winter sports carnival, to be held this year at the Los Angeles county Big Pine Recreation Park, February 22, 23 and 24.

Dr. Alex J. Link, general chairman of the winter carnival committee, outlined the work already completed at Big Pine and that which remains to be finished before the event. The ski jump, which was constructed under the supervision of Earl A. Mitchell of the Denver Ski Association, is complete.

Dr. Link reported, and compares favorably with the finest ever built in this country.

Accompanied by his committee and by Fred Meyer Jordau, chairman of the publicity committee, Dr. Link plans to make the trip to Big Pine this week-end for a final inspection of the layout and to complete plans for the three-day event.

BELANGER WILL BOX SCHWARTZ AT TORONTO

TORONTO, Feb. 7. (AP)—Albert (Frenchy) Belanger, Canadian titleholder, and Corp. Izzy Schwartz of New York, recognized world champion by the boxing commission of that State, meet here tomorrow in the feature bout of an all-night show. Another attraction on the card is the match between Willie Davies, Charleroi, Pa., and Ruby Bradley, Chicago.

Belanger is the only Canadian titleholder, and Corp. Izzy Schwartz of New York, recognized world champion by the boxing commission of that State, meet here tomorrow in the feature bout of an all-night show.

Another attraction on the card is the match between Willie Davies, Charleroi, Pa., and Ruby Bradley, Chicago.

MIDWINTER PLAY CLOSES AT LOS ANGELES TODAY

Mrs. Higbie, Mrs. Edwards Bow to Southland Stars in Semifinals, Title Battle at Ten o'Clock

BY EDWARD LAWRENCE

For the second time in less than a year, Mrs. Gregg Lifur of the Riviera Country Club, and Miss Kathleen Wright of Flintridge will clash in the finals of a major golf championship.

Today over the north course of the Los Angeles Country Club, these two brilliant Southern California women golfers will play for the annual midwinter championship.

Left vacation by Mrs. Harry Pressler of San Gabriel, Southern California and western women's champion.

If the old saying "history repeats itself" can be taken literally, Mrs. Lifur will be returned a winner. It was in April, 1928, that Miss Wright met defeat at the hands of Mrs. Lifur in the finals for the California State championship, played at Flintridge. The Riviera won, 3 up and 2 to play.

MISS WRIGHT STARS

If Miss Wright's feat yesterday of defeating Mrs. Harry G. Higbie of Detroit, 5 and 3, can be taken as a criterion of her game today, however, Mrs. Lifur will need all the tricks in her bag to win. In two days the Flintridge women's champion has disposed of two ranking stars, Mrs. Dan Jones of Brentwood in the quarter-finals, and Mrs. Higbie yesterday.

Both Mrs. Lifur, who easily defeated Mrs. Higbie, 5 and 3, and Mrs. Edwards, 4 and 2.

THIRD FLIGHT

Mrs. G. K. Thompson defeated Mrs. Arthur Harris, 6 and 4.

Mrs. R. V. Little defeated Mrs. Alice Warner, 5 and 3.

THIRD FLIGHT

(Defeated Eight)

Mrs. G. G. Howland defeated Mrs. J. F. Smother, 7 and 6.

Mrs. E. C. Cooney defeated Mrs. Edna Lytle, 1 up, 15th hole.

THIRD FLIGHT

(Defeated Eight)

Mrs. G. K. Thompson defeated Mrs. Arthur Harris, 6 and 4.

Mrs. R. V. Little defeated Mrs. Alice Warner, 5 and 3.

THIRD FLIGHT

(Defeated Eight)

Mrs. G. G. Howland defeated Mrs. J. F. Smother, 7 and 6.

MAY REINSTATE TILDEN

Predict Big Bill to be Put Back Into Good Graces by Lawn Tennis Association

BOSTON, Feb. 7. (AP)—The prediction that "Big Bill" Tilden would be reinstated as an amateur in good standing was heard on all sides here today as delegates assembled for tomorrow's meeting of the United States Lawn Tennis Association.

The general feeling among the delegates was that Tilden has been punished sufficiently for his infraction of the association's player-written rule at Wimbledon last summer. It was said that Tilden's reinstatement was decided on several months ago by the tennis powers, but that the announcement was withheld pending formal approval of the convention.

Another matter on the convention's program was the sanctioning of the national

METROPOLITAN

**Here's Case
Where Coach
Can't Lose**

Fred Cady, L.A.A.C. and U.S.C. swimming coach, can't lose tonight no matter what is the outcome of the Mercury-Trojan water polo game, scheduled for the L.A.A.C. tank.

Cady coaches both teams, so the only thing Fred can do is assume a neutral attitude and sit tight. The Mercuries will be favored to win due to their victories over Pacific Coast Club and Pasadena A.C. The Trojans defeated Pasadena, but were upset by Venice Tuesday night.

The chubmen will line up with Daugherty, goal; Duke Kahane-moku, center back; Capt. Austin, center forward; Martin, right forward; Adler, left forward; Schneider, guard; and Wallace, guard. Carlos Schuessler captains the Dauros.

the distance runs, but with Brown and Varney performing for San Diego the points are likely to be split three ways this season. (Tomorrow—High jump, broad jump and pole vault.)

Mashie Shot From Rough Difficult

FOR THICK
ROUGH
GRID
FINGERS.
WITH FIRST
TWO FINGERS

BY SOL MEITZER

One of the master shots of the year was made by Fred Brandt, when he was at the top of his game in American golf, was his pitch shot from the rough to a green. In 1915 when he was the open at Baltusrol he made a stroke saved at the fifteenth hole and earned him the title as his total score was 297 to Tom McNamara's 298. This shot was played from the rough to a green, and he was being his third on a par 4 affair. His deadness enabled him to hole out in par. He forgot the orthodox and shot making heavy rough in certain kinds of trouble. Heavy rough is an example. Here it is impossible to get the ball back low and close to the ground with the left hand. Few have strength enough to force it to do so. If they had it would be a jerked shot.

Fred Brandt, pro at the Alhambra Country Club, showed me the stroke the last year. Grip maslike with first hand and keep the wrist very firm and keep the wrist very firm.

some. Take it back with the right
 one. That will lift it more quickly.
 Then swing through with the wrists,
 making it as clean as possible. Note
 how bad you play a loose mashie
 off the fairway, either. If you use
 the left hand take the club back
 while held in this loose wrist grip.
 Tomorrow—the range of a mashie.

Inability to make approach shots
 into the green adds several strokes
 to one's score. Sol Metzger's leaflet,
 "The Art of Pitching," will enable
 you to cut down your score. Send
 a stamped, addressed envelope to Sol
 Metzger, in care of this paper, and
 receive a copy.

TILDEN MAY BE REINSTATED

Good Standing

(Continued from First Page)

ranking list. These rankings, based on the 1928 play, were decided over several months ago, it was said. It was easily predicted that Tilden would be No. 1, No. 2, No. 3, and John F. Hennessey, No. 4. No one could doubt on the prediction that Helen Wills would head the women.

The re-election of Samuel H. Coker, Jr., of Philadelphia as president of the U.S.A. was also decided and settled and the only uncertainties centered about the venues for the national championships.

HUNTER DENIES HE WILL QUIT TENNIS

NEW YORK, Feb. 7. (AP)—Just when rumors were being raised that he was about to retire from tournament tennis Francis T. Hunter shattered them all today with a pronouncement that on the contrary he and Bill Tilden are going abroad May 8, for another international

Neither Tilden nor Hunter will be a candidate for the Davis Cup team this year, the New Rochelle veteran said.

Tilden is sure to be reinstated by the executive committee of the United States Lawn Tennis Association at its meeting in Boston tomorrow, Hanes said, and will go to the Wimbledon middle of March to begin tuning up his shots.

Hunter himself will take the courts even sooner, saying New York's next Thursday for Florida where he will defend his titles in the South Florida tournament at Miami February 25, and the State championship at Palm Beach March 4.

Their program of foreign play which includes participation in the French championship in Paris, the 20th and the English championships at Wimbledon June 24, will make it impossible for Tilden and Hunter who are, respectively, the first and second ranked American players to represent their country in the American zone Davis cup competition.

Furthermore they may not join the team if it reaches Europe for

the interzone final and the challenge round against the French, although that point has not yet been definitely decided. Hunter said:

"The reason is that we want to give the young fellows a chance," he explained. "The help is not needed in the American zone. There are half-a-dozen players available without us who can win in this part of the Davis Cup play. The competition is different. The game is a different matter and Bill and I may or may not be used over there."

HUNTINGTON PARKERS LOSE TO SAN PEDRO

San Pedro Class C and D basketball quintets scored a double win over the Huntington Park team last afternoon on the Pirates' home courts. The Pirates copped the "C" contest game by the score of 19-11, while the "D" contest was won 24-18. Lorenzi, star San Pedro guard, took high-scoring honors in the "C" games with 9 points, while Howard, Pirates' star, scored 12.

"D" five, copped high-point honors in that game, hitting the hoop for 13 digits. Howard starred for

**SAMMY BAKER IS
STOPPED BY MEYERS**

SAN FRANCISCO, Feb. 7. (AP)—
Pete Meyers of San Francisco, a
welterweight with a dynamite punch
in either hand, trampled on the
flatic hopes of Sammy Baker of
New York tonight when he knocked
out the fighting ex-army sergeant
in the sixth round of a ten-round
match at Dreamland Auditorium.
Meyers, weighing 150½, scored five
knockdowns over Baker, 145, who
also scored one.

GREEN MATERIAL BASIS OF LINCOLN HIGH TRACK TEAM

Don Parker's Lincoln high track and field squad will be made up of 100-year-old Parker has more than 200 youngsters working out daily, most of them sophomores and juniors.

For a green squad such as the Lincoln team is, Parker has lined up what seems to be a tough schedule. The first meet of the season is slated for this after-

noon with Coach Fred Johnson's Garfield Bulldogs. The Tigers are pointing for the city relay meet to be held a week from tomorrow.

The Ballplayers are in the track events at present, but Parker has several potential stars working out at each event.

Johanny Hale, a veteran sprinter from last year's squad, promises to develop into one of the speediest freshmen in the city loop.

In the shotput and broad jump Don Atwood is the leading performer. Atwood hovers the iron pellet better than 47 feet and broad jumps in the neighborhood of 21 ft. In the event Atwood will have a couple of good understudies in James Brown and Gil Talamantez. Some of these boys are good for 25 ft, consistently.

In the mile Coach Parker has Thornton, a veteran from last year's Ast. Slave, John Chang and Joe Briggs. All three boys have a chance at a little over five minutes, and should develop into good milers before this season is over.

Homer Bowers, a sophomore, is the outstanding four-forty man, and the way he has been training during practice sessions it looks as if he will give Francis Kippit of Poly and Vernon Johnson of J. C. a run for the competition in this event. Lloyd Reed is the other four-forty runner who should develop into a

Hale has been turning in good times in practice and Parker hopes to see him hit even time this season.

Others who show promise in the sprints are Steve Hartnagel, Joe Ortega, Senator Sugt, Walt Yandura, Johnny Tolstoy and Jimmy Brown. The first mentioned, Hartnagel, has been giving Hale plenty of competition and before the season is over it is highly probable that Hartnagel may hit the tape ahead of Hale.

Capt. Billy Pandra, who was one of the outstanding pole vaulters in the league last year, is expected to uphold the Ralliplitters creditably

Sweet rubber.

The hurdle events seem to be the weakest spots in the Ralliplitter squad at present. However, Parker has a pack of fellows working on it in the barrier events, and can be depended on to produce a contingent good enough for City League competition.

The Ralliplitters are scheduled to meet strong Manual Arts track and field squad next Tuesday, although Parker does not predict that his squad will run away with the meet, he does say that the Totems will not have a set-up when they meet the Ralliplitters.

MISS WRIGHT, MRS. LFUR

WIN CHAMPIONSHIP MATCH

(Continued from First Page)

feated Mrs. Richard S. Edwards of the California Country Club, 6 and 3, and Miss Wright took the first nine in 41 strokes. Incidentally, the finalists tied for the medal on Monday with a brace of 80's.

In speaking distance of the pin, and her putting was also faultless, Mrs. Lfur was 4 up at the turn, won the tenth and the thirteenth holes, and halved the twelfth, to win the match up on the thirteenth green.

Miss Wright's booming wood shot that outdistanced Mrs. Higbie on some yards and accurate irons proved a deciding factor in the Detroit golfer's defeat. It was Mrs. Higbie's putter, however, that "broke her out of the tournament. She started with three sixes, and at that point in the match found herself 3 down. Mrs. Higbie missed a number of short putts and was able to win back only one hole, the fourth. Miss Wright captured the sixth and eighth holes and was able to grab a 4-up lead at the end of nine holes.

ENDS MATCH

A 7 on the tenth hole temporarily set Miss Wright back, but she won the fourteenth and fifteenth to end the match.

The cards:

Par (out)	443	544	444	— 38
Miss Wright	545	464	454	— 41
Mrs. Higbie	486	366	464	— 47
Mr. (in)	443	443	454	— 71
Miss Wright	736	553		
Mrs. Higbie	645	574		

Mrs. Lufur's irons and putter were clicking yesterday, when

Mrs. Lufur (in)	456	373	464	— 48
Mrs. Lufur (in)	543	5		
Mrs. Edwards	643	6		

TEENING-OFF TIME

The championship match, which will start this morning at 1 o'clock, will be well worth seeing. D. T. Traylor, chairman of the women's auxiliary of the Southern California Golf Association, announced that all eight girls should be in the clubhouse at 1 o'clock over the south course.

TROJAN GOLFERS HEAD NORTH TUESDAY

Five men will represent the University of Southern California in the California Intercollegiate golf championships to be held the 14th, 15th and 16th inst., over the Pebble Beach course, Del Monte, Cal.

Allen Murr, Fred Thompson, Rhodes "Dusty" Elder, Winston Fuller and Ralph "Tedy" Eekies have been selected. Thompson won the Southern California Intercollegiate championship last year as a freshman.

The team probably will leave next

was moved down Mrs. Edwards in her dash toward the finish line. Mrs. Edwards' relationship. Mrs. Edwards, on the other hand, was never with-

Short Price in Border Victory

TIA JUANA RACE TRACK, Feb. 7.—Short Price, recently acquired by John P. Mills, San Diego real-estate magnate, from the Canyon state, annexed the Capt. Hawks handicap, today's feature race named in honor of the transcontinental flyer. Short Price won the five and one-half furlong jaunt in 1:37 over a sloopy track.

Second place went to Alexander Pantages, owned by the theater magnate, and Witchmount was third. Alexander Pantages, favorite, was in a jam and Jockey Hurst Phillips claimed a foul had been committed. The judge, however, denied Lloyd Trimble's motion was best. Results:

First race, three and one-half furlongs: *Star Ship*, 105 (Graham); *Don Victoria*, 107 (P. Mann); second, *Ponto Rock*, 107 (P. Mann); third, *Don Victoria*, 105 (Graham).

[illegible]

The compilation shows that the five writers agreed on only five rounds. That is, all five writers covering the bout for local papers, gave Loughran the second round. Emanuel the third, Loughran the fifth, Emanuel the seventh and Loughran the eighth. In this they concurred with referee, Abe Roth, except that Roth called the eighth even.

A composite of all ten rounds indicates that Loughran scored 4 to 5. The five writers, had the edge in the first, second, fifth, eighth and ninth rounds, while Emanuel won the other five.

TRAP-SHOOTERS PLAN TOURNEY

Part in Three Tilts

Trapshooters of Southern California, led by Fred Peeples of the Los Angeles Gun Club, are priming themselves for a series of three tournaments, the first of which is scheduled for the local club the 16th and 17th inst. From here they will journey to Phoenix, Ariz., there to shoot for the State championships on the 21st, 22nd, 23rd and 24th inst. The series will wind up at the Del Monte where the annual grand trapshoot will be held the 28th inst. and the cash and trophy awards at the Del Monte will total \$3500 with \$500 for the winner of the twenty-five-and-a-half round and \$1000 for the runner-up. The Del Monte sliding handicap tournament will be held at the Del Monte Peninsula, and the winner will double. To the winner of the round of 100 shots will be \$300, and a lifetime will be awarded to the winner of the regular handicap event. Three hundred dollars will also go to each of the five high marksmen.

Among those from Los Angeles who have already entered the event were Fred Despie, E. V. Minocci, A. Staub, Dr. D. W. Crossinetti, L. Reaud, Mrs. Gus Knight, Mr. ar. Mrs. C. E. Groat, E. K. Leffingwe, and Mrs. L. R. Marsh, H. S. Sargent, L. Marini, and J. J. Crook, E. I. Crook, C. J. Greg, Guy Houghtling, B. A. Gillespie, A. Richter and E. L. Kost.

EMANUEL SEIBER WALKER BATTLE

(Continued from First Page)

tie his weight down to 175 pounds for that fight and cut weighed Walker 11 1-4 pounds. He now scales in the neighborhood of 180 pounds, but Walker is also heavier, and there probably would be little difference in their poundage even at catchweights.

POP ISNT HOT

Pop Emanuel, the boy's manager, isn't hot for the fight because of the disparity of their weights and the difference in their fighting di-

Jack Kearns says Emanuel can come in this time at catchweight instead of trying to weaken himself by coming in at 140 lbs. "If it is likely the match may be signed if the contracting parties can agree on terms."

It is being fought Jack Willis in a non-title bout at San Francisco the 22nd inst., and the date for the proposed Walker-Thomas bout has not yet been set by Wadham for March 5.

Wadham believes the bout will draw at least \$50,000 out of doors. He still intends to coax Uscudum out here for a match with Loughran, but so far has had no response to his wires. Last year "it took him a long time to get here," says Uscudum manager, Jimmy Dougherty, "and the manager of the "Black Shadow" Uscudum, closed in a hurry, but Uscudum has been here, and they all talk a different language."

Tom Heeney can't make up his mind when he wants to fight again, according to his manager, and the manager, The money Tom got out of the Tunney battle last summer went to the New Zealanders' head

feathers and buckle down to work again.

Where he receives his check today Loughran and his camp will take a trip to Tia Juana, returning Saturday night. He spent yesterday on the Lakeside golf links with Bill Lane, the hard-rock miner, and a couple of serifes.

OAKLAND WINS HOCKEY MATCH

(Continued from First Page)

times to hang around, the Millionaires will find themselves out of first place before long. Wolf Pelizer has a bad knee and is on crutches; Chuck Warren is still sporting a blacked eye, and Dale Wells is nursing a sprained ankle. Add Brandon and Carrigan to that list and the Millionaires haven't much left.

Oakland plays here again Thursday night, facing the Los Angeles Richfield team. The Winter Garden is jammed almost to capacity last night, and the fans were re-

warded with a fast, clever exhibition. His "Going to the Sun" in the last five minutes was a furious one, but the Oaks stopped it successfully. Carl Jacobs turned in this usual classy exhibition as the referee.

CHARLEY LONG WHIPS GIBBS AT PASADENA

Charley Long took a ten-round decision over Jack Gibbs in the main event at Pasadena last night. It was a furious slam-bang fight all the way. Jack Haywood scored a technical knockout over Mike Lamplinen in the first round of the scheduled six-round semi-wind-up. Young Lanchco took a four-round decision over Mike O'Gannor in the special event. Two four-round preliminaries completed the card. Joe Robinson and Andy Dumlery boxed a draw in one while Joe Perrin defeated Carmen Smith in the opener.

UNION OILERS TIE WITH LA NATIVIDADES

The Union Oil ice hockey team tied the LA Natlvidads team last night at the Palais De Glace, each team chalking up four goals. The Union Oil team is still leading the lead with 13 points with the LA Natlvidads right behind them with 12 digits. Swindel, Mason and Henry scored for the Oilers. Henry hitting the net twice. For LA Natlvidads, Chappell, Gilcrest and Niles scored. Chappell being on the scoring end of the puck twice. Score by periods:

Union Oil	2	1	1-4
LA Natlvidads	1	2	1-4

PERCY WILLIAMS WINS

NEWARK (N. J.) Feb. 7. (P)—Percy Williams, Canada's great grey sprinter, running without spikes for the first time in his career, was special invitation 60-yard dash at the Newark A. C. games tonight at the time of 11-56.

CITY HIGH SCHOOLS
TO HAVE "B" LEAGUE

For the first time in the history of Los Angeles City high schools a Class B track and field league will be given a trial.

The board has decided at a recent meeting of the vice-principals of the twenty-nine Los Angeles secondary schools. Inasmuch as this innovation in track meets is in the national mind, and in the future success depends upon the

floor, no starting blocks and spikes.

The victory was Williams's second in two starts on his United States visit as he won out in a forty-yard dash at Boston Saturday.

Wide Swedish swimmer, who set the time Pavo Nurmi made here last week ago in a two-mile hand race, when he covered the distance in 17-5-3.

Williams clocked at that occasion at 19-3-5a. The Swede bettered the time by 2-2-5a.

During Trotten, Millrose Athletic Association, with a handicap of six yards, was second, half a lap behind the sprinting Wide. Russell Pavo, Millrose Athletic Association, with fifty yards, was third, and F. C. B. Williams, New York Athletic Club, six yards, who was runner-up to Nurmi last week, with a longer handicap was fourth.

As Pavo had done, the Swede came down his field with a steady, tireless gait, passing the stringers in the third lap and the runner-up in with about five laps to go. He was clocked at the mile in 34-3-4-5a.

Ray Conger, national 1000-yard champion, was the runner-up in the special invitation run at that distance, finishing third behind Russell

smoothness with which it operates this coming track season.

All meets scheduled in this newly formed division of track athletics will be run off in conjunction with the varsity contests.

The events that the "Bees" will compete under are as follows:

Track events—100-yard dash, 70-yard high hurdles, 120-yard low hurdles, 680-yard run, 1280-yard run (three laps), 400-man 800 relay.

AUSTRALIA RALLIES

ADELAIDE (Australia) Feb. 7. (AP)—Australia battled gamely in the fourth innings of the cricket test match with England and when stumps were drawn today has scored 249 of the 340 runs required to win. They had four wickets in hand at the end of the day's play. Scores were: England, 324 and 317; Australia, 369 and 269 for six wickets, total 629.

Martin of the Boston A.A. the winner as Jimmy Kennedy, George Kohn freshman.

Harold Cutbill, Boston "fly" parson," was fourth. The time was 2m. 15s., which is fast. Martin, former Dartmouth runner, took the lead at the start and held it. He Conger running second most of the way until the lap before the last when Conger stepped on and passed him and finished five yards behind the winner, while Conger had no spirit and was fifteen yards back of Martin.

HANEY'S NIGHTERS LOSE

SAN PEDRO, Feb. 7.—Haney's Nighters lost their first Night School League game here today to the Gem Cafe cagers, 21-17. Walter of the Gem five took high-scoring game, 13 points, 10 shots, 10 of the Nighters was Night behind him with 7 digits.

This is a high-contrast, black and white image showing a close-up of a textured surface. The image is dominated by dark, vertical, and slightly wavy lines that create a sense of depth and texture. On the right side, there is a prominent, dark, curved edge that suggests the spine or a corner of a book. The overall appearance is grainy and abstract, with no discernible text or figures.

Says Waste in State \$6,000,000 in 1928

Session Here

Investment in California Totals \$1,000,000,000

Conservation of natural gas in California is one of the major problems of the gas industry here and with this in mind, a staff of executives and attorneys now is at work framing a conservation bill for presentation before the State Legislature, A. F. Bridge, president of Southern California Gas Company, told gas experts at a final session of the midwinter conference of the American Gas Association in Los Angeles yesterday.

Bridge explained that Southern California's supply of natural gas from twenty-three fields. Only 2 per cent of the gas from the fields is "dry" gas, the other 98 per cent coming to the surface with oil.

A solution to the gas loss problem in the field Bridge stated that following methods can be employed: restriction of new drilling, shut-in producing wells, particularly of high gas-oil ratio, through-out to improve gas-oil ratio, either with or without reduction in output.

He suggested that gas which otherwise would be wasted could be stored in storage in a depleted gas zone and in a partially exhausted oil and gas-bearing ground.

HUGH OUTPUT CITED
California oil fields provide 90 per cent of the nation's output of oil and 38 per cent of the total, was pointed out by E. J. Edwards, general counsel of Southern California Gas Company.

There is more than \$1,000,000,000 invested in the State's oil industry, providing employment for 60,000 persons with an annual payroll of \$120,000,000, according to Edwards. He also said that the Pasadena oil field, which produces 10,000 barrels a day, is one of the most productive in the world.

Speakers on the closing program included S. W. Meade, president of the Carnegie Natural Gas Company, W. S. Hart, vice-president of operations of the Los Angeles Gas and Electric Company, and E. L. Hall, general superintendent of the Portland Gas and Electric Company.

Mr. Hall, who is president and executive manager of the Los Angeles Gas and Electric Corporation, is also vice-president of the People's Light and Coke Company of Utah.

Mr. Meade, who is president of the Carnegie Natural Gas Company, is also vice-president of the Carnegie Natural Gas Company.

Mr. Hart, who is vice-president of operations of the Los Angeles Gas and Electric Company, is also vice-president of the Los Angeles Gas and Electric Company.

Mr. Hall, who is general superintendent of the Portland Gas and Electric Company, is also general superintendent of the Portland Gas and Electric Company.

Mr. Meade, who is president of the Carnegie Natural Gas Company, is also president of the Carnegie Natural Gas Company.

Mr. Hart, who is vice-president of operations of the Los Angeles Gas and Electric Company, is also vice-president of the Los Angeles Gas and Electric Company.

Mr. Hall, who is general superintendent of the Portland Gas and Electric Company, is also general superintendent of the Portland Gas and Electric Company.

Mr. Meade, who is president of the Carnegie Natural Gas Company, is also president of the Carnegie Natural Gas Company.

Mr. Hart, who is vice-president of operations of the Los Angeles Gas and Electric Company, is also vice-president of the Los Angeles Gas and Electric Company.

FRENCH MEDAL WILL BE GIVEN SKIPPER

Capt. T. Forey

HIGH HONOR WAITING FOR HERO OF SEA

Master of French Tanker Who Rescued Many from Vestris Arrives Here

A coveted membership in the French Legion of Honor awaits a heretofore unsung hero of the ill-fated Vestris disaster who arrived in Los Angeles Harbor yesterday. He is Capt. T. Forey, master of the French tanker Myriam, first on the scene and savior of fifty-seven persons from the dark waters when the Lambert & Holt liner sank off Virginia November 21, 1928.

Word of the French award was received just before the Myriam reached Los Angeles. The tanker's owners, Company Auxiliary of Navigation, already had made a gift of 10,000 francs to members of the crew.

The tanker was en route from New Orleans to Rotterdam at 1 p.m., November 20, last, when the Vestris call for help was heard. The tanker raced full speed and was on the scene at 2 o'clock the next morning.

AUXILIARY OF LEGION WILL MEET

Luncheon at Noon Today Honors Mrs. Gill, Head of State Department

More than 500 members and friends of the Los Angeles County Council of the American Legion Auxiliary are expected to attend a luncheon this noon at the Alexandria in honor of Mrs. Alice J. Gill, president of the American Legion Auxiliary of the Department of California.

Presiding will be Mrs. Margaret Kading, first vice-president of the Department of California Auxiliary. Addressed by Mrs. Gill and officers of the American Legion will feature the program.

The midyear executive committee meeting of the department will be conducted at the Alexandria, parlor B, at 10 a.m. tomorrow. Representatives from each Congressional district of the State, the committee chairman and all State officers of the auxiliary are expected to attend. The purpose of the session is to outline the year's program for child welfare, hospital work and co-operative sales of articles made by disabled veterans of the World War.

The auxiliary boasts a membership of 325,000 in the United States, with 12,000 members in this State.

Widow Charges She Was Duped

Asserting that Charles D. Barnett and his wife, Flora Barnett, misrepresented the character of a bungalow court for which she traded her home, valued at \$15,000, Renee Wall Weger, a young widow, appeared before Superior Judge Yankwich yesterday with a suit asking a judgment against the Barnetts for \$11,225.40.

Mrs. Weger testified that the Barnetts and their agents represented to her that the bungalow court was well furnished, that it housed regular tenants and that it was a profitable venture. Instead, Mrs. Weger asserted, she was forced to spend \$2035.40 for repairs and found that most of the tenants were transients paying less rent than represented.

LIBRARY CONTRACT LET

The contract for the Sidney Lanier branch library to be erected in North Hollywood Park has been awarded to A. D. Paschall for \$19,000, according to Orra E. Monnette, president of the library commissioners. Construction will be begun soon. The Sidney Lanier branch now serves the district from rented rooms at 5324 Backman street.

City Humane Quarters Go to New Home

Moving of the humane department's equipment from the old quarters at 1828 Blake street, known as the dog pound, into the new quarters at 215 West Ann street, commenced yesterday and will be completed today under direction of Rodman Roberson, general manager of the department.

Three horses and forty dogs in the pound yesterday will be given baths and moved into their new home, known as an animal shelter, today. The old quarters were rented by the month. The new place cost \$40,000 on a little more than an acre of ground costing \$20,000.

The animal shelter is of mission style, quadrangular in shape, and is furnished with every facility for maintenance or going away with stray animals, under the most modern and sanitary conditions.

NEW CUPID DOCTOR PRESCRIBES EFFECTIVELY FOR BROKEN TIES

Raymond B. Wehn and his wife Dorothy, who sued him for divorce because he insisted on living with his parents, became reconciled yesterday when Superior Judge Rosenkranz put the swift machinery of the new domestic-relations court in operation.

Under Presiding Judge Keel's recent rule, two judges are assigned to try divorce and alimony cases. The effect is that cases where children are concerned are heard almost as soon as they are filed.

When Mrs. Wehn told the court her husband would not make a separate home for her, but insisted on living with his parents, Judge Rosenkranz stopped the hearing. "The Scriptures say that when a woman marries, she must cleave unto her husband and forsake her parents," said Judge Rosenkranz. "I

see no reason why this rule should not apply to husbands, also. It is the only way that a home can be built up. I will ask the bailiff to show you two parents into my chambers and leave you there to see if you can't come to some agreement."

Two women neighbors of Mrs. Wehn tried to follow the couple into the room, but the bailiff shoed them out.

In a few minutes the couple came out smiling.

"We have decided to try it again—in our own home," said Wehn.

The four grandparents of the child whose custody was at stake, and whose influence had just restored a shattered home, were in court. Mrs. Wehn's parents embraced her, with tears. Wehn's parents wept, too. Judge Rosenkranz's voice was a bit husky as he continued the case for thirty days and said he hoped it would be forever.

Russian Dancer Here for Study

Theatergoers of the Far East today demand the American conception of classical and modern dances, according to Lucy de Shemo, Russian dancer known throughout the Orient as the "Pavlova of the East," who came to Los Angeles yesterday from Shanghai aboard the Nippon Yusen Kaisha liner Taiyo Maru to study American dances under Ernest Belcher. She is accompanied by her husband, R. B. Clark, formerly a local newspaper man, and their 2-year-old daughter Mary.

"American motion pictures, particularly the talking pictures, together with the radio, have made American dances so popular in the Far East that the European and oriental conceptions of classical and native dances are ceasing to be drawing cards," declared Miss de Shemo.

Rooneys Plan Silver Wedding

Pat Rooney and Marion Bent, his wife, of vaudeville fame, are preparing to celebrate their silver wedding anniversary on April 10 in Hollywood.

The romance started when Mrs. Rooney, a daughter of a former soloist with Gilmore's band, became a school chum of four sisters of Rooney, who, with his mother and father, composed the original Rooneys of the stage.

Not long after the marriage the couple formed a stage team, and after Pat III was old enough to appear before the footlights the trio became known as the Rooney family.

FORESTRY DIVISION ASKED

Similar to resolutions being passed by other city departments, the Playground and Recreation Commission yesterday passed one asking the City Council to create a division of city forestry in the Department of Public Works.

City to Expand Tree Nursery

To provide trees for recent park acquisitions and those expected in the near future, the Park Board yesterday ordered development of twenty-five additional acres of land in Commonwealth Canyon, north of the plant nursery in Griffith Park, for a tree nursery.

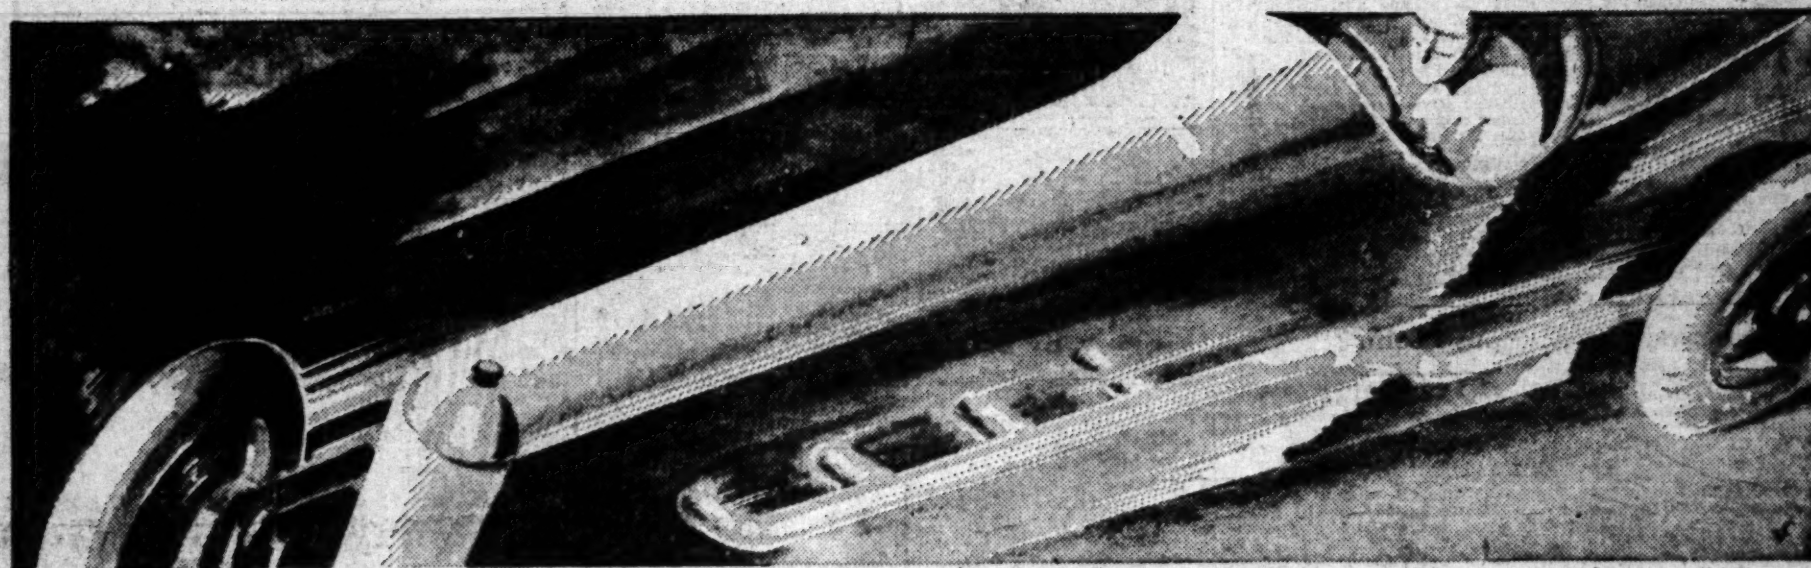

Fifty thousand oak trees, now 1 year old, 25,000 sycamore cuttings, 10,000 native California redwoods and other young trees will be planted.

JOBLESS LEAGUE TO MEET

Request of the County Unemployed League for permission to hold a meeting in the Men's Club, 221 1/2 South Main street, was granted by the Playground and Recreation Commission yesterday. As the meeting is for the purpose of considering employment problems, the usual fee for use of the place was dropped for the league.

RICHFIELD-ETHYL

Different from any other gasoline

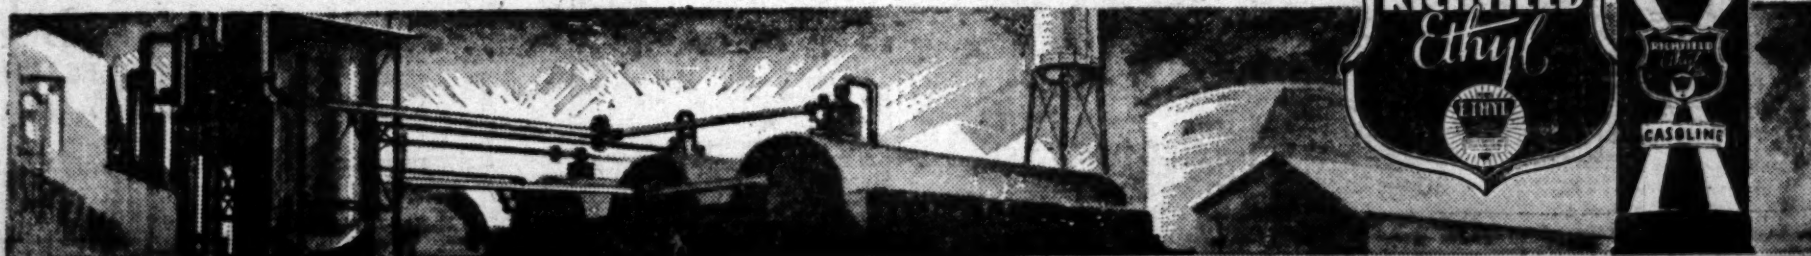

Why it is different . . . and better!

RICHFIELD-ETHYL is better—noticeably better! It is as different from other Ethyl gasolines as they are different from ordinary motor fuels. This new Richfield will give you super qualities unobtainable in any other gasoline—the result of years of exhaustive laboratory tests based on knowledge gained in a decade of close contact with the speedways and great motor events, where it is used exclusively by the world's greatest drivers. Richfield's quality is proved, not merely claimed. In open competition with practically every known brand of gasoline, it has won more victories and world records than all others com-

bined! For seven consecutive years, Richfield has won the great Indianapolis speedway classic. Richfield was chosen by Captain Wilkins for his thrilling flight over the North Pole, by Art Goebel for his record-breaking transcontinental non-stop flight and by the "Question Mark" in its recent Army flight which broke all previous distance and duration records. Richfield's winning qualities have been carried one step further in Richfield-Ethyl—a super fuel that will give super results in every type of motor. Use it in your own car for the finest motor performance possible.

"Ethyl at its Best" . . .

Of Interest to Women.

SOCIETY

BY JUANA NEAL LEVY

One of the loveliest weddings of the season was that of last evening when in St. John's Church, West Adams street, at Figueroa, Miss Genevieve Henneberger, daughter of Mr. and Mrs. Herman Henneberger of South Irving Boulevard, and grand-daughter of the late H. J. Evans, became the bride of Roy Munger Eaton, son of Mr. and Mrs. Hubert Eaton of Los Feliz Terrace, Rev. George Davidson officiating, and Mr. Henneberger giving his daughter in marriage.

The church was a bower of fragrant spring flowers and ferns, peach gladioli and acacia blossoms predominating, while down the aisles tall cathedral candelabra were placed with clusters of the flowers tied with green tulle bows adding an artistic touch, and marking the pew posts, which were topped with the flowers and tulle, while myriads of candles twinkled on the altar.

The bride was charming in a gown of white satin with flounce of Alencon lace, fashioned shorter in the front than back, a V-shaped neck line and long satin sleeves finished at the wrist with cuffs of lace.

The veil of lace and tulle was held in place by a Juliette cap of lace and tulle, and a shorter veil of Alencon lace with seed pearl edge falling in a cape from the forehead, while the long veil of tulle, lace-edged, was arranged from the head, falling to the floor in graceful folds, forming a long train.

Her bouquet was of white orchids, lilies of the valley and sprays of maidenhair fern.

Miss Vera Henneberger, sister of the bride, was maid of honor, her frock being of chiffon in the yellow tones, with long waist line, shawl collar to the waist line in the back, ruffled skirt shading from pale yellow to deep orange, longer in the back than in the front.

A hat of horsehair braid in light yellow with medium shades of yellow velvet bows completed the costume, and she carried an arm shower of Mme. Drew roses and ferns.

The other attendants, Mrs. John Hyde Braly, Mrs. William Norbert Neff, Miss Louise Janas and Miss Harriet Huntington, wore frocks of three shades of green chiffon with pale green bias and darker velvet bows, and they also carried showers of Mme. Drew roses and ferns, while the dainty flower girl, Barbara Henneberger, sister of the bride, was frocked after the same model as the other attendants, and carried an old-fashioned bouquet of pastel-shaded flowers in a lace paper trim.

George Kimball of Honolulu served Mr. Eaton as best man and the ushers included John Hyde Braly II, Harold Hyde Braly, Jr., William Norbert Neff, Harry Eichelberger, Jr., Mortimer Henderson of Del Monte and John Gray.

A reception and dance at the Biltmore followed the ceremony, 400 guests being bidden.

The decorations there carried out a charming spring motif with hundreds of cathedral candelabra, gar-

lands of ferns and pansies extending from the candelabra down the tables, and at each base were two miniature bridesmaids in pastel shaded frocks holding tiny bunches of real flowers in old-fashioned bouquets. Pansies, freesias and lilies of the valley predominated in the blossoms used on the supper tables of the guests, while at the bride's table white and pastel shades of pink were effectively used, with a bride and bridesmaid attended by a bridal party, the maid, matron of honor and bridesmaids carrying pastel-shaded spring flowers and ferns.

Mrs. Henneberger received her guests in a frock of chiffon, shading from the flesh tones to deep rose, with crystal beaded blouse and pale green velvet wrap, while Mrs. Eaton, mother of the bridegroom, was in black lace. Mr. and Mrs. Eaton are honeymooning at Del Monte and after March 1 will return to their own home at 439 1/2 North Stanley avenue.

For Distinguished Visitor

One of the delightful affairs of next week will be the tea which Mrs. A. L. Baggett of 951 South Western avenue will give Monday afternoon at her home, honoring Miss Isabelle McCausland, head of the social science department of the Kobe College in Japan.

Invitations Issued

Invitations have been issued by President Rufus B. Von KleinSmid and Dean Rockwell D. Hunt of the University of Southern California for a reception to be given next Thursday at 3:30 p.m. in the president's suite to meet Dr. Alfred Adler, well-known psychologist and psychiatrist of Vienna, Austria. The affair is given under the auspices of the graduate school of the university, and the guests will include faculty members, graduate students and several hundred psychologists and educators of the Southland.

It has become a tradition with the graduate school of the University of Southern California to hold an annual reception, sponsored by President Von KleinSmid and Dr. Hunt, with some distinguished scholar as special guest of honor and speaker to create stimulus for advanced study.

Valentine Party

One of the enjoyable affairs of the next week will be the Valentine dance given at Hotel Green in Pasadena by Mr. and Mrs. C. H. Edwards hosts, the affair taking place Tuesday evening and the Valentine motif to be stressed. A delightful program in the lounge will be given by the Balalaika Russian Orchestra, assisted by Mme. Markova, dancer, and Miss Agnes Taylor, soloist. Dancing will follow in the Palm Room. Many reservations from Los Angeles as well as in the Crown City are being made.

Silver Wedding Anniversary

In celebration of their twenty-fifth wedding anniversary, Mr. and Mrs. William B. Morehouse of 1614 Wellington Road, Lafayette Square, were at home to more than 240 friends Thursday afternoon and evening. The whole of their married life has been passed in Los Angeles, they having met first when students at the University of Southern California. Mrs. Morehouse is national chairman of the

LATE SPRING WEDDING PLANNED

Bride-to-Be Has Many Acquaintances

Miss Della Faye Kegley

OF MUCH interest to many friends in the South as well as in Los Angeles is the announcement made recently by Mrs. E. L. Olson of the betrothal of her daughter, Miss Della Faye Kegley, to Edgar L. Stones of Beverly Hills. Formerly from the South, Miss Kegley attended Miss Johnson's School of Expression in El Paso, Tex., and frequently entertains with charming readings. She was one of the bride attendants at the wedding of Miss Clara Schrader and C. L. Butler, which took place December 12.

The wedding of Miss Kegley and Mr. Stones will be an event of the late spring or early summer, although the date has not yet been definitely decided upon.

HEALTH AND DIET

ADVICE

By Dr. Frank McCoy

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of The Los Angeles Times, before 10 o'clock, addressed to the editor.

Sunday—Breakfast: Baked eggs, Melba toast, stewed figs. **Lunch:** Cooked asparagus, cooked string beans, salad of watercress and lettuce with cream cheese dressing. (Recipe given the 1st inst.) **Dinner:** Celery soup, broiled chicken, steamed rutabagas, spinach, salad of grated raw carrots, Jell-o or Jell-well.

Monday—Breakfast: Crisp bacon, waffle with butter and maple syrup. **Lunch:** Potato soup, string beans, shredded lettuce. **Dinner:** Boiled fresh beef tongue, baked squash, combination salad of cooked carrots, peas and raw celery. Baked pear. **Tuesday—Breakfast:** Coddled egg, toasted Shredded Wheat Biscuits, stewed raisins. **Lunch:** Cooked carrots and peas, salad of chopped raw cabbage and parsley. **Dinner:** Jellied tomato consommé, broiled lamb chops, cooked lettuce, baked egg plant, raw celery, pineapple whip.

Wednesday—Breakfast: Cottage cheese, sliced pineapple, Melba toast if desired. **Lunch:** Macaroni, spinach, salad of head lettuce. **Dinner:** Vegetable soup, roast beef, cooked tomatoes, cooked celery, salad of grated raw beets, minced prunes in gelatin, with cream.

Thursday—Breakfast: Coddled egg, whole wheat muffins, stewed raisins. **Lunch:** Raw apples as desired. **Dinner:** Broiled mutton chops, baked parsnips, cooked lettuce, stringbean salad, apricot whip.

Friday—Breakfast: Baked stuffed apple. **Lunch:** Rice en casserole, salad of shredded lettuce. **Dinner:** Tomato and celery soup, baked white fish, spinach, salad of tomatoes and celery, Jell-o or Jell-well (no cream).

Saturday—Breakfast: Poached egg on Melba toast, stewed peaches. **Lunch:** Generous dish of junket. **Dinner:** Vegetable soup, Salisbury steak, buttered beets, tomato-spinach - asparagus salad, cup custard.

Rice en casserole: Soak a cupful of rice for an hour or more (preferably overnight). Wash thoroughly and boil in four or five cupfuls of water for about twenty minutes. Throw into a colander and spray with cold water. This washes away the sticky, starchy substance, leaving each grain separated. Have ready one cupful of grated raw

almonds of the university, while Mr. Morehouse is also active in the University of Southern California alumni affairs. He is a former president of the savings bank division of the American Bankers' Association, and has been a well-known local banker throughout his life here.

Decorations, carrying out the same motif as at the wedding, were in white and violet blossoms, candies and ribbons, while the refresh-

ments duplicated those served at the wedding supper.

Enjoying the affair also were a son, Lee Morehouse, and a grandson, William David Lusk.

Oil On Water

Before administering a dose of castor or mineral oil to a person, rinse the spoon first in cold water. Then none of the dose will be wasted by the oil sticking to the spoon.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

FRIED SMELTS

Clean the smelts, sprinkle with salt and pepper, and skewer into fancy shapes, dip in crumbs, egg and crumbs, and fry in deep shortening, drain, and arrange on a hot platter, garnish with parsley, slices of lemon, and serve with a tartar sauce.

TARTAR SAUCE

One teaspoonful of mustard, one teaspoonful of salt, a few grains of cayenne pepper, one-half tablespoonful each of chopped ripe olives, sour pickles, and parsley. The yolks of three eggs, one cupful of oil, one tablespoonful of lemon juice, one-half teaspoonful of onion juice, one-half teaspoonful of capers finely chopped, mix the mustard, salt, cayenne, add the yolks of the eggs unbeaten and stir until well mixed, gradually add the oil a little at a time beating constantly, then slowly add the lemon juice as the mixture thickens, chill thoroughly and just before serving add the remaining ingredients.

SICCED APPLES

Six large apples, three-quarters of a cupful of sugar, one teaspoonful of cinnamon, one-half teaspoonful of salt, one-fourth of a cupful of water; core and pare the apples, arrange in a baking dish, mix the sugar, cinnamon and salt and

fill the cavities. Add the water and bake until the apples are soft, basting often with the syrup in the dish. Remove from the oven, cool slightly and pile a meringue on the top of each apple. Return to the oven, reduce the heat and allow the meringue to brown.

RICE PUDDING ORANGE COMPOTE

One-fourth of a cupful of rice, one cupful of cold water, one and one-fourth cupfuls of milk, the yolks of three eggs, three-quarters of a cupful of sugar, two cupfuls of heavy cream, a few grains of salt, wash the rice, add the cold water, and cook in a double boiler for thirty minutes. Drain, return to the double boiler, add the milk and cook until the rice is tender, then rub through a sieve. Beat the yolks of the eggs, add the sugar and salt and gradually mix with the hot rice. Cook until the mixture thickens, cool, turn into a mold and freeze. Remove from the mold, fold in the stiffly beaten cream, return to the mold and let stand for two hours. Garnish with sections of oranges that have been cooked in a thick syrup, flavored with lemon juice.

Mrs. Wyman does not resist to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Tuesday. All rights to reproduce reserved by A. L. Wyman.

MARSHALL FIELD & COMPANY WHOLESALE

Adams, Quincy, Franklin and Wells, CHICAGO

Here's one of the reasons why you can make perfect filtered coffee only when you use

the new Ben-Hur Drip Coffee:

It is the only brand specially cut for the drip method of making.

Other brands reground—or bulk grades ground fine by the grocer in the ordinary electric mills—will not have the clear cut, delicious flavor of BEN-HUR Drip Coffee, as the heat developed by friction on the grinding burrs when set close for fine grinding, scorches the delicate flavored aromatic oils, producing a disagreeable, baked, metallic taste.

In preparing the new BEN-HUR Drip Coffee, special steel cutting machines have been installed which cut the roasted coffee beans to the exact point of fineness for full extraction by single filtration.

SPECIAL-INTRODUCTORY OFFER

Give your Grocer \$1.00 and take home in exchange a pound can of the new BEN-HUR Drip Coffee and a BEN-HUR Healthful Coffee Maker... a regular \$1.50 retail value...

ALL FOR \$1.00

NEW PARK PLAN WAITS COUNCIL

Playground Project Moves Ahead

Action Expected to be Taken Today

and County Will Join in Development

Approval of the agreement for the use by the city and county of the 317 acres comprising Alondra Park in county territory southwest of the city, recommended yesterday by the Board of Commissioners, is to be considered today by the City Council.

The latter is bounded on the north by the Center-street extension, on the south by Riverside Boulevard and on the west by the city limits.

LONG WANT SUPPLIED

Under the supervision of the Board of Recreation, the remaining 317 acres of the park will be developed in a later agreement, the settlement of certain street

agreement provides for a completely organized recreational area under the supervision of the Board of Recreation.

The county is to participate in the development of the park by the County Board of Supervisors and the City Park

Commissioner Griffith states that for the department had been obtained a large park area for the city and the harbor district and that Alondra Park will be the third largest park in the park system, being the only one owned by Griffith and Elystan

which declared the park will be made to the populace of Inglewood, Hawthorne, Lawndale, Nido, Torrance, Gardena, Compton, and other cities.

The divorce court is postponing by 30 days the trial of the case of Mrs. Mabelle (Chapman) against her husband, George Chapman, who is charged with desertion.

President-Elect Hoover Brings Sailfish to Gaff in Florida Waters

40-Pound Sailfish Was Hooked by President-Elect Hoover Off the Florida Coast During His Fishing Trip Last Week-end; and Mr. Hoover brought his catch to gaff. It's easy to hook a sailfish for the simple and sufficient that he's voracious, but bringing him in is something else again. In these photos Mr. Hoover is pictured as he appeared aboard the launch from which he made the catch. (P. & A. and A. P. photos.)

A Famous Chef, Richard W. Cours, formerly of the Waldorf Astoria Hotel in New York, has taken charge at the Roosevelt Hotel in Hollywood. (P. & A. photo.)

The Proper Way to Peel an Orange—and there is a proper way—is illustrated above by Evelyn Dunlap of Redlands who will demonstrate at the forthcoming orange show at San Bernardino. She quarters the peeling and strips it away. (P. & A. photo.)

A Snow Barrier Ten-Foot in Depth Isolated the Little Town of Colesburg, Iowa for more than a week. When snow plows broke through to the village, the inhabitants were without either fuel or food. Here's one of the plows which brought relief to the village, clearing up a road over which the pioneer plow entered. (P. & A. photo.)

Form-Fitting Bodice and extreme V-neckline distinguish the frock displayed above by Gwen Lee. The material is of black crepe. No jewels. (P. & A. photo.)

Another American Princess, Alexandra Rasmussen, wife of the son August, has made a special for citizenship. (A. P. photo.)

Star Gazers From All Over the World have glimpsed the Heavens from the Mount Wilson Observatory in the mountains above Altadena. Because of climatic conditions, the Mount Wilson Observatory is a favorite rendezvous for astronomers. (A. P. photo.)

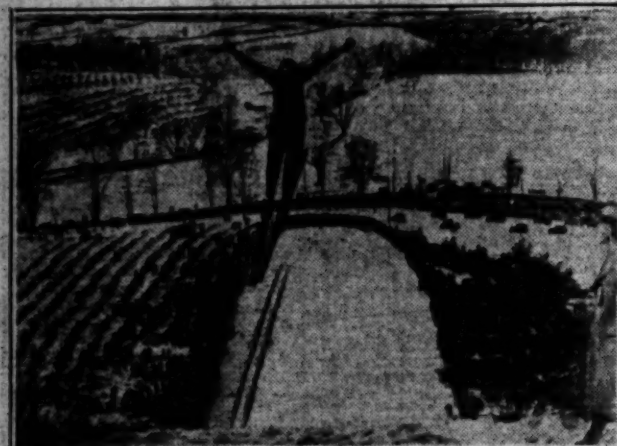

Norway's Crown Prince and His Fiancee, Princess Martha of Sweden, are presented above in the most recent photo taken of them. Prince Olaf is one of the handsomest members of European royalty, and the Princess is considered a royal beauty. (P. & A. photo.)

January 18 Dropped Right Out of the Calendar for the round-the-world travelers aboard the liner Belgenland. Incidentally, Miss Nina Goldbin missed a birthday and was forced to serve her cake on January 17. Here she is with Chef Serries and the cake. (P. & A. photo.)

The Two Beautiful Elder Daughters of the late Marshal Haig are caught by the camera in artistic pose above. The girls both follow their father's love of horses and the chase and are among England's finest horsewomen. They are Lady Alexandra and Lady Victoria. (P. & A. photo.)

Getting Both Altitude and Distance—Carl Stenseth, Eastern States ski champion, was the first jumper to take off from the new ski jump at Schunnemunk Mountain near Salisbury Mills, N. Y. Stenseth made a leap of 100 feet on this try. (P. & A. photo.)

HIGH LIGHTS IN HISTORY 1259

The Story of the World War XXIX—The Battle of Tannenberg.

by J. CARROLL MANSFIELD

THE UNLOOKED-FOR INVASION OF EAST PRUSSIA BY TWO RUSSIAN ARMIES IN AUGUST, 1914, UPSET THE PLANS OF THE GERMAN WAR LEADERS, WHO HAD INTENDED TO IGNORE RUSSIA UNTIL THEY HAD CRUSHED FRANCE. NOW THE TEUTONS WERE OBLIGED TO LOOK TO THE EAST AND CONFRONT A POWERFUL INVADER ON THEIR OWN SOIL.

THE GERMAN HIGH COMMAND SENT GENERAL VON HINDENBURG, ONE OF GERMANY'S ABLEST COMMANDERS, WITH AN ARMY TO OPPOSE THE RUSSIANS. TO SUPPORT VON HINDENBURG TWO ARMY CORPS (FOUR DIVISIONS) WERE RECALLED FROM FRANCE AND SENT (UNDER GEN. LUDENDORFF) TO THE EASTERN FRONT.

HOWEVER, BEFORE THESE SUPPORTS REACHED THE FIRING LINE, THE MASTERLY STRATEGY OF VON HINDENBURG HAD OUTWITTED THE RUSSIANS. ONE INVADING ARMY WAS TURNED BACK WHEN IT HAD COME ALMOST WITHIN STRIKING DISTANCE OF KONIGSBURG.

THE SECOND RUSSIAN ARMY, UNDER GEN. SAMSONOV, WAS TRAPPED IN THE FOREST OF THE MASURIAN LAKES AND IN THE COURSE OF THE BATTLE OF TANNENBERG (AUG. 26-31), THE RUSSIANS WERE COMPLETELY DESTROYED IN THE COURSE OF TAKING 80,000 PRISONERS. THE REMAINDER OF THE ARMY WAS FORCED TO RETIRE AND BECAME THE IDOL OF THE GERMAN PEOPLE.

DAY MORNING.

CLASS LEADERS ENTER CONTEST

Oratorical Honors Attract
Outstanding Students

Two Chaffey Union Girls
Cited as Examples

Nichols Highly Pleased With
Nevada Interest

Indicative of the spirit of leadership underlying the enthusiasm over the Sixth National and Fourth International Oratorical Contest on the Constitution is the fact that in practically all secondary schools that have entered leaders of the student bodies are contestants. A splendid example of this fact is found at Chaffey Union High School of Ontario, where Margaret Pyle and Betty Hill are preparing orations. The former is a member of the school debating team, assistant art editor of the Post, won second place in the annual Podrasnik contest, is president of the Girl Reserve Organization, and a member of the Lincoln Debating Society.

No matter how much there is to be done in connection with school activities there is certainly the demand for us to do our bit on the oratorical contest," said Miss Pyle yesterday.

HEAD YELL LEADER
Miss Hill filled the position of head yell leader during the last semester, is also a member of the Tattler staff, is a member of most of the student organizations and has a part in the senior play this year. "If training as a yell leader will help any I hope to go strong in the oratorical contest," she said with a happy smile. "And you know that while peace makes selection win first place they certainly do their bit in the race, and that is the way I feel about entering the contest," she added.

Prof. Alan Nichols, contest director for the Pacific Southwest, returned yesterday from Reno, Nev., highly enthused over the completeness of the organization plans for Nevada, which were effected at the conference in Reno.

NEVADA FINALS
"The Nevada State finals are to be held at the University of Nevada, Reno, April 28, and will be presided over by Dr. Walter E. Clark, president of the university, with the justices of the Supreme Court of Nevada acting as judges," said Prof. Nichols.

"Prof. Robert S. Griffin, head of the department of oratory of the University of Nevada, has been appointed State director for the contest and the location of district finals have been definitely decided upon as follows: District 44, Carson City High School; District 45, Goldfield High School; District 50, Winnemucca High School; District 51, Elko High School; District 52, Las Vegas High School, and District 53, Ely High School. The State was never better organized and in addition to the free trip for the winner to Los Angeles offered by the Nevada State Journal, it is highly probable that the Nevada State Bar Association will offer a prize, as a meeting is to be held the 15th inst., at which the association will be addressed by Prof. Griffin regarding the contest."

The American Legion of Orange has posted a prize of \$15 and the Orange News a second prize of \$10 for the local contest, according to the Orange High School. Ross L. Taylor, in charge of the contest, states that there will be eighty entrants who will submit essays and that members of the advanced speech class have entered 100 per cent.

**Judge Frees
Husband From
Cussing Wife**

If a wife doesn't cook her husband's breakfast it isn't cruelty.

If, however, the wife lays abed until 2 and 3 o'clock in the afternoon, smokes two packages of cigarettes a day and swears at her husband when he remonstrates with her, this is cruelty.

This is the belief of Superior Judge Bogue, who yesterday granted Melvin A. Bliss, 21 years of age, a divorce from Evelyn G. Bliss.

Bliss testified that they were married last year at Tia Juana and lived together three months.

**LIGHTING PROTESTS
DENIED BY COUNCIL**

Protests on the ordinance of intention for the installation of new lighting appliances on Main street between First and Ninth streets were denied yesterday by the City Council, and the final ordinance is expected to be presented within a few days. The Council continued to March 1 the hearing of protests against the ordinance of intention for the improvement of Ashmore Place between Marsden street and Paul Terrace and of Erie street between Reddendale avenue and a point 270 feet east.

STUDENT PLAY TONIGHT
"The Servant in the House," a five-act play by Charles Rain Kennedy, will be presented by a student cast of the University of Southern California at 8 p.m. today in Touchstone Theatre on the campus. Miss Doris Crook-Johnson, a graduate student in the school of speech, is directing the play.

Charles Wright has the leading male role and Fay Keyers and Helen Fargellis have the feminine leads. Others in the cast include Fred Philmer, William Miller, Melvin Cyron, Thomas Graham and B. I. Kauffman.

AIRPLANE CARRIES HER ON HONEYMOON

Mrs. Clarence B. Conlin

LOS ANGELES COUPLE WED IN PHOENIX

Cora Helen Buettcher and
C. B. Conlin Use Plane for
Trip to New Orleans

Miss Cora Helen Buettcher, society girl of Los Angeles, and Clarence B. Conlin, well-known attorney, were married at noon yesterday in St. John's Episcopal Church at Phoenix, Ariz., according to new reports reaching their friends here.

Returning the favor of Miss Buettcher, who was maid of honor at the wedding of Mr. and Mrs. Sherwood Kinney of Los Angeles, Mr. and Mrs. Kinney acted as best man and bridesmaid at the Conlin-Buettcher wedding.

Following the ceremonies at the church, Mr. and Mrs. Conlin left Phoenix by airplane for New Orleans, having chartered the plane for the trip. After the honeymoon at New Orleans and Havana, Mr. and Mrs. Conlin will be at home to their friends at 1416 Kings Road.

Shrine Warns on Solicitors

Warning merchants and other citizens of Los Angeles that the shrine convention committee has authorized no solicitation for special funds, souvenir programs or special editions of small publications, LeRoy M. Edwards, director of the Shrine conclave, last night announced that all funds for the convention and the Coliseum features in June will be raised entirely by the sale of tickets.

Sale of season tickets, costing \$5.50 and bearing the privilege of being transferred to any member of the purchaser's family, will go on sale next Friday. These tickets will be good for reserved seats at all of the Shrine convention Coliseum events.

New Gymnasium Policy Adopted

Male directors for men's groups to gymnasium classes and women directors for gymnasium classes of women in Los Angeles playgrounds was the policy adopted by the Playground and Recreation Commission yesterday.

The rule was adopted at the request of Supt. H. J. H. following receipt of a petition from a group of thirty-nine women at the Exposition Park playground that Ralph Borell, chief instructor, continue to direct their gymnasium activities because of their belief that no woman director could do so well.

WRITING CONDUCTED FOR AUTO MISHAP VICTIM

Funeral services for Mrs. Eva Gwin were conducted yesterday at Brees Brothers' mortuary. Mrs. Gwin's death was the result of an automobile accident in Pasadena on January 29, in which her husband, Dr. Walter R. Gwin, was seriously injured and his mother, Mrs. Permillia J. Gwin, was killed. Mrs. Gwin leaves her husband, who is a retired dentist residing at 1818 1/2 Argyle avenue, and a daughter, Miss Rae Gwin. Inheritance of both wife and mother was in Hollywood Mausoleum on Santa Monica Boulevard.

ORDER ON ROADWAY REVISED BY COUNCIL

Previous instructions to the City Engineer in regard to the width of the roadway in connection with the improvement of Washington street between Alameda and Figueroa streets were rescinded yesterday by the City Council, on recommendation of its Public Works Committee. The former instructions provided for a seventy-five-foot roadway and the revision specified by the Council yesterday is that the roadway on the portion of Washington street between Alameda and San Pedro streets should be eighty feet in width, with ten-foot sidewalks.

GASOLINE PRICE QUIZ LAUNCHED

Information Sought by
Federal Attorney

Combination Assorted to
Crush Independents

Complain's Made Against
Major Companies

Government investigation into an asserted combination by large Southern California oil companies to crush independent gasoline stations by creating a price war on gasoline has been started by the government, it was admitted yesterday by John H. Amen, special assistant to the United States Attorney-General.

It is charged by H. R. West, president of the Independent Super Station Association, that because of the "gas war," sixty-two independent gasoline stations already have failed. The assertedly forced drop in gasoline prices during the past two months has caused a decline from 18 and 19 cents a gallon to 14 cents in some instances. It was admitted by Federal investigators that complaints have been made to them that the larger companies agreed with the independent oil companies that the latter should maintain a 14-cent-a-gallon minimum price to the dealers and that the large companies take up all surplus gasoline at 13 cents a gallon.

It was stated by Mr. Amen that he has received complaints against the Standard Oil Company of California, the Union Oil Company of California, the Texaco Company and the General Petroleum Corporation of California, the Shell Oil Company and the Richfield Oil Company of California. He said that if he is given sufficient evidence for the purpose he will lay the case before United States Attorney McNabb.

It was announced by President West that an open meeting of independent dealers will be held Monday night at 856 Figueroa street to formulate charges and obtain additional evidence.

INVESTIGATION ASKED BY TRADE COMMISSION

SAN FRANCISCO, Feb. 7. (Exclusive)—Joseph L. Bury, secretary of the Retail Service Station Owners Association, announced today that that organization forwarded a request to the Federal Trade Commission at Washington for an investigation of the price-cutting situation in the West district. Bury said the action was taken without knowledge of the reported inquiry by the United States Attorney-General's office, announced in Los Angeles dispatches.

This price war is ended in the East Bay District, it was said, a survey showing that all except eight of 510 service stations and garages there have returned to a price of 21 cents per gallon.

POWER MEN FROM BUTTE VISIT HERE

J. C. Ryan and Frank Kerr
Stop Over on Way North
from Coronado

J. C. Ryan and Frank Kerr, vice-presidents of the Montana Power Company, accompanied by their wives, arrived here yesterday on Mr. Ryan's private car from Coronado, en route to the Ryan home in Butte, Mont. They will stop at the Billmore several days before proceeding to the Montana city.

Mr. Ryan, who is a son of John D. Ryan, president of the Anaconda Copper Company, reported that the Montana Power Company is building a new power dam at Great Falls which will add 20,000 kilowatts to the company's production of 245,000 kilowatts.

"Because of the high price of copper both Butte and Great Falls are teeming with activity and general prosperity prevails," Mr. Ryan said. "Miners received an increase of 50 cents a day last October and another increase of 25 cents a day last week. The increased pay rolls have greatly stimulated business in all lines."

SALESWOMAN SUES FOR HER COMMISSION

Louise Bartlett worked three days to sell a \$30,000 lot and asks \$500 a day for her work, according to her lawsuit against the East Lankershim Syndicate, now on trial before Superior Judge Bogue. Mrs. Bartlett in her complaint asserts the defendant company hired her as a saleswoman and that she spent three days selling a lot which brought \$30,000. She further asserts the company refused to pay her commission, amounting to \$1500. The defendant company denies refusing to pay Mrs. Bartlett, contending its method of paying employees was by the month.

DIVORCE LURKS IN CARD GAME

Wife Gets Decree Because Her
Husband Had Poor Hand
and Cursed Her

It is cruelty and grounds for a divorce when a husband swears at his wife when he draws a poor hand in a bridge game.

This was indicated when Superior Judge Eng granted a divorce yesterday to Ethel Thompson, separating her from Wilford Thompson.

Mrs. Thompson testified she and her husband were partners in a bridge game one night and when Thompson was dealt a poor array of cards he began to swear at her.

WAY TO BANISH FEAR DEPICTED

Christian Science Lecture Series Concluded

Richard J. Davis Speaks at Twenty-fifth Church

Dread of Anything Laid to Erroneous Thought

Richard J. Davis of Chicago, member of the board of lecturership of the mother church, the First Church of Christ, Scientist, Boston, concluded his lecture series in Los Angeles last evening in a lecture in the Twenty-fifth Church. Mr. Davis spoke in part as follows:

"The loving message of salvation from the belief and fear of failure is one of the most glorious blessings that exists for everyone in Christian Science. We recognize that the world is filled with men and women carrying within their hearts the consciousness of fear that they have not succeeded. Possibly they have started out well enough, but somewhere on the road they have run into difficulties. They have reached a point where they say within themselves: 'I can't. I don't know how. I am afraid. I am discouraged. I can't succeed. I am a failure.'"

CONFIDENCE NEEDED

"It is a well-known fact that no man ever accomplished anything worth while until he admitted his innate capacity to do it. Every great man must have claimed his ability before he could put it to the test. He knew he possessed the power to accomplish. Christian Science shows us how failure may be scientifically and spiritually overcome. It gives us a reason for the hope that is in us. It explains the true nature of God and His creation. Failure could never originate in or emanate from the divine mind. God never made a failure, could not make a failure, never knew a failure, because His universe, including man, is a complete success, finished and very good. 'Christian Science points out, too, that man often fails because they are weighed down with a great sense of personal responsibility. It is their business. The must never mind. But where is God in all this? Is there no application of spiritual thinking in business? In the case of the man carrying on his business solely through the efforts of human will and with the consciousness that he alone is personally responsible, one can easily imagine a time when he would find himself overwhelmed by wholly unsustained. But the man who turns gaily and unreservedly to divine Mind, the source of all intelligence, this man will not fail or fear. Christian Science declares that we may legitimately cast our burdens on the Lord.'"

WISDOM INFINITE

"Are you afraid to declare, 'I am a son of God'? Are you afraid to establish your relationship with your creator, the Father-Mother God? Christian Science shows us how to be spiritual thinkers. It shows us that since mind is infinite and man is the image or reflection of that mind, there is no limit or bound to one's ability to think, that we can now claim as ours, infinite intelligence, infinite wisdom, infinite understanding."

"Do you believe it to be presumptuous to claim that you reflect infinite intelligence? My friends, you need have no fear on that score! The very immutable character of mind indicates its unlimited nature. You may claim all there is and there will still be enough for the rest of us, all this because mind is one and infinite."

"No Pharaoh of Egypt held the children of Israel in greater bondage than today is exercised by us, mainly by the task-master fear. Men are afraid to eat, and afraid not to eat. If business is good, they are afraid it will be bad, and if it is bad, they are afraid it will be worse. What is this tyrant, fear? Has the all-loving Creator of the universe put into the heart of man these thoughts of timidity, apprehension, and misgiving? No, not one of them. 'For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.'"

"The world is coming to see how available are the teachings of Christian Science that God is Love and the only mind governing man. Now this understanding enables us to recognize and cast our fear. It shows us that fear comes into thought primarily as a temptation to acknowledge and bow down before a power other than the one God."

RESISTANCE URGED

"Discouraged and disheartened in the struggle with life's problems, it would seem as though one's ability to cope with difficulties and to resist them had so weakened, that at the very first onslaught of the enemy he gave up without an effort. We are told in the scriptures that if we resist the devil, evil, he will flee from us. Christian Science, in its teachings that all is mind and its infinite manifestation, shows us that fear always makes its appearance as our thinking, as some kind of thought. The realization that all true thoughts have their origin in God enables us to separate these fear thoughts from ourselves and from the divine mind, to see them only as illusions, as 'false beliefs without basis or cause in truth. This perception that fear and erroneous beliefs are not real nor of God, gives men courage and power to meet and resist all difficulties. The way of deliverance from error for everyone is a way of correct and right thinking. We all possess the power to think divinely, to have spiritual and holy thoughts, whether we have exercised that power or not."

SANDWICH SHOP TO OPEN ON HILL STREET

Sandwich eating has grown so great in downtown Los Angeles, that David Fink, who operates a restaurant at 621 South Spring street, yesterday took over the Park Buffet at 617 South Hill street. It will be conducted hereafter as Fink's Sandwich Shop No. 2, and will be opened by the new management next Monday.

LITTLE DOG SAVES SMALL BOY

Pet Calls Help When Fire Perils Master

Queenie and Richard (P. & A. photo)

WHEN Queenie, a Spitz terrier belonging to Mr. and Mrs. J. F. Heinrich, 600 West Palm Drive, Glendale, saved her mistress by the skin and set up a loud barking yesterday, she received a mild slap for her playfulness. Mrs. Heinrich was busy with her kitchen and had no time to bother with dogs.

Queenie, however, wouldn't take no for an answer. Once again she grabbed her mistress' skirt with her teeth and began barking toward a door which led into the next room. Realizing that the dog's action was unusual, Mrs. Heinrich followed and discovered what it was all about.

In the living-room she found her 3-year-old son Richard, holding a burning towel from which his clothing already had become ignited. The towel had caught fire from an open gas heater while he and the dog were playing on the floor. Snatching the child up, the mother ripped off his blazing dress and extinguished the flames. Only one finger was slightly burned.

Queenie had tried to call for help last evening.

Score Credited to Riesenfeld

Much of the success of the RCA Photophone feature picture, "Lucky Boy," which has its premiere at the Tower Theater the 18th inst., with George Jessel as the star, is credited to the musical score by Dr. Hugo Riesenfeld.

Dr. Riesenfeld is now under contract to United Artists' studio scoring "Eternal Love," which stars John Barrymore. Adolph Tandler is chief assistant to Riesenfeld.

Tiffany-Stahl studio and the Tower Theater are now completing elaborate plans for a brilliant premiere of "Lucky Boy." The cast will be present and the studio will send down sun arcs and power generators.

ALABAMAN HELD HERE IN INTERSTATE THEFT

Harry Linwood Barnes, accused of stealing a large quantity of cigarettes from a freight car, then in interstate transit, was arrested yesterday by police and is being held for the authorities at Birmingham, Ala., where the theft is said to have been committed. He is now in the City Jail, awaiting a hearing on removal to Alabama for trial.

GIBSON ON VACATION

Pending the preparation of his next story, "Points West," based on a novel by B. M. Bower, Universal's western star, "Hoot" Gibson has departed for his mountain cabin, accompanied by his director, Arthur Rosson. The latter directed Gibson in "The Winged Horseman."

Two of Pathé's leading players are appearing at other studios at the present time. Robert Armstrong has been loaned to Fox to portray a featured role in "From Hell Came a Lady," while Alan Hale is at Vitaphone at Warner Brothers in "The Sap."

ARMY MAY SEND CADETS WEST

War Department Acknowledges Council Invitation to West Point Man

The City Council has received an acknowledgment from Acting Secretary of War Robbins of the receipt by the War Department of the Council's resolution asking that the whole West Point cadet force be sent to the Pacific Coast when the institution's football team comes west to play the Stanford team. The resolution also asked that the cadet corps be sent to this city to afford the citizens an opportunity to see the cadets in review.

Acting Secretary Robbins informed the Council that the date of the game is so far in the future that it is impossible to arrive at a decision at present, but that the resolution will be given careful consideration.

FOUR TAKEN IN ROBBERY

FACE COURT

Suspects Identified by Child and Others in Case Enter Pleas of Guilty

As a direct result of a little girl's enthusiastic greeting of "Hello, uncle," during the robbery of a Belvedere store two months ago, four defendants were taken before Superior Judge Murray for trial on charges of robbery, forgery or receiving stolen property.

Edward Bleich, 26 years of age, of 2813 1/2 Trinity street, the asserted bandit who was called uncle by Dorothy Hoffman, pleaded guilty to charges of forgery of checks and robbery.

Phillip Bleich, a brother, also pleaded guilty to charges of forgery and robbery, while Ralph Bender, a co-defendant, pleaded guilty to a charge of robbery. Richard E. Bjeljeske, another co-defendant, pleaded guilty to a charge of receiving stolen property. All will be given a hearing on the 25th inst. on their probation applications.

Mrs. Clara Bleich, wife of Edward Bleich, pleaded not guilty to a charge of robbery and immediately went to trial.

The four defendants were arrested by Deputy Sheriff's Ayers, Lampkin, Scott and Adams a few hours after the Hoffman girl had spoken to her uncle during the robbery of a grocery store operated by Frank Smalley.

Bureau to Get Proceeds From Travel Lecture

Definite plans have just been completed by the Bureau of Vocational Service for realizing the long-cherished ambition of creating a research fund and educational endowment. Mrs. Willoughby Rodman, recently returned from a trip overseas, has always been interested in the work of the bureau and has consented to start the work by giving her first public lecture concerning her trip for this organization.

On Thursday, the 21st inst., at 8:30 p.m. she will speak at the Los Angeles Country Club on "Sixty Thousand Miles by Land and Sea," after which there will be a reception in her honor.

The lecture will be open to the public and reservations may be made at the following places: Bureau of Vocational Service, 426 South Spring street; Jones Book Store, 426 West Sixth street; The Platt Music Company, 332 South Broadway, and the Wright Stenographic Studio, 6282 Hollywood Boulevard.

DANES TO SEE FILM

Films of the Raebild Hills of Denmark, where the Stars and Stripes fly each Independence Day, will be shown tomorrow night at a meeting of local Danes in the Danish Auditorium, 1359 West Twenty-fourth street. Speeches, music and a film tour of Denmark will make up the program.

FINAL ORDINANCES ADOPTED

Final ordinances were adopted yesterday by the City Council for the improvement of Topanga Canyon avenue between Roscoe and Ventura boulevards and of Dillon street between Temple and Third streets.

EVEN FAME FAILS TO HELP

No Royal Road to Citizenship for Star

Ed Wynn, who has made a not too conspicuous movie debut in a Paramount picture two or three years ago.

M-G-M's Shortly Stars

No more enthusiastic maker of talking pictures than Metro-Goldwyn-Mayer can be found in the field, judging from the way that concern is signing up stage stars.

The company is making a number of talking and singing shorts just now in New York, with Yvette Rufig, Keller Sisters, Raymond Hitchcock and a number of Gilbert and Sullivan operetta singers starred.

COURT DEFENDS DEAD MAN

Second Inquest Ordered to Remove Onus Cast on Police Victim Mistaken as Burglar

For the purpose of removing any onus cast on the name of Gustave Lehman, shot two weeks ago by Police Officer Frank S. Jaynes as a burglar suspect, Presiding Judge Keetch of Superior Court yesterday ordered a new inquest into Lehman's death.

The order granting the inquest was issued on the request of Coroner Nance and Foreman Cooke of the grand jury, following complaints by neighbors of Lehman that the investigation of the man's death placed him in the role of a burglar suspect.

Lehman, who resided at 2721 South Mansfield avenue, was shot by Officer Jaynes the night of January 18 as Lehman emerged from an alleyway near 2646 South Marne

SANITY PLEA BEFORE JUDGE

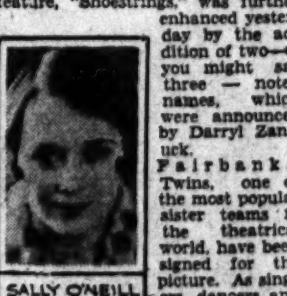

For the first time in the history of a Los Angeles county Superior Court a defendant in a criminal case went on trial yesterday on an insanity defense without the services of a jury.

The defendant in the case is Edward F. Shetler, who was convicted yesterday in Judge Fricke's court of two counts of robbery, one

BIG NAMES SIGNED BY WARNERS

Lasky Puts Noted Actor-Playwright Under Contract; Ed Wynn, George White, Play in Universal Film; Dorothy Burgess is in Walsh Fox Picture

BY GRACE KINGSLEY

SALLY O'NEILL

The glory of the who's who cast of Warner Brothers' Vitaphone feature, "Shoestrings," was further enhanced yesterday by the addition of two-or you might say three - noted names, which were announced by Darryl Zanuck.

Fairbanks, one of the most popular star teams in the theatrical world, have been signed for the picture. As singers, dancers and harmonizers these two dainty misses are generally conceded to have no serious rivals. Up to this time they have not been lured away from their beloved Broadway.

Sally O'Neill is the other name announced by Zanuck. Sally, as you remember, is just completing a personal appearance at Fanchon and Marco, and Robert Lloyd, who is writing "Shoestrings," will have her featured role ready for her when she returns.

The imposing cast now includes Louise Cassell, Joe E. Brown, John Davidson, Arthur Lake, William Bakewell, Carlotta King, Sam Hardy and others. Alan Cressland is directing.

BROADWAY NOTABLE

SIGNS WITH LASKY

With the view of his ultimately becoming a director of talking pictures, Walton Butterfield, Broadway actor, dramatist and stage director, has been placed under contract by the Paramount-Famous-Lasky Corporation, according to an announcement by B. P. Schulberg.

Butterfield, who arrived in Hollywood from the East yesterday, is the third Broadway stage artist to come to the Paramount west coast studios within the last few months for the express purpose of studying every phase of the new art of dialogue pictures with directing as his goal. Robert Milton and John Cromwell were the other two.

It was while he was playing in New York in "One Way Street" that Butterfield received the call to come to the Paramount studios in Hollywood. He had previously dramatized several motion pictures for the stage, including "Manhattan," "Flaming Youth" and "The Canary Murder Case," the last named of which is to be produced in Boston in March.

Butterfield has had wide experience in New York, playing in five Theater Guild productions, including "Ellen," "Saint John," and "Gynt," and he also has appeared opposite such stars as Ma. Fluke, Ethel Barrymore and Bertha Kalich.

actor-playwright is a Harvard man and has to his credit a number of plays, short stories and dramatic criticisms for the Brooklyn Daily Eagle.

Ed Wynn With Universal

At last Ed Wynn is to be lured back into the movies. According to word received yesterday, Wynn is to be starred by Universal in "Manhattan Mary," the rights to which George White has sold to Universal.

White likewise is to appear in the picture, and he is reported to be likely that Lou Holtz will play the role in the picture in which he appeared in the stage version.

Wynn made a not too conspicuous movie debut in a Paramount picture two or three years ago.

M-G-M's Shortly Stars

No more enthusiastic maker of talking pictures than Metro-Goldwyn-Mayer can be found in the field, judging from the way that concern is signing up stage stars.

The company is making a number of talking and singing shorts just now in New York, with Yvette Rufig, Keller Sisters, Raymond Hitchcock and a number of Gilbert and Sullivan operetta singers starred.

Chester Morris in "Crime"

Having made a huge hit in New York in the leading role in "Crime," it is likely, we learn, that this brilliant young actor, member of the noted family of actors, will play the same role on the stage when the

play is produced at a local theater here.

Chester Morris at present is playing the feature made role in United Artists' "Alibi," formerly called "The Night Stick." United Artists have an option on his services, and it is likely that he will remain in the West. It was while Morris was appearing in "Crime" in New York that Joe Schenck saw him and decided that no one else could so well play the part in "Alibi."

Dorothy Burgess With Walsh

While there has been no definite assignment as yet, it is quite certain, we hear, that Dorothy Burgess will play the leading role in Raoul Walsh's next Fox picture, "The Clock-Work World," sequel to "What Price Glory," in which Eddie Lowe and Victor McLaglen will be featured.

Walsh is hard at work on his story, and expects to go to work on the production within a few weeks.

Seitz Will Direct Fear Story

It has at last come to light what George B. Seitz will do for Fox Films. He is to direct a talking version of "Capt. Smoke," adapted from Paul Dickie's stage play of that name.

The locale is one not heretofore, I believe, used in pictures, i.e., New York. The story is a psychological study in fear.

Seitz has directed a number of successes, including "The Blood Ship" and "The Vanishing American."

Artists in "Disraeli"

Probably George Arliss, who played "Disraeli" for many years on the stage, is just as tired as he can be of that drama. Nevertheless, we understand that, if nothing happens to prevent, he will speak the good old lines in a Vitaphone production of the play to be made by Warner Brothers.

Vietel's First for Fox

Berthold Viertel, friend and theatrical coworker with Max Reinhardt in Vienna, who was lately signed by Fox, is to make his first picture for that concern a picture to be called "The One-Woman Idea."

The story has a Far East background, and in it Marceline Day is to have a double role, playing that of two half-sisters, one a half-caste Persian.

No leading man has been chosen as yet.

Or, one should say, no leading men, since there are two almost equally important male roles in the story.

Noah Beery in It

A busier actor than Noah Beery has a harder time finding and hasn't played on the First National lot for about two years.

Yesterday, however, he was signed by that concern to play a featured role with Billie Dove in "Careers," which John Francis Dillon will direct, and which is to be a talker.

Beery spent all the early years of his career on the stage, and his splendidly trained voice is said to register especially well in talking pictures.

Ralph Graves With Columbia

That versatile young man, Ralph Graves, who fits from acting to directing and back again just like nothing, you might say, has left off directing once more and has signed to play a new western, "Cowboy," which will take the lead opposite Ruth Clifford in "Somewhere in Argentina," which John D. McCarthy will direct.

WYLER MAKES GOOD

William Wyler is supervising the final cutting of "The Shakedown," which he directed for Universal in a talking picture. Wyler who is best remembered for his direction of "Has Anybody Here Seen Kelly?" is to be assigned to direct one of Universal's feminine stars as his next task.

Ethelene Clair, Pretty Pathe Player

who is essaying the title role in "Queen of the North Woods," current Pathe serial, is an indefatigable young woman. Although two directors and two complete crews are at work on this production, Miss Clair is keeping up with the production pace without a sign of weakening.

COURT DEFENDS DEAD MAN

Second Inquest Ordered to Remove Onus Cast on Police Victim Mistaken as Burglar

For the purpose of removing any onus cast on the name of Gustave Lehman, shot two weeks ago by Police Officer Frank S. Jaynes as a burglar suspect, Presiding Judge Keetch of Superior Court yesterday ordered a new inquest into Lehman's death.

The order granting the inquest was issued on the request of Coroner Nance and Foreman Cooke of the grand jury, following complaints by neighbors of Lehman that the investigation of the man's death placed him in the role of a burglar suspect.
